Full Moon over Noah's Ark Rick Antonson,2016-04-12 Acclaimed travel writer Rick Antonson sets his adventurous compass on Mount Ararat exploring the region's long history religious mysteries and complex politics Mount Ararat is the most fabled mountain in the world For millennia this massif in eastern Turkey has been rumored as the resting place of Noah's Ark following the Great Flood But it also plays a significant role in the longstanding conflict between Turkey and Armenia Author Rick Antonson joined a five member expedition to the mountain's nearly 17 000 foot summit trekking alongside a contingent of Armenians for whom Mount Ararat is the stolen symbol of their country Antonson weaves vivid historical anecdote with unexpected travel vignettes whether tracing earlier mountaineering attempts on the peak recounting the genocide of Armenians and its unresolved debate or depicting the Kurds ambitions for their own nation's borders which some say should include Mount Ararat What unfolds in Full Moon Over Noah's Ark is one man's odyssey a tale told through many stories Starting with the flooding of the Black Sea in 5600 BCE through to the Epic of Gilgamesh and the contrasting narratives of the Great Flood known to followers of the Judaic Christian and Islamic religions Full Moon Over Noah's Ark takes readers along with Antonson through the shadows and broad landscapes of Turkey Iraq Iran and Armenia shedding light on a troubled but fascinating area of the world Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home      *The Last Noah* David Cuff,2019-10-08 The Last Noah is a unique take on the sci fi genre that throws questions at you from the word go Robin and Miranda go to bed in their separate rooms but wake up somewhere else Somewhere that is alien and way outside their comfort zone However as they discover more about their new surroundings and have several unusual and action packed adventures they begin to suspect that all may not be as it first seemed As the days progress their passion for each other grows as their relationship develops emotionally and physically However is someone or something watching them Why do they keep discovering things that don't feel right And what's the story behind the various androids who they meet during their adventures Follow the mysterious adventures of our two unwilling space travellers and discover what is really going on Some more reviews from other sales sites An unseen presence consistent and ever present drives the story forward with a strong sense of mystery and a need to know more Interesting plotline with

masterful twists and turns that are tied up in a nice bow at the end *The Last Noah* by David Cuff is a worthy sci fi novel. Puzzling at times, mysterious and absolutely captivating, I read the entire book in one day, entranced all the way through. This wonderful ability to relate the story so finely by Cuff adds immense enjoyment to the overall reading experience. *The Last Noah* is a fine addition to anyone's book collection who loves a good space adventure. *Miraculous Messages* David W. Balsiger, Charles E. Sellier, 2008. It is a mystery to which all of mankind is seeking the answer. Beginning with the story of Noah and woven throughout the pages of the Bible is a thread that ties together our past, present, and future: a series of supernatural messages that carry the keys to life, death, and eternity. Can these miraculous messages provide answers to life's most fundamental questions? What is mankind's purpose on Earth? What does the future hold? Will we escape impending End Times catastrophic events? Our quest for answers to these tough questions leads us to a mountaintop in eastern Turkey and to the remains of a 5,000-year-old wooden ship. Could this be Noah's Ark? You will be amazed at what has been discovered. Book jacket

**View from the Ark** Diana Prince, 2015-03-12. About the Book: *View from the Ark* is a groundbreaking book documenting the work of American researcher David Fasold and what is today believed to be the authentic site of Noah's Ark. Fasold's extensive scientific work was the basis for the Turkish government's official and only declaration that Noah's Ark has been found. The site lies in the mountains of Ararat near the Turkish village of Dogubayazit. This area is now designated as a national park, and the ark site designated in the Turkish as Nuhun Gemisi is now a national treasure. Fasold was formerly with the United States Merchant Marines and had traveled the world. He later spent years operating a successful salvaging business in Florida, exploring sunken ships and aircraft, and was a close friend of the legendary Mel Fisher. Fasold brought his comprehensive nautical skills and understanding of fluid dynamics together with his knowledge of ancient cultures. He then used new technology to answer old questions. He used a molecular frequency generator and later ground-penetrating radar, a technology formerly used in projects by NASA. But it was his keen ability to put the pieces together into a coherent whole that brought his work to the attention of the world. Recognized by Turkey's High Commission for Noah's Ark and under the direction of Dr. Salim Baraktutan of Ataturk University in Erzurum, Turkey, Fasold was the only non-Turkish person ever allowed to sit as a member of the commission.

**The Last Ship** William Brinkley, 2014-05-28. Hailed as an extraordinary novel of men at war, *The Washington Post* calls this the book that inspired the TNT television series starring Eric Dane. Rhona Mitra, Adam Baldwin, and Michael Bay as Executive Producer. The unimaginable has happened. The world has been plunged into all-out nuclear war. Sailing near the Arctic Circle, the U.S.S. Nathan James is relatively unscathed, but the future is grim, and Captain Thomas is facing mutiny from the tattered remnants of his crew. With civilization in ruins, he urges those that remain—one hundred and fifty-two men and twenty-six women—to pull together in search of land. Once they reach safety, however, the men and women on board realize that they are Earth's last remaining survivors, and they've all been exposed to radiation. When none of the women seems able to conceive, fear sets in. Will this be the end of humankind?

**Flood Legends**

Charles Martin,2009 The story of the Deluge or the Global Flood of Noah permeates nearly every culture in the world in some way shape or form While details vary between the different cultures the same basic elements occur in all versions Despite the striking similarities of these accounts some mythologists have looked at the minor differences in the stories and declared This never happened There is another alternative to accept that the different versions all refer to the same event passed on from generation to generation through various developing cultures Through these legends this epic event has remained woven into the tapestry of cultural history sharing not just the story of survival but the power of obedience and the fulfillment of God s enduring promise *From the Ashes of Angels* Andrew Collins,2001-09-01 Provides convincing evidence that angels demons and fallen angels were flesh and blood members of a giant race predating humanity spoken of in the Bible as the Nephilim Indicates that the earthly paradise of Eden was a realm in the mountains of Kurdistan By the author of Gateway to Atlantis Our mythology describes how beings of great beauty and intelligence who served as messengers of gods fell from grace through pride These angels also known as Watchers are spoken of in the Bible and other religious texts as lusting after human women who lay with them and gave birth to giant offspring called the Nephilim These religious sources also record how these beings revealed forbidden arts and sciences to humanity transgressions that led to their destruction in the Great Flood Andrew Collins reveals that these angels demons and fallen angels were flesh and blood members of a race predating our own He offers evidence that they lived in Egypt prior to the ancient Egyptians where they built the Sphinx and other megalithic monuments before leaving the region for what is now eastern Turkey following the cataclysms that accompanied the last Ice Age Here they lived in isolation before gradually establishing contact with the developing human societies of the Mesopotamian plains below Humanity regarded these angels described as tall white haired beings with viperlike faces and burning eyes as gods and their realm the paradise wherein grew the tree of knowledge Andrew Collins demonstrates how the legends behind the fall of the Watchers echo the faded memory of actual historical events and that the legacy they have left humanity is one we can afford to ignore only at our own peril **The Explorers of Ararat and the Search for Noah's Ark**

Locus Solus Selen Ansen,Süreyyya Evren,2022-06-01 Arter initiated a new publication series ARTER BACKGROUND in 2019 to accompany exhibitions drawn from its collection which holds more than 1 400 works of art The fourth book of the series accompanies Locus Solus which brings together selected works from the Arter Collection with several large scale installations including site specific new productions with an aim to explore the idea of nature through the lens of facts fictions and emotions In the book excerpts of textual and visual contents selected around the ideas active in the curatorial process of the exhibition are complemented by new works produced specifically for this context While the exhibition curated by Selen Ansen deals with the ways in which nature and culture permeate and affect each other the accompanying

publication through its distinctive editorial structure features texts pointing towards extinct territories subconscious landscapes foreign lands fictive rooms heres elsewheres and nowheres wonderlands heavenly earthly and subterranean realms alongside commissioned essays by Sena Ba z Pascal Janovjak and Su Pola This book reflects the exhibition which it accompanies and whose spaces and reflections on the idea of nature it extends It amounts to a territory the contours of which are fluid semi autonomous inhabited by a variety of spaces and times One may peruse it while sitting standing or lying down in broad daylight or when the night has fallen in clear or foul weather in or outdoors just as one would with any other book that fell into one s hands One will probably make one s way into it unaccompanied since it is customary to read alone and in silence Once inside it will be preferable to keep one s eyes open in order to understand where one sets foot yet not to neglect to close them so as to be able to wander off beyond its borders This neither too long neither too short book is also a body a hybrid body composed of heterogeneous worlds and points of view assembled according to the good neighbour principle so cherished by Aby Warburg It compiles fragments of texts uprooted from their original context some of which are published as a whole others devised within the framework of the exhibition It also contains images some speechless others quite talkative which again have been deterritorialised moved out of their original context in order to become reterritorialised in new surroundings One will find less theory here than fiction fewer essays than narrations versified poetry and free prose a manifesto dictionary and encyclopaedia pages more solitude than crowds more vegetation than concrete at least as many unspoken as vocalised thoughts Selen Ansen with contributions by Sena Ba z John Berger Jen Bervin Karl Blossfeldt Richard Brautigan Charles Burns Joseph Conrad Julio Cort zar Karel apek Evliy elebi Ferit Edg Helmut Eisendle Gianni Guadalupi Marlen Haushofer Robert Hooke Pascal Janovjak Kamo no Ch mei Gizem Karaka Tetsumi Kudo D H Lawrence Leo Lionni Lucretius Maurice Maeterlinck Xavier de Maistre Alberto Manguel Winsor McCay Claudio Morandini Murathan Mungan Bar Pirhasan Pliny the Elder Su Pola Robert Pufleb Jochen Rai Iv n Repila Raymond Roussel Nadine Schlieper Carl Seelig Gertrude Stein Michel Tournier Robert Walser Aby Warburg Lynd Ward Volkan Yalazay Ancient Aliens and Secret Societies Mike Bara,2015-03-17 Did ancient visitors of extraterrestrial origin come to Earth long long ago and fashion man in their own image Did they then lift the human race out of the ashes of a great global catastrophe around 10 500 BC Were the science and secrets that they taught the ancients intended to be a guide for all humanity to the present era Was this crucial information about our future and our true past hijacked by secretive cabals some with bad intent and some with altruistic designs who have held these secrets over the millennia New York Times bestselling author Mike Bara says the answer to each of these questions is yes He examines ancient documents including the Bible to delve into the true story of the beginnings of mankind He establishes the reality of the major catastrophe that jolted the human race and traces the history of secret societies from the priesthood of Amun in Egypt to the Templars in Jerusalem and the Scottish Rite Freemasons He shows how the spiritual wisdom and scientific knowledge the ETs sought to bestow on all humanity were

kept by these secret societies for their own benefit The influence of these sects and their extraterrestrial ties are said to be the stuff of myth but Bara will show readers that this influence is all too real extending even into the political arena He has a very interesting take on the Kennedy assassination Bara also reveals the true origins of NASA and exposes the bizarre triad of secret societies in control of that agency since its inception In the end Bara shows how NASA is manipulating the space program to fulfill occult purposes which may lead to our meeting the very ETs we have been inextricably linked with since the beginning     *Noah's Ark and the Ziusudra Epic* Robert M.
