Jione Havea

Losing Ground:

Losing Ground Jione Havea, 2022-07-07 The Ruth narrative opens with a climate crisis a famine pushed a family to migrate and addresses some of the critical concerns for refugees food security home land inheritance Around those concerns *Losing Ground* Reading Ruth in the Pacific offers a collection of bible studies from the Pacific that interweave the climate pandemic with the interests and wisdoms of Pasifika natives Weaving Ruth's story together with the stories of those who as Pacific islanders on the frontline of a climate catastrophe are forced to leave their homes because of rising sea levels Pasifika bible scholar Jione Havea offers a powerful and potent contribution which refuses to pretend scripture can be read separately from the every day realities of a climate emergency

Losing Ground David M. Burley, 2010-04-26 What is it like to lose your front porch to the ocean To watch salt water destroy your favorite fishing holes To see playgrounds and churches subside and succumb to brackish and rising water The residents of coastal Louisiana know For them hurricanes are but exclamation points in an incessant loss of coastal land now estimated to occur at a rate of at least twenty four square miles per year In *Losing Ground* coastal Louisianans communicate the significance of place and environment During interviews taken just before the 2005 hurricanes they send out a plea to alleviate the damage They speak with an urgency that exemplifies a fear of losing not just property and familiar surroundings but their identity as well People along Louisiana's southeastern coast hold a deep attachment to place and this shows in the urgency of the narratives David M Burley collects here The meanings that residents attribute to coastal land loss reflect a tenuous and uprooted sense of self The process of coastal land loss and all its social components from the familial to the political impacts these residents concepts of history and the future Burley updates many of his subjects narratives to reveal what has happened in the wake of the back to back disasters of Hurricanes Katrina and Rita

Losing Ground John R. Nolon, Daniel B. Rodriguez, 2007 This book calls attention to the emerging issues involved in building on the edge of environmentally vulnerable places explores why we do this and proposes ways to mitigate its impact The challenge of public policy is to acknowledge and challenge the conflicts inherent in modern planning philosophy in the service of sensible environmental regulation

Visions of Poverty Robert Asen, 2012-01-01 Images of poverty shape the debate surrounding it In 1996 then President Bill Clinton signed welfare reform legislation repealing the principal federal program providing monetary assistance to poor families Aid to Families with Dependent Children AFDC With the president's signature this originally non controversial program became the only title of the 1935 Social Security Act to be repealed The legislation culminated a retrenchment era in welfare policy beginning in the early 1980s To understand completely the welfare policy debates of the last half of the 20th Century the various images of poor people that were present must be considered *Visions of Poverty* explores these images and the policy debates of the retrenchment era recounting the ways in which images of the poor appeared in these debates relaying shifts in images that took place over time and revealing how images functioned in policy debates to advantage some positions and disadvantage

others Looking to the future Visions of Poverty demonstrates that any future policy agenda must first come to terms with the vivid disabling images of the poor that continue to circulate In debating future reforms participants whose ranks should include potential recipients ought to imagine poor people anew This ground breaking study in policymaking and cultural imagination will be of particular interest to scholars in rhetorical studies political science history and public policy
