Los Angeles Riots Lessons For The Urban Future:

The Los Angeles Riots Mark Baldassare, David O Sears, Edgar W Butler, Peter A Morrison, 2024-10-31 This book addresses three questions What were the causes of the Los Angeles riots what actually took place and what are the consequences and meaning of the riots for U S cities The Los Angeles Riots presents solutions and policy recommendations for avoiding a repeat of such unrest in the future

The Los Angeles Riots Mark Baldassare, 1994 The Los Angeles riots in spring 1992 were among the most violent and destructive events in twentieth century urban America This book addresses three questions What were the causes of the riots what actually took place and what are the consequences and meaning of the riots for U S cities The findings presented here provide strong evidence that the existence of an inner city underclass the persistence of black white tensions in U S society and the emergence of inter ethnic hostilities in urban neighborhoods are critical to understanding the Los Angeles riots and their implications The book is crucial to everyone s understanding of the contemporary urban environment and will be ideal as a supplementary text in urban politics sociology urban planning and policy courses as well as in current affairs

LA Rising Kyeyoung Park, 2019-08-22 In *LA Rising* Korean Relations with Blacks and Latinos after Civil Unrest Kyeyoung Park revisits the Los Angeles unrest of 1992 and the interethnic and racial tensions that emerged She examines how structural inequality impacted relations among Koreans African Americans and Latinos Park explores how race citizenship class and culture were axes of inequality in a multi tiered racial cartography that affected how Los Angeles residents thought about and interacted with each other and were emphasized in the processes of social inequality and conflict For more information click here <https://lasocialscience.ucla.edu> 2021 02 24 la social science book series on korean intergroup relations in la with professor kyeyoung park

The Public Nature of Private Property Michael Diamond, 2016-02-24 What exactly is private property Or to ask the question another way what rights to intrude does the public have in what is generally accepted as private property The answer perhaps surprisingly to some is that the public has not only a significant interest in regulating the use of private property but also in defining it and establishing its contour and texture In *The Public Nature of Private Property* therefore scholars from the United States and the United Kingdom challenge traditional conceptions of private property

while presenting a range of views on both the meaning of private property and on the ability some might say the requirement of the state to regulate it **Blacks in the American West and Beyond--America, Canada, and Mexico** George H.

Junne,2000-05-30 Almost a century before their arrival in the English New World Blacks appeared alongside the Spanish in what is now the American West Through their families communities and institutions these Western Blacks left behind a long history which is just now beginning to receive systematic scholarly treatment Comprehensively indexing a variety of research materials on Blacks in the North American West Junne offers an invaluable navigational tool for students of American and African American history Entries are organized both geographically and topically and cover a broad range of subjects including cross cultural interaction health art and law Contains a complete compilation of African American newspapers

Flak-Catchers Lindsey Lupo,2010-12-02 Flak Catchers explores the ways in which riot commissions the institutional bodies appointed by an executive in the aftermath of a race riot to determine a riot timeline investigate causes and offer prescriptions for change have dealt with racial violence in the United States over the last century In studying five riots and their commissions Chicago 1919 Harlem 1935 Los Angeles 1965 USA 1967 and Los Angeles 1992 this book shows that riot commissions only serve to give the appearance of strong and responsive government action during uncertain times They primarily benefit the instituting body by focusing on a restoration of law and order while undermining any larger civil rights message However this book also challenges the prevalent idea that riot commissions are all the same by revealing how riot commissions have changed over the last century shifting in their prominence content and focus After the 1968 Kerner Commission which studied the 1967 summer riots it has become increasingly common for the riot commission to fail to answer fundamental questions posed by the crisis **The Next Los Angeles** Robert Gottlieb,2006-08-07 With this rich

account of its community and labor struggles the city of angels and apocalypse becomes the city of hope Barbara Ehrenreich author of Nickel and Dimed On Not Getting By in America This wonderful book with its evocations of LA s alternative histories and its bold templates for social and environmental justice is proof that the American Left is alive and well especially in Southern California Mike Davis author of Dead Cities A rare book combining history analysis strategy and a platform and it may well be carried out in this decade Tom Hayden former State Senator Los Angeles **Black and Brown in Los Angeles** Josh Kun,Laura Pulido,2014 Black and Brown in Los Angeles is a timely and wide ranging interdisciplinary foray into the complicated world of multiethnic Los Angeles The first book to focus exclusively on the range of relationships and interactions between Latinas os and African Americans in one of the most diverse cities in the United States the book delivers supporting evidence that Los Angeles is a key place to study racial politics while also providing the basis for broader discussions of multiethnic America Students faculty and interested readers will gain an understanding of the different forms of cultural borrowing and exchange that have shaped a terrain through which African Americans and Latinas os cross paths intersect move in parallel tracks and engage with a whole range of aspects of urban living Tensions and shared intimacies

are recurrent themes that emerge as the contributors seek to integrate artistic and cultural constructs with politics and economics in their goal of extending simple paradigms of conflict cooperation or coalition The book features essays by historians economists and cultural and ethnic studies scholars alongside contributions by photographers and journalists working in Los Angeles

The History of Forgetting Norman M. Klein, 2020-05-05 Los Angeles is a city which has long thrived on the continual re creation of own myth In this extraordinary and original work Norman Klein examines the process of memory erasure in LA Using a provocative mixture of fact and fiction the book takes us on an anti tour of downtown LA examines life for Vietnamese immigrants in the City of Dreams imagines Walter Benjamin as a Los Angeleno and finally looks at the way information technology has recreated the city turning cyberspace into the last suburb In this new edition Norman Klein examines new models for erasure in LA He explores the evolution of the Latino majority how the Pacific economy is changing the structure of urban life the impact of collapsing infrastructure in the city and the restructuring of those very districts that had been forgotten

Building the Body Politic Margaret E. Farrar, 2008 Power language and urban planning politics in Washington D C

Policing Public Disorder David Waddington, 2013-05-13 This book draws on a wide range of studies of collective conflict and the policing of crowds and social movements to provide an understanding of the causes and management of public disorder It seeks to describe and explain the processes by which the police interpret and respond to instances of public disorder to account for variations in their strategies and tactics and to identify the conditions in which police interventions or inaction may serve to enhance or reduce the potential for wider confrontation In addition to providing a penetrating review and critique of relevant theory the author employs a combination of existing studies and first hand research to explore the lessons both practical and theoretical of recent examples of British and American urban disorders the policing of worldwide anti globalisation protests such as the British G8 protests of 2005 and the activities of British football fans abroad between 1990 and 2006 These case studies are brought together to provide an engaging and sharply focused explanation and evaluation of contemporary police methods for avoiding or controlling public disorder Policing Public Disorder will be essential reading for anyone with an interest in policing crowd behaviour and issues around public order and disorder

Governing American Cities Michael Jones-Correa, 2001-11-29 The new immigrants who have poured into the United States over the past thirty years are rapidly changing the political landscape of American cities Like their predecessors at the turn of the century recent immigrants have settled overwhelmingly in a few large urban areas where they receive their first sustained experience with government in this country including its role in policing housing health care education and the job market Governing American Cities brings together the best research from both established and rising scholars to examine the changing demographics of America s cities the experience of these new immigrants and their impact on urban politics Building on the experiences of such large ports of entry as Los Angeles New York Miami Houston Chicago and Washington D C Governing American Cities addresses important questions about the incorporation of

the newest immigrants into American political life Are the new arrivals joining existing political coalitions or forming new ones Where competition exists among new and old ethnic and racial groups what are its characteristics and how can it be harnessed to meet the needs of each group How do the answers to these questions vary across cities and regions In one chapter Peter Kwong uses New York s Chinatown to demonstrate how divisions within immigrant communities can cripple efforts to mobilize immigrants politically Sociologist Guillermo Grenier uses the relationship between blacks and Latinos in Cuban American dominated Miami to examine the nature of competition in a city largely controlled by a single ethnic group And Matthew McKeever takes the 1997 mayoral race in Houston as an example of the importance of inter ethnic relations in forging a successful political consensus Other contributors compare the response of cities with different institutional set ups some cities have turned to the private sector to help incorporate the new arrivals while others rely on traditional political channels Governing American Cities crosses geographic and disciplinary borders to provide an illuminating review of the complex political negotiations taking place between new immigrants and previous residents as cities adjust to the newest ethnic succession A solution oriented book the authors use concrete case studies to help formulate suggestions and strategies and to highlight the importance of reframing urban issues away from the zero sum battles of the past

The City, Revisited Dennis R. Judd, Dick W. Simpson, 2011 Reexamining urban scholarship for the twenty first century *L.A.'s Titans of Temple Street* Tom Sitton, 2023-03-29 This book studies Los Angeles County and its government since World War II A special focus is given to the Titans of Temple Street the five member Board of Supervisors that determines policies and actions for many issues throughout the county especially for residents who do not live in the county s 88 cities It is the largest of all U S counties with a population of more than 10 million more residents than 41 states and an annual budget of more than 44 billion more than all but 19 states It has served as an innovative example of county government since the early 1900s

[Race, Space, and Riots in Chicago, New York, and Los Angeles](#) Janet L. Abu-Lughod, 2007-09-10 Race Space and Riots in Chicago New York and Los Angeles weaves together historical narratives of major riots with the changing contexts in which they have occurred to show how urban space politics and economic conditions not simply an abstract race conflict all structure the form and virulence of urban rebellions Comparing six major race riots that occurred in the three largest American metropolitan centers Abu Lughod draws upon archival research primary and secondary sources and field work to reconstruct events especially for the 1964 Harlem riot and Chicago s 1968 riots where no single study currently exists

Beyond Redistribution Kevin M. Graham, 2012-07-10 Since the publication of John Rawls s A Theory of Justice in 1971 political philosophers in the English speaking world have shared a broad consensus that social justice should be understood as a matter of fair distribution of social resources Many contemporary political philosophers disagree sharply about what would count as a fair distribution of social resources yet agree that if social resources were to be distributed fairly then social justice would exist In Beyond Redistribution Kevin M Graham argues that political theories operating on a distributive

understanding of social justice fail to address adequately certain forms of social injustice related to race Graham argues that political philosophy could understand race related injustice more fully by shifting its focus away from distributive inequities between whites and nonwhites and toward white supremacy the unfair power relationships that allow whites to dominate and oppress nonwhites Beyond Redistribution offers a careful detailed critique of the positions of leading contemporary liberal political philosophers on race related issues of social justice Graham s analysis of the racial politics of police violence and public education in Omaha Nebraska vividly illustrates why the search for racial justice in the United States must move beyond redistribution

Anthropology of Los Angeles Jenny Banh,Melissa King,2017-01-23 The Anthropology of Los Angeles Place and Agency in an Urban Setting questions the production and representations of L A by revealing the gray spaces between the real and imagined city Contributors to this urban ethnography document hidden histories that connect daily actors within cultural systems to global social formations This diverse collection is recommended for scholars of anthropology history sociology race studies gender studies food studies Latin American studies and Asian studies

Seeking El Dorado Lawrence B. de Graaf,Kevin Mulroy,Quintard Taylor,2014-07-01 From the 18th century African Americans like many others have migrated to California to seek fortunes or often the more modest goals of being able to find work own a home and raise a family relatively free of discrimination Not only their search but also its outcome is covered in Seeking El Dorado Whether they settled in major cities or smaller towns African Americans created institutions and organizations churches social clubs literary societies fraternal orders civil rights organizations that embodied the legacy of their past and the values they shared Blacks came in search of the same jobs as other Americans but the search often proved frustrating Throughout the 19th and 20th centuries African American leadership in the state consistently focused on achieving racial justice The essays in this book speak of triumph and hardship success discrimination and disappointment Seeking El Dorado is a major contribution to black history and the history of the American West and will be of interest to both scholars and general readers

A Companion to Korean American Studies Rachael Miyung Joo,Shelley Sang-Hee Lee,2018-06-12 A Companion to Korean American Studies presents interdisciplinary works from a number of authors who have contributed to the field of Korean American Studies This collection ranges from chapters detailing the histories of Korean migration to the United States to contemporary flows of popular culture between South Korea and the United States The authors present on Korean American history gender relations cultural formations social relations and politics Contributors are Sohyun An Chinbo Chong Angie Y Chung Rhoanne Esteban Sue Je Lee Gage Hahrie Han Jane Hong Michael Hurt Rachael Miyung Joo Jane Junn Miliann Kang Ann H Kim Anthony Yooshin Kim Eleana Kim Jinwon Kim Ju Yon Kim Kevin Y Kim Nadia Y Kim Soo Mee Kim Robert Ji Song Ku EunSook Lee Se Hwa Lee S Heijin Lee Shelley Sang Hee Lee John Lie Pei te Lien Kimberly McKee Pyong Gap Min Arissa H Oh Edward J W Park Jerry Z Park Josephine Nock Hee Park Margaret Rhee and Kenneth Vaughan
