Seattle Leschi Diary Wade Vaughn, 1982-01-01 **Seattle's Women Teachers of the Interwar Years** Doris Hinson Pieroth, 2012 In *Seattle's Women Teachers of the Interwar Years* Doris Pieroth describes the contributions of a remarkable group of women who dominated the Seattle public school system in the early years of the twentieth century and helped to produce well educated citizens who were responsible for the widespread philanthropic volunteer and municipal activities that came to characterize the city While most publications on the history of education have emphasized theory or administration Pieroth focuses on individual teachers Set against the backdrop of a developing city the book provides vivid portraits of educated strong ambitious women making successful careers at a time when job opportunities for women were very limited Pieroth interviewed as many of these women as she could find and quotes from the interviews enhance her lively well written narrative Using details drawn from local newspapers and school publications she demonstrates that the influence of this cohort of women made modern Seattle the livable place that it remains today *Seattle's Women Teachers of the Interwar Years* is a significant contribution to the history of Seattle and the region to women's history and to the history of education

The City Is More Than Human Frederick L. Brown, 2016-10-03 Winner of the 2017 Virginia Marie Folkins Award Association of King County Historical Organizations AKCHO Winner of the 2017 Hal K Rothman Book Prize Western History Association Seattle would not exist without animals Animals have played a vital role in shaping the city from its founding amid existing indigenous towns in the mid nineteenth century to the livestock friendly town of the late nineteenth century to the pet friendly livestock averse modern city When newcomers first arrived in the 1850s they hastened to assemble the familiar cohort of cattle horses pigs chickens and other animals that defined European agriculture This in turn contributed to the dispossession of the Native residents of the area However just as various animals were used to create a Euro American city the elimination of these same animals from Seattle was key to the creation of the new middle class neighborhoods of the twentieth century As dogs and cats came to symbolize home and family Seattleites relationship with livestock became distant and exploitative demonstrating the deep social contradictions that characterize the modern American metropolis Throughout Seattle's history people have sorted animals into categories and into places as a way of asserting power over animals other people and property In *The City Is More Than Human* Frederick Brown explores the dynamic troubled relationship humans have with animals In so doing he challenges us to acknowledge the role of animals of all sorts in the making and remaking of cities

 Dreiser, 2015-09-30 Dreiser's careful preservation of his papers bears new fruit with the publication of his personal diaries
 for the years 1902-26 This volume presents all seven of Dreiser's hitherto unpublished American diaries the intermittent
 journals he kept during the most productive years of his literary career Together they constitute a revealing self portrait as
 well as a valuable commentary on the American scene during the first quarter of the twentieth century They offer reflections
 on turn of the century Philadelphia the American South and Mid West Greenwich Village of the nineteen teens and
 Hollywood of the twenties The diaries begin in 1902 when Dreiser was at a low point after the suppression of *Sister Carrie*
 and continue until 1926 when he was enjoying the greatest success of his career with *An American Tragedy* This publication
 constitutes in its entirety a new source for biographical and critical study This is particularly true of the diaries covering
 Dreiser's experience in Philadelphia Greenwich Village and with Helen Richardson all of which were not available to previous
 biographers The present Introduction by Professor Riggio is the first biographical narrative to make use of these materials
 Future biographers will now be able to speak with more assurance of Dreiser's whereabouts the people he knew what he was
 reading which writings were in progress and of his fascinating private affairs in general In addition these diaries will be of
 interest to students of Dreiser's literary art as they reveal subtle aspects of how Dreiser viewed the external world and
 transmuted it in his daily creative efforts **Seattle Municipal News** , 1923
