Modern Feminist Thought:

Modern Feminist Thought Imelda Whelehan, 1995-07 Outlines the main features of major strands in contemporary second wave feminist thought and debates the place of feminism in social political and personal life during the 1990s After a retrospective of feminist thought from the 1960s through the mid 1980s chapters present the origins of aspects of second wave feminism such as liberal socialist radical lesbian and black feminism and discuss feminist debates in the 1980s and 1990s men in feminism the media and feminist superstars and theoretical developments Annotation copyright by Book News Inc Portland OR The Genealogy of Modern Feminist Thinking Ingeborg W. Owesen, 2021-03-25 Within much contemporary feminist theory there is a tendency to forget or ignore its own historicity and consider itself as primarily oriented towards the present This book explores the historical roots of some of feminism's central concepts and debates examining the philosophical conditions for feminist thought and taking as its point of departure the dynamic relationship between feminist thought and the history of philosophy With close attention to the genealogy of key concepts such as equality sex gender and difference alongside discussions of contemporary gender equality policy and contextual understandings of central figures including Wollstonecraft Beauvoir and Irigaray The Genealogy of Modern Feminist Thinking provides an analysis of feminism from its origins in the Early Modern period to its contemporary post modern forms Shedding light on feminism as a product of Modernity and establishing it as part of the canon of European intellectual development this book thus corrects the picture of feminism as a phenomenon that lacks historical continuity revealing a history characterized by breaks setbacks and forgetting in which the forgetting itself forms part of a rich genealogy As such it will be of interest to philosophers sociologists political theorists and intellectual historians alike **Feminist Theory Today** Judith Evans, 1995-06-28 This stimulating text presents a concise and accessible introduction to feminist theory today Covering all the major variants of feminist political thought it offers a unique examination of the archive of modern feminist theory from the publication of *The Feminine Mystique* in 1963 to current postmodernist and legal feminist texts It provides both an intellectual history and a political critique of contemporary feminism in the United States and in the United Kingdom Judith Evans focuses on the divergence within as well as between feminist schools and on protests from women marginalized by the movement including those who are lesbian and those who are black *Feminist Theory Today* contends that the early feminist demand for radical equality has gone contributing to its drastic undertheorization While brilliantly reconceptualizing this concept the author documents the changes in socialist feminism from its revolutionary origins to its current focus on modifying liberal democratic forms *Introducing Contemporary Feminist Thought* Mary Evans, 2013-07-03 This introductory textbook offers a concise and lucid account of the main developments in contemporary feminist thinking and demonstrates the centrality of feminist thought to all areas of intellectual enquiry In a wide ranging discussion Evans argues that most accounts of the world since the Enlightenment have been constructed in terms of a distinction between the public

and the private which excluded women Using both historical and more recent examples she examines the breadth and complexity of feminist thinking focusing on key themes such as the body representation engendering knowledge and the relationship between women and the state Evans argues that feminist thought seeks less to add to existing theory than to retheorize the social and symbolic worlds no contemporary account of these worlds she suggests is complete without a discussion of the implications of gender difference This book offers a clear and coherent guide to contemporary feminism for students of women s studies gender studies sociology social theory and literary theory *Modern Feminist Theory* Jennifer Rich, 2012-10-21 An explication of the major contributions to feminist theory in the late Twentieth Century covering Initial Articulations of the Woman Problem Virginia Woolf Simone de Beauvoir Radical Feminism Kate Millett Shulamith Firestone Radicalesbians Mary Daly Black Feminism Audre Lorde Alice Walker Patricia Hill Collins French Feminism Luce Irigaray Helene Cixous Monique Wittig Julia Kristeva Materialist Feminism Gayle Rubin Gayatri Chakravorty Spivak Queer Theory Adrienne Rich Judith Butler Eve Kosofsky Sedgwick Wayne Koestenbaum **Modern Feminist Thought** Imelda Whelehan, 1995-07 This introduction provides a critical survey of the dominant trends in Anglo American feminist thought since 1968 From the historical roots of second wave feminism to current debates about feminist theory and politics it sets out the different philosophies and political positions before relating them to feminism in the 1990s Chapters analyse issues such as sexuality representation consciousness raising and ideology from liberal socialist radical black and lesbian feminist perspectives Current crises which threaten to divide the women s movement are discussed such as men in feminism postmodernism and the notion of a backlash fuelled by detractors like Camille Paglia and Kate Roiphe **Contemporary Feminist Theories** Stevi Jackson, Jackie Jones, 1998 This textbook introduction to current feminist theories maps the development of feminist thought and suggests future directions Reflecting the diversity of feminist theory and its multiple practices and approaches the chapters range across the humanities and social sciences covering social theory theory and economic change political theory jurisprudence anthropological theory psychoanalytic theory theories of gender lesbian theory postmodern and cultural theory black theory literary theory linguistic theories media and film theory postcolonial theory perspectives on science theorising the personal methodologies epistemologies and women s studies

Contemporary Feminist Theory and Activism Wendy Lynne Lee, 2009-12-30 In this book Wendy Lynne Lee sets out to demonstrate how feminist theorizing is relevant to issues that may seem less directly about the status and emancipation of women but that are vital she argues to forming connections with other important twenty first century movements Lee shows how a feminist approach to crafting these connections can shed light on the economic disparity and entrenched gender inequality of global markets the role technology plays in our conception of reproductive rights sexual identity and gender the rise of religious fanaticism and the relationship between our conceptions of gender nonhuman animals and the environment Timely politically passionate and forcefully argued *Contemporary Feminist Theory and Activism* will reinvigorate feminist

to the challenges of modern day thought such as feminist theory **Individualist Feminism of the Nineteenth Century**

Wendy McElroy, 2001-01-01 Feminism today has many definitions but to a large degree the movement has its roots in nineteenth century individualist feminism which was based on the theory that all humans should be treated as sovereign individuals regardless of gender race or religion This once shocking idea was championed by many individuals and publications now largely forgotten This unique work covers the history of the individualist feminism movement and of three prominent publications that rose in its defense The Word Liberty and Lucifer the Light Bearer Although these journals published some of the most important ideas on feminism anarchism and personal liberty they are often overlooked today Biographies and selections of writing from contributors to these magazines feature the remarkable women and men who laid many of the foundations for modern feminist thought Included among those profiled are Angela Heywood who first defended abortion based on woman s self ownership of her body and Lillian Harman who was jailed at the age of 16 for being married without state or church ceremonies These profiles and writings provide insight into the lives and work of these important but often neglected early feminists
