The Modern Christian: And the Church Marcus Yono, 2015-06-10 How can you tell if you are a modern Christian Many would look at the title of this book and assume it has to do with a Christian who is in touch with the times and whose life style reflects the same Our faith is based on the only true God who never changes For that we should be thankful because He is always consistent with His grace love promises and forgiveness God only cares about where we are going and not where we have been In other words leave the past behind and trust Him with your future Remember what is in our hearts matters more than our words or our works True faith changes us forever all who know us will see it in us

The Encyclopedia of Christian Literature George Thomas Kurian, James D. Smith III, 2010-04-16 The written word is one of the defining elements of Christian experience As vigorous in the 1st century as it is in the 21st Christian literature has had a significant function in history and teachers and students need to be reminded of this powerful literary legacy Covering 2 000 years The Encyclopedia of Christian Literature is the first encyclopedia devoted to Christian writers and books In addition to an overview of the Christian literature this two volume set also includes 40 essays on the principal genres of Christian literature and more than 400 bio bibliographical essays describing the principal writers and their works These essays examine the evolution of Christian thought as reflected in the literature of every age The companion volume also features bibliographies an index a timeline of Christian Literature and a list of the greatest Christian authors The encyclopedia will appeal not only to scholars and Christian evangelicals but students and teachers in seminaries and theological schools as well as to the growing body of Christian readers and bibliophiles

The Origins of Early Christian Literature Robyn Faith Walsh, 2021-01-28 Conventional approaches to the Synoptic gospels argue that the gospel authors acted as literate spokespersons for their religious communities Whether described as documenting intra group oral traditions or preserving

the collective perspectives of their fellow Christ followers these writers are treated as something akin to the Romantic poet speaking for their Volk a questionable framework inherited from nineteenth century German Romanticism In this book Robyn Faith Walsh argues that the Synoptic gospels were written by elite cultural producers working within a dynamic cadre of literate specialists including persons who may or may not have been professed Christians Comparing a range of ancient literature her ground breaking study demonstrates that the gospels are creative works produced by educated elites interested in Judean teachings practices and paradoxographical subjects in the aftermath of the Jewish War and in dialogue with the literature of their age Walsh s study thus bridges the artificial divide between research on the Synoptic gospels and Classics
