Modeling as Your Job PJ Medina,2013-01-23 I too like you dreamed of someday becoming a model and seeing myself on a giant billboard on 42d street and Time Square But unlike you in those days the early 1980s there were no books on the subject of becoming a Model or very few So after having doors slammed in my face and losing money on useless schools pictures and three years of my life trying to make a career I gave up my dream of ever becoming a Model However through mi trials I have learned a great deal One day a friend who was starting his own career as a Model asked How do I go about landing an agent So I told him what little I remembered It turned out that the little I knew was a lot of information He turned to me and said Why if you know so much wont you manage my career I replied I cant manage you you have to mange yourself At point the seed was planted for this book So I began a quest researching books talking with people in the business and interviewing fashion designers to understand what they are looking for in a Model This book was born Modeling As Your Job A step by step guild on how you can become a working Model
