Globalisation and Governance in the Pacific Islands Stewart Firth, 2006-12-01 The Pacific Islands are feeling the effects of globalisation Free trade in sugar and garments is threatening two of Fiji's key industries At the same time other opportunities are emerging Labour migration is growing in importance and Pacific governments are calling for more access to Australia's labour market Fiji has joined Samoa Tonga Tuvalu and Kiribati as a remittance economy with thousands of its citizens working overseas Meantime Papua New Guinea and Solomon Islands grapple with an older kind of globalisation in which overseas companies exploit mineral and forest resources The Pacific Islands confront unique problems of governance in this era of globalisation The modern democratic state often fits awkwardly with traditional ways of doing politics in that part of the world Just as often politicians in the Pacific exploit tradition or invent it to serve modern political purposes The contributors to this volume examine Pacific globalisation and governance from a wide range of perspectives They come from Papua New Guinea Solomon Islands Hawaii the Federated States of Micronesia Samoa Fiji New Zealand and Jamaica as well as Australia Publisher's description

Robert Louis Stevenson's Pacific Impressions Carla Manfredi, 2018-11-11 This book tackles photography's role during Robert Louis Stevenson's travels throughout the Pacific Island region and is the first study of his family's previously unpublished photographs Cutting across disciplinary boundaries the book integrates photographs with letters non-fiction and poetry and includes much unpublished material The original readings of photographs and non-fiction highlight Stevenson's engagement with colonial ideology and reality and advance new arguments about Victorian travel settlement and colonialisms in the Pacific Like the Stevensons the book moves from the Marquesas to the atolls of the Gilbert Islands in Micronesia from the Kingdom of Hawaii's political ambitions to Samoan plantations and the Stevensons' settlement at Vailima Central to this study is the notion that Pacific history and Pacific Island cultures matter to the interpretation of Stevenson's work and a rigorous historical and cultural contextualization ensures that local details structure literary and photographic interpretation The book's historical grounding is key to its insightful conclusions regarding travel settlement photography and colonialism

Maritime Men of the Asia-Pacific Diane Kirkby, 2022-09-15
Winner of the Australia and New Zealand Law and History Society ANZLHS Prize for 2023 Maritime workers occupy a central place in global labour history This new and compelling account from Australia shows seafaring and waterside unions engaged in a shared history of activism for legally regulated wages and safe liveable conditions for all who go to sea

Maritime Men of the Asia Pacific provides a corrective to studies which overlook this region's significance as a provider of the world's maritime labour force and where unions have a rich history of reaching across their differences to forge connections in solidarity. From the militant young Australian Harry Bridges whose progressive unionism transformed the San Francisco waterfront to Australia's successful implementation of the Maritime Labour Convention 2006 this is a story of vision and leadership on the international stage. Unionists who saw themselves as internationalists were also operating within a national and imperial framework where conflicting interests and differences of race and ideology had to be overcome. Union activists in India, China and Japan struggled against indentured labour and coolie standards. They linked with their fellow unionists in pursuing an ideal of international labour rights against the power of shipowners and anti union governments. This is a complex story of endurance, cooperation and conflict and its empowering legacy.
