Fire from the Sky Richard C Knott,2016-02-15 Fire from the Sky is the first complete history of the most decorated Navy squadron of the Vietnam War Richard C Knott tells the dramatic history of the HAL 3 Seawolves the U S Navy s first and only helicopter gunship squadron of the Vietnam War The squadron was established in country to support the fast pugnacious river patrol boats of the brown water navy Flying combat worn Hueys borrowed from the Army the mission of the Seawolves quickly expanded to include rapid response air support to any friendly force in the Delta needing immediate assistance The Seawolves inserted SEALs deep into enemy territory and extracted them often despite savage enemy opposition They rescued friendly combatants from almost certain capture or death and evacuated the wounded when Medevac helicopters

were not available **Naval Aviation News** ,1999-11 **River Warfare in Vietnam** Robin L. Rielly,2024-02-19 America's entrance into the wars in Vietnam came as a result of several factors Among them was the necessity of bolstering French influence in the area in the face of mounting communist expansion This expansion was intensified by the outbreak of the Korean War making it necessary for the United States to revamp its Southeast Asian policy During the French era control of Vietnam's rivers streams and canals became necessary This led various factions to develop specialized military units heavily dependent on new types of river craft that could traverse the myriad waterways in Vietnam The focal point of this study is a new assessment of the conduct of river warfare Drawing on little known French Vietnamese and American sources and materials it sheds light on an important aspect of the Vietnam War Chapters also detail numerous aspects of river warfare not generally covered in other books on the subject **Sea Wolves** John Broughton,2022-01-31 In the early 9th century Asculf leads a quiet life among his apple orchards on the Isle of Scepig When called upon for military service he covers himself in glory His prowess leads to a friendship with King Aethelwulf of Kent who offers him one of the most prestigious positions in the kingdom Meeting King Egbert of Wessex through his son Aethelwulf his courage and successful grasp of strategy promise them great success Realizing the potential of naval power he comes up with a plan to defeat the invading Norsemen and save the Kingdom of Kent But when hundreds of Viking longships attack the English coast can father and son save Kent from devastation and at what cost *Lest We Forget* William C. Meacham,1999 It takes a special kind of man and a special kind of courage to routinely risk one's life for others Lt Wild Bill Meacham was a former enlisted man turned UH 1 pilot assigned to Bravo Company 101st Aviation Battalion an assault helicopter company whose liftships were called the Kingsmen Meacham quickly learned that the fighting in Vietnam wasn't confined to hot LZs He killed nine enemies on the ground during the Tet 1968 defeat of the VC Bravo Company carried troops and supplies for many units but Meacham preferred flying insertions and extractions for the LRRPs of the 101st and for the men of SOG whose operations frequently took them into Laos From combat assaults in Cu Chi to night operations in the enemy infested A Shau Valley to hot extractions from Laos Meacham engaged in some of the most dangerous flying imaginable As he hovered a few feet off the ground in LZs exploding with mortar shells and crackling with AK 47 fire it was often only Meacham's relentless daring and calm hands at the chopper's controls that kept the men on the ground from the enemy and certain death The Kingsmen were held in the highest esteem by LRRPs and other special operations forces throughout Vietnam This heroic harrowing and utterly absorbing account is a powerful tribute to those men and their fearless reputation *The Sea Wolves* Nicholas Read,2013-07-15 The Sea Wolves sets out to disprove the notion of the Big Bad Wolf especially as it is applied to coastal wolves a unique strain of wolf that lives in the rainforest along the Pacific coast of Canada Genetically distinct from their inland cousins and from wolves in any other part of the world coastal wolves can swim like otters and fish like the bears with whom they share the rainforest Smaller than the gray wolves that live on the other side of the Coast Mountains these wolves

are highly social and fiercely intelligent creatures Living in the isolated wilderness of the Great Bear Rainforest coastal wolves have also enjoyed a unique relationship with man The First Nations people who have shared their territory for thousands of years do not see them as a nuisance species but instead have long offered the wolf a place of respect and admiration within their culture Illustrated with almost one hundred of Ian McAllister s magnificent photographs The Sea Wolves presents a strong case for the importance of preserving the Great Bear Rainforest for the wolves the bears and the other unique creatures that live there
