Bays,2011-06-09 A New History of Christianity in China written by one of the world s the leading writers on Christianity in China looks at Christianity s long history in China its extraordinarily rapid rise in the last half of the twentieth century and charts its future direction Provides the first comprehensive history of Christianity in China an important understudied area in both Asian studies and religious history Traces the transformation of Christianity from an imported Western religion to a thoroughly Chinese religion Contextualizes the growth of Christianity in China within national and local politics Offers a portrait of the complex religious scene in China today Contrasts China with other non Western societies where Christianity is surging *China in the 21st Century* Jeffrey N. Wasserstrom,Maura Elizabeth Cunningham,2018-03-12 In this fully revised and updated third edition of *China in the 21st Century* What Everyone Needs to Know Jeffrey N Wasserstrom and Maura Elizabeth Cunningham provide cogent answers to urgent questions regarding the world s newest superpower and offer a framework for understanding China s meteoric rise from developing country to superpower Framing their answers through the historical legacies Confucian thought Western and Japanese imperialism the Mao era and the Tiananmen Square

massacre that largely define China's present day trajectory Wasserstrom and Cunningham introduce readers to the Chinese Communist Party the building boom in Shanghai and the environmental fallout of rapid Chinese industrialization They also explain unique aspects of Chinese culture such as the one child policy and provide insight into Chinese American relations a subject that has become increasingly fraught during the Trump era As Wasserstrom and Cunningham draw parallels between China and other industrialized nations during their periods of development in particular the United States during its rapid industrialization in the 19th century they also predict how we might expect China to act in the future vis vis the United States Russia India and its East Asian neighbors Updated to include perspectives on Hong Kong's shifting political status as well as an expanded discussion of President Xi Jinping's time in office *China in the 21st Century* provides a concise and insightful introduction to this significant global power *China: A History (Volume 2)* Harold M. Tanner, 2010-03-15 Available in one or two volumes this accessible yet rigorous introduction to the political social and cultural history of China provides a balanced and thoughtful account of the development of Chinese civilization from its beginnings to the present day Each volume includes ample illustrations a full complement of maps a chronological table extensive notes recommendations for further reading and an index Volume 1 From Neolithic Cultures through the Great Qing Empire 10 000 BCE 1799 Volume 2 From the Great Qing Empire through the People's Republic of China 1644 2009 *The Oxford Illustrated History of World War II* R. J. Overy, 2015 World War Two re assessed for a new generation from the 1930s through to the beginnings of the Cold War A stimulating and thought provoking new interpretation of one of the most terrible episodes in world history

China in the 21st Century: What Everyone Needs to Know Jeffrey N. Wasserstrom, 2010-03-19 The need to understand this global giant has never been more pressing China is constantly in the news yet conflicting impressions abound Within one generation China has transformed from an impoverished repressive state into an economic and political powerhouse In *China in the 21st Century: What Everyone Needs to Know* Jeffrey Wasserstrom provides cogent answers to the most urgent questions regarding the newest superpower and offers a framework for understanding its meteoric rise Focusing his answers through the historical legacies Western and Japanese imperialism the Mao era and the massacre near Tiananmen Square that largely define China's present day trajectory Wasserstrom introduces readers to the Chinese Communist Party the building boom in Shanghai and the environmental fall out of rapid Chinese industrialization He also explains unique aspects of Chinese culture such as the one child policy and provides insight into how Chinese view Americans Wasserstrom reveals that China today shares many traits with other industrialized nations during their periods of development in particular the United States during its rapid industrialization in the 19th century Finally he provides guidance on the ways we can expect China to act in the future vis a vis the United States Russia India and its East Asian neighbors *Model Workers in China, 1949-1965* James Farley, 2019-06-04 Seismic changes in ideology and economic policy in China followed the death of Mao Zedong but one aspect of culture has remained constant the use of Model Workers for the purposes of propaganda and more recent

public relations campaigns In both a political and commercial context the use of these individuals continues to thrive and although the messages they promote have largely changed their continued use indicates the extent to which they are believed to be an effective form of persuasion Model Workers were deployed at key points in China's recent history and served to embody the Party's vision of the ideal Chinese citizen as they attempted to reshape the nation following a Century of Humiliation a ruinous war with Japan and a divisive civil war This volume utilises the detailed analysis of posters cinema and translations of related propaganda material to explore the extent of the influence of the Model Worker as a concept on both propaganda and national policy

The Oxford History of World War II Richard Overy, 2023-02-01

Histories you can trust World War Two was the most devastating conflict in recorded human history It was both global in extent and total in character It has understandably left a long and dark shadow across the decades Yet it is three generations since hostilities formally ended in 1945 and the conflict is now a lived memory for only a few And this growing distance in time has allowed historians to think differently about how to describe it how to explain its course and what subjects to focus on when considering the wartime experience For instance as World War Two recedes ever further into the past even a question as apparently basic as when it began and ended becomes less certain Was it 1939 when the war in Europe began Or the summer of 1941 with the beginning of Hitler's war against the Soviet Union Or did it become truly global only when the Japanese brought the USA into the war at the end of 1941 And what of the long conflict in East Asia beginning with the Japanese aggression in China in the early 1930s and only ending with the triumph of the Chinese Communists in 1949 In *The Oxford History of World War Two* a team of leading historians reassesses the conflict for a new generation exploring the course of the war not just in terms of the Allied response but also from the viewpoint of the Axis aggressor states Under Richard Overy's expert editorial guidance the contributions take us from the genesis of war through the action in the major theatres of conflict by land sea and air to assessments of fighting power and military and technical innovation the economics of total war the culture and propaganda of war and the experience of war and genocide for both combatants and civilians concluding with an account of the transition from World War to Cold War in the late 1940s Together they provide a stimulating and thought provoking new interpretation of one of the most terrible and fascinating episodes in world history

Access to History for the IB Diploma: Communism in Crisis 1976-89 Rakesh Pathak, Yvonne Berliner, 2012-12-14

The Intellectual in Modern Chinese History Timothy Cheek, 2016-01-05 This vivid narrative history of Chinese intellectuals and public life provides a guide to making sense of China today Timothy Cheek presents a map and a method for understanding the intellectual in the long twentieth century from China's defeat in the Sino Japanese war in 1895 to the Prosperous China since the 2008 Beijing Olympics Cheek surveys the changing terrain of intellectual life over this transformative century in Chinese history to enable readers to understand a particular figure idea or debate The map provides coordinates to track different times different social worlds and key concepts The historical method focuses on context and communities during six periods to make sense of ideas institutions and individual thinkers across the century Together they provide a memorable account of the scenes and protagonists and arguments and ideas of intellectuals and public life in modern China

Chinese History Endymion Porter Wilkinson, 2000 Endymion Wilkinson's bestselling manual of Chinese history has long been an indispensable guide to all those interested in the civilization and history of China In this latest edition now in a bigger format its scope has been dramatically enlarged by the addition of one million words of new text Twelve years in the making the new manual introduces students to different types of transmitted excavated and artifactual sources from prehistory to the twentieth century It also examines the context in which the sources were produced preserved and received the problems of research and interpretation associated with them and the best most up to date secondary works Because the writing of history has always played a central role in Chinese politics and culture special attention is devoted to the strengths and weaknesses of Chinese historiography

China Under Communism Alan Lawrance, 2002-09-11 China Under Communism examines how Marxism took root flourished and developed within the context of an ancient Chinese civilization Through analysis of China's history and traditional culture the author explores the nature of Chinese communism and how it has diverged from the Soviet model This book also provides insight into the changing perceptions Westerners have of the Chinese and vice versa Key features include assessment of controversial issues The Great Leap Forward the Cultural Revolution and Mao's record coverage of gender and family ethnicity nationalism and popular culture long historical context This timely evaluation details how China's political and economic policies have been inextricably linked and assesses past failures and successes as well as major problems for the future

Igniting The Chemical Ring Of Fire: Historical Evolution Of The Chemical Communities Of The Pacific Rim Seth C Rasmussen, 2018-01-18 From the rise of chemical technology in antiquity to the present day Igniting the Chemical Ring of Fire tracks the development of professional chemistry communities in the countries of the Pacific Rim Critical in this process was the development of local education and training in chemistry The doctorate in chemistry is generally regarded as coming into existence in early 19th century Germany with the model spreading globally as time passed In early years it was common for international chemistry scholars to train at the ranking German or English universities before returning to their home

countries to seed a local version of the doctorate However little has been formally written about this process outside of Europe Representing a first in the field for countries of the Pacific Rim this book documents the detailed history of chemical communities in ten countries from a team of internationally renowned historians Providing insights into how and when these countries initiated local chemistry PhD programs and became independent chemical entities Igniting the Chemical Ring of Fire shows that there is no single path to development Program of the Annual Meeting - American Historical Association American Historical Association,2000 Some programs include also the programs of societies meeting concurrently with the association
