Searching For Joan:

Guardian's Gate Lawrence Beebe, 2000-04-11 One morning Ben Cody was taking a relaxing stroll on the top of a mountain near his home in beautiful Springfield Vermont Just a few hours later he was buried under a mountain of trouble and danger See what happens when a young man joins the family business and finds that the family business is protecting the world A magical romp through worlds and gates with new creatures and dangers around every turn **In Search of the Holy Grail** Veronica Ortenberg, 2006-01-01 This book surveys the influence of the middle ages and of medieval attitudes and values on later periods and on the modern world Many artistic political and literary movements have drawn inspiration and sought their roots in the thousand years between 500 and 1500 AD Medieval Christianity and its rich legacy has been the essential background to European culture as a whole Gothic architecture and chivalry were two keys to Romanticism while nationalists including the Nazis looked back to the middle ages to find emerging signs of national character In literature few myths have been as durable or popular as those of King Arthur stretching from the Dark Ages to Hollywood In Search of the Holy Grail is a vivid account of how later ages learnt about and interpreted the middle ages **The Saturday Evening Post**, 1920 SCC Library has 1974 89 plus scattered issues **The Search for Philip K. Stop Thief Carlyle Moore,1917 Search for Our Home Mary Ann Schwehr,2013-05-03 Six orphans feel compelled to escape a denigrating situation to find a home of their own Finding freedom is extremely difficult in the early 1800s in northwestern Massachusetts A belligerent uncle continually holds a threatening hand over six anxious lives as they work hard to forge a new life according to what Pa and Ma had taught them to love and grow with God **Guilt and the Search for Fulfillment** LeRoy H. Aden,2012-03-01 We know guilt if at all by the message of badness that it seems to communicate to us LeRoy Aden notes that our tendency is to silence the message when in fact we need to listen to our guilt feelings carefully A better understanding of the nature and operation of guilt and guilt feelings will help us evaluate the negative and the positive roles that they play in our search for fulfillment In this book Aden examines real life situations as well as literary works to illuminate the concrete details of this struggle with guilt and guilt feelings He finds that sense of guilt can warn us when we lose our way and can put us back on the road to restored relationships and genuine fulfillment when we heed its call Aldous Huxley and the Search for Meaning Ronald T. Sion,2014-01-10 Aldous Huxley author of eleven novels remains one of the towering figures of the twentieth century his work resistant to passing fads in literature This critical biography explores Huxley's lifelong quest for self actualization by intertwining the events of his life and details of the creative period that produced each book Considering Huxley's letters essays and interviews in its examination of the thematic content of each novel the text finds a man striving for the intellectual growth that would yield a sound philosophical and spiritual view of life one he infused into his work *In Search of Self in India and Japan* Alan Roland,2021-04-13 Drawing on work with Indian and Japanese patients a prominent American psychoanalyst explores inner worlds that are markedly different from the Western psyche A series of fascinating case studies illustrates Alan Roland's argument the familial self rooted in the subtle emotional hierarchical relationships of the family and group predominates in Indian and Japanese psyches and contrasts strongly with the Western individualized self In perceptive and sympathetic terms Roland describes the emotional problems that occur when Indians and Japanese encounter Western culture and the resulting successful integration of new patterns that he calls the expanding self Of particular interest are descriptions of the special problems of women in changing society and of the paradoxical relationship of the spiritual self of Indians and Japanese to the familial self Also described is Roland's own response to the broadening of his emotional and intellectual horizons as he talked to patients and supervised therapists in India and Japan As we were coming in for a landing to Bombay he writes the plane banked so sharply that when I supposedly looked down all I could see were the stars while if I looked up there were the lights of the city This is the world turned upside down that he describes so eloquently in this book What he has learned will fascinate those who wish to deepen their understanding of a different way of being *French's Acting Edition of Plays, Dramas, Extravaganzas, Farces ...* Samuel French Ltd,1912 Reveille R. No.6 448** Hodder and Stoughton, ltd,1913 **In Search of Theater** Eric Bentley,1992-01-01 This book was written between 1946 and 1952 and first published in 1953 It is now widely regarded as the standard portrait of the European and American theater in the turbulent and seminal years following World War II but it is far more than that It ranges back as far as Ibsen and even Shakespeare and has contributed very substantially to a number of reputations that would long outlast 1950 such as those of Bertolt Brecht Charles Chaplin and Martha Graham For Bentley fans it is an essential link in a chain that runs from The Playwright as Thinker to The Life of the Drama to The Brecht Memoir and Thinking About the Playwright

The Search for Modern Tragedy Mary Ann Frese Witt,2001 The attempt to apply an aesthetic or literary approach to fascism remains controversial In The Search for Modern Tragedy Mary Ann Frese Witt explores the work of a group of European writers and artists who came to fascism by way of aesthetics In Italy and France she maintains an ideological aesthetic of Mediterranean fascism developed to a large extent independently of German Nazism Witt s study of the relationship between fascism and modern tragedy encompasses theoretical writing on tragedy and tragedies by key authors including Luigi Pirandello Henry de Montherlant and Jean Anouilh She looks at these tragedies in the context of their reception under fascism in Italy and in Vichy France Fascism in the minds of many of its supporters was an aesthetic or spiritual movement although its aesthetic and political elements were often intertwined The Search for Modern Tragedy is not concerned primarily with drama written as a means of conveying fascist propaganda Rather Witt is concerned with the influence of aesthetic fascism on the theory and practice of modern tragedy
