Search For America:

Online Searching Karen Markey, 2023-02-07 Online Searching prepares students in library and information science programs to assist information seekers at all levels from university faculty to elementary school students Included in the third edition are interviews with librarians and other information professionals whose words of wisdom broaden graduate students perspectives regarding online searching in a variety of work settings serving different kinds of information seekers The book s chapters are organized according to the steps in the search process 1 Conducting a reference interview to determine what the seeker wants 2 Identifying sources that are likely to produce relevant information for the seeker s query 3 Determining whether the user seeks a known item or information about a subject 4 Dividing the query into main ideas and combining them logically 5 Representing the query as input to the search system 6 Conducting the search and responding strategically 7 Displaying retrievals assessing them and responding tactically A new chapter on web search engines builds on students existing experience with keyword searching and relevance ranking by introducing them to more sophisticated techniques to use in the search box and on the results page A completely revised chapter on assessing research impact discusses the widespread use of author and article iMetrics a trend that has developed rapidly since the publication of the second edition More than 100 figures and tables provide readers with visualizations of concepts and examples of real searches and actual results Textboxes offer additional topical details and professional insights New videos supplement the text by delving more deeply into topics such as database types information organization specialized search techniques results filtering and the role of browsing in the information seeking process An updated glossary makes it easy to find definitions of terms used throughout the book With new and updated material this edition of Online Searching gives students knowledge and skills for success when intermediating between information seekers and the sources they need **Looking for America** Mark

Stein, 1983 **An Alaska Anthology** Stephen W. Haycox, Mary Childers Mangusso, 2011-06-01 Alaska with its Indian Eskimo and Aleut heritage its century of Russian colonization its peoples formidable struggles to wrest a living or a fortune from the North s isolated and harsh environment and its relatively recent achievement of statehood has long captured the popular imagination In An Alaska Anthology twenty five contemporary scholars explore the region s pivotal events significant themes and major players Native Russian Canadian and American The essays chosen for this anthology represent the very best writing on Alaska giving great depth to our understanding and appreciation of its history from the days of Russian American Company domination to the more recent threat of nuclear testing by the Atomic Energy Commission and the influence of oil money on inexperienced politicians Readers may be familiar with an earlier anthology Interpreting Alaska s History from which the present volume evolved to accommodate an explosion of research in the past decade While a number of the original pieces were found to be irreplaceable more than half of the essays are new The result is a fresh perspective on the subject and an invaluable resource for students teachers and scholars **Librarian's Guide to Online Searching**

Christopher C. Brown, Suzanne S. Bell, 2018-07-20 Understanding and navigating online databases is an essential skill for today's librarians but staying current in this changing landscape can be a challenge The fifth edition of this vital book ensures that you meet that challenge Today's librarians not only need to know about existing databases and how to perform searches within them but must also be able to teach search capabilities and strategies to library users This practical guide introduces librarians to a broad spectrum of the fee based and freely available databases that are available some of which are new to this edition and explains their underlying information structures as well as updates to some standard databases In addition it covers search strategies provides criteria for evaluating databases and discusses how to teach others about databases As in the previous edition this book takes a real world approach covering everything from basic and advanced search tools to online subject databases Each chapter includes a thorough discussion recap concrete examples exercises and points to consider making this an ideal text for courses in database searching as well as a trustworthy professional resource

The Joy of Search Daniel M. Russell, 2019-10-01 A Google researcher shares tips tricks and interesting stories on maximizing the power of search engines like Google and Wikipedia You don't have to be a computer whiz to master the art of online search We all know how to look up something online by typing words into a search engine We do this so often that we have made the most famous search engine a verb we Google it Japan population or Nobel Peace Prize or poison ivy or whatever we want to know But knowing how to Google something doesn't make us search experts there's much more we can do to access the massive collective knowledge available online In *The Joy of Search* Daniel Russell shows us how to be great online researchers We don't have to be computer geeks or a scholar searching out obscure facts we just need to know some basic methods Russell demonstrates these methods with step by step searches for answers to a series of intriguing questions from what is the wrong side of a towel to what is the most likely way you will die Along the way readers will discover essential tools for effective online searches and learn some fascinating facts and interesting stories Russell explains how to frame search queries so they will yield information and describes the best ways to use such resources as Google Earth Google Scholar Wikipedia and Wikimedia He shows when to put search terms in double quotes how to use the operator why metadata is important and how to triangulate information from multiple sources By the end of this engaging journey of discovering readers will have the definitive answer to why the best online searches involve more than typing a few words into Google

In Search of the Essence of Place Petr Kral, 2012-10-16 Armed only with his poetic sensibility Petr Kral sets out to explore our relationship with the places that we inhabit and with the apparently unremarkable everyday objects which often inform and enrich our lives Kral bears witness to Flaubert's observation that in order for something to become interesting we simply have to look at it for a long time He reveals not only the inner life the very essence of mundane objects and places but also simple yet profound truths about ourselves Pushkin Collection editions feature a spare elegant series style and superior durable components The Collection is typeset in Monotype Baskerville litho printed on Munken Premium

Technology in America Alan I. Marcus,Howard P. Segal,2018-04-05 Now in a thoroughly updated new edition this successful textbook surveys the history of technology in America from the 1600s to the 21st century Alan I Marcus and Howard P Segal explore the effect society culture politics and economics have had upon technological advances and place the evolution of American technology within the broader context of the development of systems such as transportation and communications This unique book connects phenomena such as colonial printing presses with the American Revolution early photographs with the creation of an allegedly unique American character and high tech advances in biotechnology with a growing desire for individual autonomy This is an ideal resource for undergraduate and postgraduate students of the history of technology the history of science and American history Looking for History on Highway 14 John E. Miller,2001 Go back in time with heartland historian John E Miller to De Smet Laura Ingalls Wilder s little town on the prairie Manchester hometown of prairie painter Harvey Dunn and Fort Pierre fur trade crossroads and site of Lewis and Clark s tense encounter with the lordly Teton Lakota Sioux Winner Mountain Plains Library Association Literary Contribution Award *Educational Film Catalog* H.W. Wilson Company,1961 **Bookseller & Stationer and Office Equipment Journal** ,1929 Great Britain and the American Civil War Ephraim Douglass Adams,2019-09-25 Reproduction of the original Great Britain and the American Civil War by Ephraim Douglass Adams American Trinity Larry Len Peterson,2017-09-11 American Trinity is for everyone who loves the American West and wants to learn more about the good the bad and the ugly It is a sprawling story with a scholarly approach in method but accessible in manner In this innovative examination Dr Larry Len Peterson explores the origins development and consequences of hatred and racism from the time modern humans left Africa 100 000 years ago to the forced placement of Indian children on off reservation schools far from home in the late 1800s Along the way dozens of notable individuals and cultures are profiled Many historical events turned on the lives of legendary Americans like the Father of the West Thomas Jefferson and the Son of the West George Armstrong Custer two strange companions who shared an unshakable sense of their own skills as their interpretation of truths motivated them in the winning of the West Dr Peterson reveals how anti Indian sentiments were always only obliquely about them They were victims but not the cause The Indian was a symbol not a real person The politics of hate and racism directed toward them was also experienced in prior centuries by Jews enslaved Africans and other Christians Hatred and racism when taken into the public domain are singularly difficult to justify which is why Europeans and Americans have always sought vindication from the highest sources of authority in their cultures In the Middle Ages it was religion supplemented later by the philosophy of the Enlightenment In nineteenth century Europe and America religion and philosophy were joined by science and medicine to support Manifest

Destiny scientific racism and social Darwinism all of which had profound consequences on Native Americans and the Spirit of the West Presenting research in anthropology archaeology biology history law medicine religion philosophy and psychology Dr Peterson provides the latest observations that delineate why the Native American's life was destroyed American Trinity is a stunning portrait a view at once unique panoramic and intimate It is a fascinating book that will make you think about the differences between belief and knowledge about the self skepticism of science and medicine and about what aspects of the world we take on faith

Driving Lessons Christopher B. Strain, 2025 *Driving Lessons A Road Trip through American Travel Literature* by Christopher B Strain is a study of American travel literature specifically a reflection on the tradition of the American road trip Strain sets out to understand what makes this custom a prototypically American one who travels and why through considerations of race class and gender *Driving Lessons* not only contextualizes earlier American travel narratives but also shows how these journeys of national discovery and personal redemption still resonate with readers and scholars The book deftly blends together the story of the author's own four month sojourn in an old van with the analysis of his literary predecessors travel narratives
