Ludwig Lewisohn Ludwig Lewisohn, 1950 **The Magic Word** Ludwig Lewisohn, 1950 **The Life and Work of Ludwig Lewisohn** Ralph Melnick, 2018-05-02 Biography of Ludwig Lewisohn's life until 1934 an imposing literary figure in America and Europe during the first half of the twentieth century An imposing literary figure in America and Europe during the first half of the twentieth century Ludwig Lewisohn 1882 1955 struggled with feelings of alienation in Christian America that were gradually resolved by his developing Jewish identity a process reflected in hundreds of works of fiction literary analysis and social criticism Born in Berlin Lewisohn moved with his family in 1890 to South Carolina Identified by others as a Jew he remained an outsider throughout his youth Lewisohn became a notable scholar and translator of German and French literature teaching at Wisconsin and Ohio State Following his mother's death in 1914 he began to explore the Jewish life he had rejected and by 1920 became a Zionist committed to fighting assimilation Accusatory and inflammatory his memoir *Up Stream* 1922 struck at the very heart of American culture and society and caused great controversy and lasting enmity As strong emotional influences the women in Lewisohn's life his mother and four wives helped to frame his life and work Believing himself liberated by the woman he declared his spiritual wife while legally married to another he proclaimed the artist's right to freedom in *The Creative Life* 1924 abandoned his editorship at *The Nation* and fled to Europe Lewisohn's fictionalized account of his failed marriage *The Case of Mr Crump* 1926 once again attacked the empty morality of this world and won Sigmund Freud's praise as the greatest psychological novel of the century A creator of one of Paris's leading salons Lewisohn ended his leisurely writer's life in 1934 to awaken America to the growing Nazi threat Poised to face the unfinished marital battle at home but anxious to engage in the coming struggle for Jewish survival and the future of Western civilization he set sail unsure of what lay ahead **Ludwig Lewisohn** Seymour Lainoff, 1982 [Catalog of Copyright Entries. Andrew Yost, 2022-08-24 The world is disenchanted Rationalization intellectualization and scientism rule the day We used to see the world as a magical place but now it's just a material space How did we get here The shift comes in part from the rise of a certain kind of secularism one that reduces human experiences to whatever is explainable through observation Love It's just a biological drive Joy a rush of adrenaline Beauty an influx of dopamine If you can't test it it isn't true or so the thinking goes *The Romantic Life* draws upon eighteenth and nineteenth century Romanticism to provide five strategies to re-enchant the world five ways to imbue the world with meaning truth and beauty According to the Romantics far from being useless encounters with impractical things like the imagination nature symbolism sincerity and the sublime give our lives a richness and depth

that cannot be attained on a purely material account of the world By learning from their example we can come to see into the life of things as William Wordsworth called it We can be re enchanted Saturday Review of Literature ,1950 *The Poetry of Search and the Poetry of Statement* Dorothy L. Sayers,2006-01-01 Introducing the Dante Papers Trilogy Introductory Papers on Dante Further Papers on Dante The Poetry of Search and the Poetry of Statement The Poetry of Search with which the book opens puts forward the suggestion that controversy about what kind of thing poetry ought to be has tended to overlook the fact that there are two kinds of poetry corresponding roughly to the categories of Romantic and Classical but which she prefers to describe as the Poetry of Search and the Poetry of Statement The poet of search writes to find out what he feels Keats is an example and the poet of statement writes to tell what he knows and here Dante is the master Dante the Maker which follows discusses two examples of this method as poet of statement First how the whole of the Paradiso is built like a bridge between the first and the last terrains and how roads from all the other parts of the poem run together to one point from which to pass over that bridge secondly how from a single unadorned statement in the seventh canto the reader who shares Dante s background may construct a whole labyrinth of associated imagery turning and returning perpetually upon the central affirmation of fact in which a whole complex of meanings lies implicit The Collected Works: 200+ Novels, Plays, Poems, Essays & Autobiography Johann Wolfgang von Goethe,2023-12-09 In The Collected Works 200 Novels Plays Poems Essays Autobiography Johann Wolfgang von Goethe presents an unparalleled tapestry of German literature that showcases his multifaceted genius His oeuvre embodies the convergence of Enlightenment ideals with Romantic sensibilities characterized by a profound exploration of individualism and nature The collection includes seminal works such as Faust which delves into the human condition through a Faustian bargain and his lesser known poetic and autobiographical writings that reveal his philosophical contemplations on life love and art Goethe s lyrical prowess and narrative innovation make this collection an essential study of literary evolution and cultural commentary in Western literature As a pivotal figure of the Sturm und Drang movement and later a key player in the Weimar Classicism literary era Goethe s life experiences greatly informed his writing Born in 1749 in Frankfurt he was a polymath whose pursuits spanned art science and politics His engagement with the contemporary intellectual currents of his time undoubtedly shaped his thematic choices encouraging readers to confront existential dilemmas and embrace the complexities of human experience This comprehensive collection is highly recommended for both scholars and general readers alike as it invites a deep engagement with Goethe s literary artistry and philosophical inquiries Readers will find themselves captivated by the rich emotional depth and intellectual rigor present in these works gaining invaluable insights into the fabric of human existence through Goethe s nuanced lens **The Saturday Review of Politics, Literature, Science and Art** ,1861 The Saturday Review of Politics, Literature, Science, Art, and Finance ,1891 *The Eclectic Magazine of Foreign Literature, Science, and Art* ,1886 **Oral Poetry** Ruth Finnegan,2018-05-16 This classic study is an introduction to oral poetry a

broad subject which Ruth Finnegan interprets as ranging from American folksongs Eskimo lyrics and modern popular songs to medieval oral literature the heroic poems of Homer and recent epic compositions in Asia or the Pacific The book employs a broad comparative perspective and considers oral poetry from Africa Asia and Oceania as well as Europe and America The results of Finnegan's vast research illuminate and suggest fresh conclusions to many current controversies the nature of oral tradition and oral composition the notion of a special oral style possible connection between types of poetry and types of society the differences between oral and written communication and the role of poets in non literate societies Drawing on insights from anthropology and literary scholarship Oral Poetry attempts to create a greater appreciation of the literary aspects of this fascinating form of poetry Finnegan quotes extensively from a wide variety of sources mainly in translation The discussion is presented in non technical language and will be of interest not only to sociologists and social anthropologists but also to all those interested in comparative literature and in folk poetry from cultures around the world The re issue of this text widely used in folklore anthropology and comparative literature courses comes at an appropriate juncture in interdisciplinary scholarship which is witnessing the breakdown of traditional disciplinary boundaries and an increase in the comparative study of oral poetry For this volume Ruth Finnegan has provided a new foreword relating the text to more recent developments

Toward a Holy Ecology Ellen Bernstein, 2024-02-20 The Song of Songs is among the most accessible of all biblical books It is also the most deeply ecological text of the canon yet few people are aware of the Song's ecological message The intention of *Toward a Holy Ecology Reading the Song of Songs in the Age of Climate Crisis* is to illuminate that message Today there is such urgency around our many earth crises so much brokenness that we need a vision of wholeness and an ecological language that can help inspire soothe and reinvigorate us and bring us together regardless of our various affiliations and ideologies The Song offers both ecological language and a vision It sets the natural world before us with intensity and beauty bidding us to savor it with all of our senses so that we may return to the world with the renewed clarity love and energy necessary to work toward a healthy future for the earth and all her inhabitants The Song is a particularly powerful book since it never utters the name of the divine yet is a deeply spiritual work that may reach people who are interested in matters of the sacred but prefer to steer clear of God language and conventional religious ideas In both the Jewish and Christian worlds where many people are disengaging from religion altogether the Song with its universal themes of love justice and the integrity of nature may help open the door to the possibilities which religion has to offer *Toward a Holy Ecology Reading the Song of Songs in an Age of Climate Crisis* seeks to engage a wide readership including all people who love the earth and its inhabitants outdoor enthusiasts spiritual seekers poets feminists and students of the humanities religion and ecology
