Lost Men:

The Lost Men Kelly Tyler-Lewis, 2007-03-27 The untold story of the last odyssey of the heroic age of Antarctic exploration Sir Ernest Shackleton's 1914 Antarctic endeavor is legend but for sheer heroism and tragic nobility nothing compares to the saga of the Ross Sea party This crew of explorers landed on the opposite side of Antarctica from the Endurance with a mission to build supply depots for Shackleton's planned crossing of the continent But their ship disappeared in a gale leaving ten inexperienced ill equipped men to trek 1 356 miles in the harshest environment on earth Drawing on the men's own journals and photographs *The Lost Men* is a masterpiece of historical adventure a book destined to be a classic in the vein of *Into Thin Air* *Statistical Abstract of the United States*, 1933 The Four Lost Men Thomas Wolfe, 2008 This is the never before published extended version of Wolfe's short story in memory of his father *The Four Lost Men* is the first publication of the long version of Wolfe's story of familial and national reflection set during World War I Wolfe supplies a moving portrait of his dying father as well as a rich mediation on American history and ambitions on the verge of America's entry into a broadening global conflict Discussion of the title characters Presidents Garfield Arthur Harrison and Hayes provides opportunity for assessment of the mood and promise of the nation as well as reflection on the obstacles that had obscured paths toward untapped American potential Garfield Arthur Harrison and Hayes the four Republican presidents who followed Grant during the Reconstruction and post Reconstruction eras were all Civil War generals and self made men though none experienced a particularly distinguished term in office These presidents are iconic figures in the stories and political musings of the narrator's dying father In his efforts to understand their importance to his father the teenaged narrator comes to appreciate the act of storytelling that redefines these men in his father's memory and in turn redefines his father in his own memory Originally published as a short story of 7 000 words in *Scribner's Magazine* in 1934 and later abridged by 1 000 words for reissue in the 1935 anthology *From Death to Morning* Wolfe's expanded tale is published here for the first time in its intended form and full length of some 21 000 words Editors Arlyn and Matthew J Brucoli have employed the same methods to reestablish this text as they used to wide acclaim in their centennial edition of *O Lost The Story of a Buried Life* the unabridged version of Wolfe's *Look Homeward Angel* The reestablishment of the long version of *Four Lost Men* opens an undeveloped area of scholarship into Wolfe's short fiction and serves as a model for restoring other such works **Weill's Musical Theater** Stephen Hinton, 2012-04-10 This book the first scholarly consideration of Weill's complete output of stage works is without doubt the most important critical study of the composer's oeuvre to date in any language Hinton's scholarship is superior and his insights original and illuminating The product of several decades of engagement with Weill's works their sources and reception as well as the secondary literature the book is a stunning achievement Brilliantly conceived and executed it will take its place as one of the cornerstones of Weill studies Kim H Kowalke University of Rochester and President Kurt Weill Foundation for Music In *Weill's Musical Theater Stages of Reform* Stephen Hinton

reminds us that Kurt Weill was always a revolutionary The composer's insistent dedication to a provocative constantly evolving lyric theater that spoke directly to audiences meant that Weill remained as controversial as he was popular The celebrity that endeared him to Broadway made him anathema in Berlin Some sixty years after Weill's death Hinton is finally able to demonstrate the consistent brilliance theatrical power and coherence of a composer who revolutionized every genre he touched or used and whose collaborators read as a who's who of twentieth century theater David Savran author of *Highbrow Lowdown Theater Jazz and the Making of the New Middle Class* Stephen Hinton presents us with an image of Weill that is at once monumental yet still alive A truly Protean figure Weill is not an easy man to grasp in his totality Brecht once wrote that a man thrown into water will have to develop webbed feet and as a refugee from Nazi Germany Weill had to become a cultural amphibian But in Weill's Musical Theater we see the composer from every angle through the gaze of countless critics and reviewers through Weill's own eyes and finally through the filter of Hinton's judicious focused prose This account will stand Daniel Albright author of *Untwisting the Serpent Modernism in Music Literature and Other Arts*

The Art of Floating Kristin Bair O'Keeffe, 2014-04-01 At a time when nothing seems real it takes something truly unusual to put your life into focus When her beloved husband Jackson disappeared without a trace popular novelist Sia Dane stopped writing closed down her house stuffed her heart into a cage and started floating It wasn't the normal response to heartache but Sia rarely did things the normal way Exactly one year one month and six days after Jackson's disappearance Sia discovers a mysterious man on the beach He's mute unresponsive and looks as if he has just walked out of the sea It's the sort of situation Jackson would have solved with a simple call to the police But Jackson is gone As unreal as he seems Sia is determined to help this man Perhaps she can return him to his place in the world to whoever lost him and loves him Perhaps she can answer their questions the way no one could answer hers But as her friends and family help her winnow her way to the truth Sia comes to realize that the unfathomable leap between sorrow and healing begins with a single step

Para-Sites George E. Marcus, 2000-04-15 *Para Sites* the penultimate volume in the Late Editions series explores how social actors located within centers of power and privilege develop and express a critical consciousness of their own situations Departing from the usual focus of ethnography and cultural analysis on the socially marginalized these pieces probe subjects who are undeniably complicit with powerful institutional engines of contemporary change In each case the possibility of alternative thinking or practices is in complex relation to the subject's source of empowerment These cases challenge the condition of cynicism that has been the favored mode of characterizing the mind set of intellectuals and professionals comfortable in their lives of middle class consumption and work In their effort to establish para sites of critical awareness parallel to the levels of political and economic power at which they function these subjects suggest that those who lead ordinary lives of modest power and privilege might not be parasites in relation to the systems they serve but may be creating unique and independent critical perspectives
