Evangelism after Pluralism Bryan Stone, 2018-05-01 What does it mean to evangelize ethically in a multicultural climate Following his successful *Evangelism after Christendom* Bryan Stone addresses reasons evangelism often fails and explains how it can become distorted as a Christian practice Stone urges us to consider a new approach arguing for evangelism as a work of imagination and a witness to beauty rather than a crass effort to compete for converts in pluralistic contexts He shows that the way we lead our lives as Christians is the most meaningful tool of evangelism in today's rapidly changing world

Servants and Fools Arthur Boers, 2015-10-20 Leadership is a much discussed topic What does it actually mean for us as Christians Does Christian leadership have its own distinctive shape and character In *Servants and Fools: A Biblical Theology of Leadership* Arthur Boers examines Jesus's pattern of leadership Boers shows how this pattern is rooted in service and sacrifice is cautious about power and hierarchies and prioritizes the vulnerable In other words it often reverses what we expect of leadership and is different from what we read in most leadership literature *Servants and Fools* is a unique resource for students and practitioners across denominations It offers a foundational perspective on leadership and guidance for practical application in the reader's daily life and ministry Arthur Boers has at last written the book we have sorely needed a book that is destined to become the main text in my seminary courses in church leadership a book that is sure to be enthusiastically received by thousands of contemporary Christian leaders Boers energetically underscores the joyful peculiarity of specifically Christian

leadership His book is unique a biblically based Christologically grounded defense of leadership in the name of Christ Will Willimon Professor of the Practice of Christian Ministry Duke Divinity School United Methodist Bishop retired and author of Pastor The Theology and Practice of Ordained Leadership Servants and Fools is a brilliant and essential contribution to any serious study of leadership Robust faithful insightful biblical teaching A judicious knowledgeable harvest of the best contributions from leadership theorists and practitioners Plus humor in the trenches experiences and practical applications I cannot imagine ever teaching another class on leadership without assigning and discussing Arthur Boers s book David W Gill Mockler Phillips Professor of Workplace Theology Ethics Gordon Conwell Theological Seminary In Servants and Fools A Biblical Theology of Leadership Arthur Boers deconstructs the contemporary cult of leadership and serves up a refreshingly Biblical alternative It is a great cautionary tale for today s churches seminaries and Christian non profits At the same time it offers great insight for secular organizations and leaders as well John Suk author former editor of The Banner and pastor of Lawrence Park Community Church Toronto Canada One of Hearts Minds Bookstore s BEST BOOKS OF 2015 **The Christian Year** Robin Knowles Wallace,2011 Through worship we move learn encounter and celebrate in God s time In this concise introduction Dr Knowles Wallace gives practical worship and preaching suggestions for each season of the Christian year as it relates to the Revised Common Lectionary **From Fast to Feast** Cas Wepener,2009 Today some years after the first democratic elections in South Africa as well as the final report of the Truth and Reconciliation Commission TRC it is clear that reconciliation is still needed on all terrains of South African society More and more people are becoming aware of unchanneled emotions such as guilt fury revenge and grief which are still alive in South Africa and which come to fore in different ways It seems as if reconciliation is a process that will in fact take years if not generations The task of the TRC has been completed but the task of reconciliation on all levels in South African society and the debate surrounding it are far from complete Very little research has been conducted to understand both the process and the kinds of reconciliation rituals that are needed And this is exactly the aim of the research described in this book The research described here aims at making a contribution towards the process of reconciliation in South Africa by specifically looking at one small but important element in that process namely ritual To this end several ritual probes were conducted including an ethnographic probe describing research by means of participatory observation in local South African communities as well as a cultural anthropological biblical historical and descriptive probe From these probes ritual qualities were distilled which can be used for the liturgical inculturation of rituals of reconciliation in South Africa *Who Will Roll Away the Stone?* Ched Myers,1994 The author of the critically acclaimed Binding the Strong Man exposes the social and spiritual stones that impede us in our development and growth as Christians In every age writes Myers disciples despair that the story has ended only to discover that the stone has been rolled away reopening the possibility and imperative of following the Way of Jesus As a sequel to Binding the Strong Man Who Will Roll Away the Stone brings Myers study of the gospel of Mark full circle The first book provided a compelling

reading of Mark's gospel as a manual of radical discipleship in the ancient Roman empire *Who Will Roll Away the Stone* picks up and extends the gospel's challenge specifically to those living in the contemporary imperial context Each chapter opens with classic questions from within the gospel itself Beginning with Peter's denial of Jesus *Who Will Roll Away the Stone* shows how and why first world Christians politically free socially mobile and resource rich seem typically unable or unwilling to struggle for social change Myers uses three of the most troubling and problematic of recent events the Los Angeles riots the Gulf War the Columbus quincentennial to demonstrate how the subtle complexities of a culture of technological wizardry information overload and short term memory can be recognized as blocking the first step on the journey of discipleship Myers then turns to the second stage of discipleship which is conversion literally a call to change direction both as individuals and as a society He continues with a deconstruction of the *modus vivendi* of U S culture using experiments in other ways of living including social relocation and nonviolent politics He then moves into the third stage of the call to discipleship to reconstruct the church and the world through positive action building solidarity with one another and with the poor accepting and celebrating diversity and its gifts and reclaiming the discourse of the reign of God from those who use it to defend the status quo

*Ambassadors of Reconciliation: Diverse Christian practices of restorative justice and peacemaking* Ched Myers, Elaine Enns, 2009 Restorative justice refers to a social movement that seeks to repair interpersonal communal and social injustices without recourse to violence or retribution Volume two analyzes the contemporary terrain of restorative justice and peacemaking in North America and profiles the exemplary work of nine practitioners who incarnate the scriptural vision in real life contexts of profound violence and injustice

*The War on Terrorism and the Terror of God* Lee Griffith, 2004 Uniquely relevant in a world shaken by recent acts of terror this title calls people of faith to the way of peace the Christian response to evil and violence

*With Ever Joyful Hearts* J. Neil Alexander, Marion J. Hatchett, 1999 The occasion of Dr Hatchett's thirtieth anniversary as professor of liturgics and church music at the School of Theology of the University of the South is being celebrated with this stimulating collection of essays by an international cadre of authors

*Currents in the Interpretation of Paul* Neil Elliott, 2024-09-05 The apostle Paul has long been championed or criticized as a Christian thinker as a brilliant theological genius or an enthusiastic convert who spun arguments to justify his new allegiances In these essays Neil Elliott engages some of the most provocative currents in contemporary scholarship including Paul and the nature of violence the presumptions of religious cultural or national innocence in particular interpretations of the apostle the recent enthusiasm for Paul in some streams of Marxist thought competing construals of economic realities in Paul's day and our own and questions surrounding Paul's legacy today
