For readers of Jennifer Ackerman and Ed Yong environmental journalist Alix Morris recounts the year she spent following seals investigating their fascinating behaviour the effects of their extraordinary return from near extinction and how we can try to bring nature back into balance It might be their large strangely human eyes or their dog like playfulness but seals have long captured people s interest and affection making them the perfect candidate for an environmental cause as well as the subject of decades of study Alix Morris spends a year with these magnetic creatures and brings them to life on the page season by season as she learns about their intelligence their relationships with each other their ecosystems and the changing climate Along with the enigmatic seals themselves Morris gets to know all of the competing interests in the intense debate about the newly recovered seal populations in our coastal waters from local fisherman whose catch is often diminished by savvy seals to tribes who once relied on seal hunting for food clothing and medicine to seal rescue workers and biologists to surfers and swimmers now encountering seal hunting sharks in coastal waters In a world where wildlife populations are disappearing at an alarming rate A Year with the Seals is a rare look at what happens when conservation efforts actually work and how human tampering with ecosystems continues to have unexpected consequences for a wide variety of species humans included **Proceedings** Paris (France). at your mother you are looking at the purest love available in the material realm This is love at first sight from the moment you open your eyes Of all the gifts that life has to offer a loving mother is the best one A mother's love is a treasure lying deep in the core of our hearts and we know It will always be there to comfort us Someone has rightly said A mother's love begins before the child is born and lasts through time and difficulties and differences and many wounds and days of joy and days of sorrow winding wearing weeping sharing changing until at the end what remains is that solid core that began as love before the child was born
