Search for Faith and Justice in the Twentieth Century Gene James, 1987 Search for Faith and Justice in the Twentieth Century Gene James, 1999-03-25 *Religion and Social Justice* S. Thakur, 1996-10-04 This book is a philosophical examination of the relationship between religion and social justice Its main thesis is that since the primary purpose of religion is the moral and spiritual transformation of human nature it ought not to be construed as a direct instrument of social justice on earth as it is by Liberation theologians for example as well as by many liberal Christians and Jews Indirectly however religion may well be a pre condition of social justice For it can be argued that without the counteracting effects of the moral and spiritual values prescribed by religion the liberal vision of individual rights and social justice may be self defeating Humanity is best served if this liberal vision is counterbalanced by the completely contrary utopia enshrined in the biblical idea of the kingdom of God and its equivalents in the other great religions of the world The Wiley-Blackwell Companion to Religion and Social Justice Michael D. Palmer, Stanley M. Burgess, 2020-04-13 The Wiley Blackwell Companion to Religion and Social Justice brings together a team of distinguished scholars to provide a comprehensive and comparative account of social justice in the major religious traditions The first publication to offer a comparative study of social justice for each of the major world religions exploring viewpoints within Christianity Islam Judaism Hinduism Buddhism and Confucianism Offers a unique and enlightening volume for those studying religion and social justice a crucially important subject within the history of religion and a significant area of academic study in the field Brings together the beliefs of individual traditions in a comprehensive explanatory and informative style All essays are newly commissioned and written by eminent scholars in the field Benefits from a distinctive four part organization with sections on major religions religious movements and themes indigenous people and issues of social justice from colonialism to civil rights and AIDS through to environmental concerns **The Cumulative Book Index** , 1989 A world list of books in the English language *Searching for Truth, Justice, and the American Way* Corbin Fowler, 2008-07 An insightful look at today s issues Corbin Fowler presents essays and letters that address classical philosophy as well as current events It s an accessible and highly interesting viewpoint of life in America today An accessible discourse on philosophy **The Justice Project (ēmerision: Emergent Village resources for communities of faith)** Brian McLaren, Elisa Padilla, Ashley Bunting Seeber, 2009-09-01 Justice and the call for change are in the air Whether it s extreme poverty human rights racism or the Middle East news outlets bombard us with stories about the need for justice in the world But how are Christians to respond to these stories and the conditions to which they refer Here s help Editors Brian McLaren Elisa Padilla and Ashley Bunting Seeber have amassed a collection of over 30 brief chapters by some of the most penetrating thinkers in the justice conversation including Ren Padilla Peggy Campolo Will and Lisa Samson Sylvia Keesmaat Bart Campolo Lynne Hybels Tony Jones and Richard Twiss Divided into sections God of Justice Book of Justice Justice in the USA Just World and Just Church The Justice Project invites readers to

The Role of Religion in Struggles for Global Justice Peter J. Smith, Katharina Glaab, Claudia Baumgart-Ochse, Elizabeth Smythe, 2019-10-23 Struggles for global justice are being fought by civil society groups across the globe addressing global inequalities challenging neoliberal market driven globalization and demanding to remedy its negative implications This book examines the roles religious communities and organizations in particular play in the struggles for global justice roles too often ignored by scholars of the Global Justice Movement GJM It has two central themes the role religion and religious actors play in global justice struggles and the idea that justice is a contested concept among both religious and secular actors which requires some sort of faith from its proponents These chapters transcend simplistic either or binaries highlighting the difficulties of clearly distinguishing between religious and secular progressive and conservative or rational and irrational motives and norms in struggles for justice Challenging the secularization paradigm that marginalizes the role religious actors play in public life these chapters show how these actors engage with a broad range of justice issues how deeply contested justice is and how its meaning may vary and change among religious actors as a result of the social or political context within which an injustice is encountered The chapters originally published as a special issue in *Globalizations*

Religion and Social Justice For Immigrants Pierrette Hondagneu-Sotelo, 2006-10-18 Religion has jumped into the sphere of global and domestic politics in ways that few would have imagined a century ago Some expected that religion would die as modernity flourished Instead it now stares at us almost daily from the front pages of newspapers and television broadcasts Although it is usually stories about the Christian Right or conservative Islam that grab headlines there are many religious activists of other political persuasions that are working quietly for social justice This book examines how religious immigrants and religious activists are working for equitable treatment for immigrants in the United States The essays in this book analyze the different ways in which organized religion provides immigrants with an arena for mobilization civic participation and solidarity Contributors explore topics including how non Western religious groups such as the Vietnamese Caodai are striving for community recognition and addressing problems such as racism economic issues and the politics of diaspora how interfaith groups organize religious people into immigrant civil rights activists at the U S Mexican border and how Catholic groups advocate governmental legislation and policies on behalf of refugees

Faith Communities and the Fight for Racial Justice Robert Wuthnow, 2023-11-14 The work for racial justice

in the U S in the decades after the high water mark of the Civil Rights movement is a significant yet too often neglected chapter of American religious history a chapter overshadowed to a great extent by the Religious Right which has gotten much more scholarly attention For decades little known faith leaders across the U S did what they could to create fair and affordable housing contribute to community development advocate for affirmative action protest racial profiling and mobilize voter registration Many of these leaders were affiliated with mainstream majority White Protestant denominations Black denominations Roman Catholic groups and Jewish organizations Many of the Protestants were African Methodist Episcopal Baptist Lutheran Methodist Presbyterian or United Church of Christ Some were Brethren Disciples of Christ Mennonites Moravians or Quakers The leaders often formed coalitions of faith based and nonsectarian organizations The focus of Wuthnow s new book will be on local unsung struggles for racial justice happening in response to local events led by local clergy and drawing on local networks This was advocacy work that wasn t covered by national or international news media and the achievements of these struggles were often small rather than sweeping and dramatic These struggles will be covered in a series of thematic chapters one chapter on concerted action by faith groups another chapter on affirmative action and busing a third on efforts to advocate for policy reform and for the end of racial profiling etc Wuthnow will discuss the systematic racism that these racial justice advocates confronted racism that s thoroughly ingrained in institutional structures and that has proven to be impervious to strategies that involve personal approaches to sensitizing hearts and minds to the evils of racism Wuthnow argues that this historical record provides lessons for contemporary racial justice warriors working either within or outside of faith communities Progressive religious groups have been most effective in supporting civil rights efforts whey they re focused on very specific tasks e g voting rights gerrymandering discrimination in hiring inequality on the job and lack of access to equal opportunity in education and when they organize strategically form coalitions use the right kinds of knowledge and expertise and adapt to new situations

Justice and Truth Shall Meet Albert Nolan, Mary O'Driscoll, 2024-08-01 This is a reprint of book originally published in the 1980s but its message is still as relevant today as it was when it was first published In this book two Dominicans Albert Nolan OP and Mary O Driscoll OP write on biblical and theological themes of justice and truth from a Dominican perspective On truth Mary O Driscoll writes that it is evident that when we look at Dominic or Catherine or any of our great Dominican brothers and sisters all of these responded to truth not merely with their intellects but with their whole beings and that the greatest Dominicans have always been those who have combined the pursuit of speculative truth with that of existential truth who have known how to maintain these two dimensions of the search for truth not in conflict but as complementing one another While on justice Albert Nolan writes that justice is first and foremost an attribute of God God is just not only because God is fair and honest in all of God's dealings with human beings but also because all God's activity is a matter of putting right what is wrong in the world and all God's laws and commandments are simply demanding that justice be done In fact justice is the distinguishing characteristic of the God of the Bible Both authors were vocal critics of the apartheid regime What they wrote in the 1980s regarding race poverty injustice and inequality the fruit of many years of study and theological reflection remains of relevance for today
