Sea Stallion:

The Shamanic Themes in Chechen Folktales Michael Berman, 2009-03-26 All intellectuals driven by nationalist sentiments directly or indirectly are always preoccupied with searching for the most ancient roots of their budding nations in order to ground their compatriots in particular soil and to make them more indigenous Znamenski 2007 p 28 In Chechnya as in the neighbouring countries of Georgia and Armenia these roots lie in shamanism and the stories in this collection clearly show this to be the case The history of the Nokhchii the name the Chechens have given themselves and their land is filled with rich and colourful stories which have survived for thousands of years through oral traditions that have been passed down generation by generation through clan elders However legends have blended with actual events so that the true history is difficult to write The 1994 1996 war destroyed most of Chechnya's treasured archaeological and historical sites though fortunately ancient burial sites architectural monuments and several prehistoric cave petroglyphs still remain in the mountains These valuable relics coupled with the histories and stories of the elders provide the people with virtually the only remaining evidence of who their ancient ancestors were This book contains both the texts of some of the tales and commentaries on them focusing in particular on their shamanic elements

U.S. Marines In Afghanistan, 2001-2002: From The Sea Colonel Nathan S. Lowrey, 2015-11-06 Includes more than 100 maps plans and illustrations This monograph is more than the story of Marine expeditionary operations in Afghanistan It describes who our nation's enemies are how America became involved in the Global War on Terrorism and how the Marine Corps struggled to acquire a major role in Operation Enduring Freedom as well as the actions of Marines and sailors who helped prosecute the air and ground campaigns against Taliban and al Qaeda forces Dr Charles P Neimeyer Director of Marine Corps History **Angels from the Sea** Charles Richard Smith, 1995 How did a scrawny black kid the son of a barber and a domestic who grew up in Harlem and Trenton become the 106th mayor of New York City It's a remarkable journey David Norman Dinkins was born in 1927 joined the Marine Corps in the waning days of World War II went to Howard University on the G I Bill graduated cum laude with a degree in mathematics in 1950 and married Joyce Burrows whose

father Daniel Burrows had been a state assemblyman well versed in the workings of New York's political machine. It was his father-in-law who suggested the young mathematician might make an even better politician once he also got his law degree. The political career of David Dinkins is set against the backdrop of the rising influence of a broader demographic in New York politics including far greater segments of the city's gorgeous mosaic. After a brief stint as a New York assemblyman, Dinkins was nominated as a deputy mayor by Abe Beame in 1973 but ultimately declined because he had not filed his income tax returns on time. Down but not out, he pursued his dedication to public service first by serving as city clerk. In 1986 Dinkins was elected Manhattan borough president and in 1989 he defeated Ed Koch and Rudy Giuliani to become mayor of New York City, the largest American city to elect an African American mayor. As the newly elected mayor of a city in which crime had risen precipitously in the years prior to his taking office, Dinkins vowed to attack the problems and not the victims. Despite facing a budget deficit, he hired thousands of police officers more than any other mayoral administration in the twentieth century and launched the Safe Streets Safe City program which fundamentally changed how police fought crime. For the first time in decades, crime rates began to fall, a trend that continues to this day. Among his other major successes, Mayor Dinkins brokered a deal that kept the US Open Tennis Championships in New York, bringing hundreds of millions of dollars to the city annually and launched the revitalization of Times Square after decades of decay, all the while deflecting criticism and some outright racism with a seemingly unflappable demeanor. Criticized by some for his handling of the Crown Heights riots in 1991, Dinkins describes in these pages a very different version of events. *A Mayor's Life* is a revealing look at a devoted public servant and a New Yorker in love with his city who led that city during tumultuous times.
