Secured Credit:

Secured Credit Under English and American Law Gerard McCormack, 2004-06-14 Secured Credit drives economic activity Under English Law it is possible to create security over almost any asset but the law is widely considered to be unsatisfactory for several reasons including a cumbersome registration system a preoccupation with formalistic distinctions and the lack of clear and rationally determined priority rules Gerard McCormack examines the current state of English law highlighting its weaknesses He uses Article 9 of the American Uniform Commercial Code as a reference point this Article has successfully serviced the world's largest economy for over 40 years and is increasingly used as the basis for legislation by Commonwealth jurisdictions including Canada and New Zealand The Law Commission has suggested the enactment of similar legislation in England In addition McCormack considers if there really is a case for the priority of secured credit as well as if there are other international models to draw upon Contains the text of Article 9

Secured Credit in Europe Teemu Juutilainen, 2018-03-22 Winner of the 2016 2018 KG Idman Prize This monograph seeks the optimal way to promote compatibility between systems of proprietary security rights in Europe focusing on security rights over tangible movables and receivables Based on comparative research it proposes how best to tackle cross border problems impeding trade and finance notably uncertainty of enforceability and unexpected loss of security rights It offers an extensive analysis of the academic literature of more recent years that has appeared in English German the Scandinavian languages and Finnish The author organises the concrete means of promoting compatibility into a centralised substantive approach a centralised conflicts approach a local conflicts approach and a local substantive approach The centralised approaches develop EU law and the local approaches Member State laws The substantive approaches unify or harmonise substantive law while the conflicts approaches rely on private international law The author proposes determining the optimal way to promote compatibility by objective based division of labour between the four approaches The objectives developed for that purpose are derived from the economic functions of security rights the conditions for legal evolution and a transnational conception of justice This book is an important contribution to the future of secured transactions law in Europe and more widely It will be of interest to academics policymakers and legal practitioners involved in this field

The Future of Secured Credit in Europe Horst Eidenmüller, Eva-Maria Kieninger, 2012-07-12 This volume contains the reports and discussions presented at the conference The Future of Secured Credit in Europe in Munich from July 12th to July 14th 2007 It aims at taking the debate to a new stage by exploring the need and possible avenues for creating a European law of security interests The first part examines from an economic and a community law perspective the case for European lawmaking on secured credit and the legislative approach to be taken The intention in the second and third part is to look in more detail at the choices European lawmakers will have to make in devising a European law of secured credit The second part focuses on secured transactions involving corporeal movables tangibles whereas the third part considers categories of collateral that may

Secured Transactions: A Systems Approach, **Secured Transactions Law Reform in Africa** Marek Dubovec, Louise Gullifer, 2019-10-31 Over the last few decades many countries have reformed their secured transactions law One of the main reasons has been the clear link between reform and the availability of credit and the drive to improve access to finance particularly for micro small and medium sized enterprises This book focuses particularly on developing economies in Africa which have legal frameworks influenced by English French

Belgian Roman Dutch and other laws Reform in this area of law across African countries has taken a number of forms which are explored and discussed in this book Secured Transactions Law Reform in Africa is a mixture of a critical description of the pre reform law and practice and the reform process itself It also includes a comparative analysis of the legal provisions and an examination of the early results of the reforms The book sets out a road map for the future of secured transactions reform primarily in Africa but also in other countries that have undertaken or are contemplating similar reforms This book is the second in a series of books about Secured Transactions Law in countries around the world and its reform both on a national and an international scale The first book Secured Transactions Law Reform Principles Policies and Practice was published in 2016

The Creation and Interpretation of Commercial Law Clayton P. Gillette, 2022-03-21 This title was first published in 2003 This volume contains essays by prominent commentators on topics in commercial law It addresses the increasing harmonization of international commercial law and the essays demonstrate different methodologies used in analysing commercial law such as economic and jurisprudential approaches

Secured Transactions Law in Asia Louise Gullifer, Dora Neo, 2021-03-25 This collection of essays offers a unique insight and overview of the secured transactions law in many of the most important countries in Asia as well as reflections on the need for benefits of and challenges for reform in this area of the law The book provides a mixture of general reflections on the history successes and challenges of secured transaction law reform and critical discussion of the law in a number of Asian countries In some of the countries the law has already been reformed or reform is under way and here the reforms are considered critically with recommendations for future work In other countries the law is not yet reformed and the existing law is analysed so as to determine what reform is desirable and whether it is likely to take place First this book will enable those engaging with the law in Asia to understand better the contours of the law in both civil and common law jurisdictions Second it provides analytical insights into why secured transactions law reform happens or does not happen the different methods by which reform takes place the benefits of reform and the difficulties that need to be overcome for successful reform Third it discusses the need for reform where none has yet taken place and critically assesses the reforms which have already been enacted or are being considered In addition to providing a forum for discussion in relation to the countries in question this book is also a timely contribution to the wider debate on secured transactions law reform which is taking place around the world

The Future of the Commercial Contract in Scholarship and Law Reform Maren Heidemann, Joseph Lee, 2018-11-02 This book explores commercial contract law in scholarship and legal practice suggests new research agendas and provides a forum for debate of typical issues that might benefit from further attention by scholarship and legislatures The authors from over ten different jurisdictions take an international and comparative approach Not confined to EU law it re opens the debate internationally and seeks to reclaim the wider meaning of European law as rooted in geography and cultural legal heritage There is a need to focus on commercial contracts in more detail in research and legislation The transactional approach the role of recent law

reform including the new French Civil Code cross border dealings substantive contract law in public international law and ICSID arbitration as well as current contractual practices like OEM CSR contractual co operation sustainability and intra corporate arbitration contribute to a wider regulatory outlook for commercial transactions **Coming To America?**

The Truth About Avoiding Scams Steve Weisman,2008-01-18 This is the eBook version of the printed book If the print book

includes a CD ROM this content is not included within the eBook version Being aware of the criminals who are out to take your money is not enough A scam by any other name is still a scam and unfortunately there are some scams that are perfectly legal that can cause you to lose money Or perhaps they are imperfectly legal but at this point in time the law may not be on your side A good example of a legal scam is what credit card companies can do legally in many instances Read these essential truths to gain the knowledge that can protect your wallet The Law-Growth Nexus Kenneth W. Dam, 2007-08-29

An increasingly popular view holds that institutions in particular the rule of law are the keys to unlocking the developing world's full growth potential But what exactly does this mean Which legal institutions matter and why How can policymakers use this knowledge to promote growth In *The Law Growth Nexus* Kenneth Dam brings five decades of experience as a legal scholar and policymaker to bear upon these questions After reviewing the burgeoning literature on legal institutions and economic development Dam unpacks the rule of law concept Successive chapters analyze enforcement contracts and property rights the three concepts that collectively define rule of law and examine their roles in the real estate and financial sectors Dam uses an extended analysis of China to assess the importance of the rule of law This case study illustrates several of the book's central themes including the difficulty of building a strong independent judiciary and firstclass financial sector The stark fact is that many parts of what we call the developing world have stopped developing while other regions have seen a slowdown in once promising growth Could new or better legal institutions help jumpstart these economies In exploring this question *The Law Growth Nexus* goes beyond regression results to examine the underlying mechanisms through which the law the judiciary and the legal profession influence the economy The result is essential reading for analysts and policymakers facing the challenges of legal and economic reform
