Gabriel Faure Edward R. Phillips,2011-04-14 First published in 2011 this research study includes a biography section as well as the works of Gabriel Urbain Faur born on 12 May 1845 Much of Faur s music especially the late pieces remain little played and little known as a result his reputation as a salon composer of pleasant music continues even among educated musicians The author suggests that it is more likely that the difficulty of much of Faur s music for the listener and the demands it places upon him or her are the principal reasons for its omission from concert programs and for a misunderstanding of Faur s place in the history of French music **Manuel de Falla's El Amor Brujo** Carol A. Hess,2025 El amor brujo trans Love the Magician is a theater work by the Spanish classical composer Manuel de Falla It showcases flamenco the music of the Gitanos who traditionally form Spain s underclass When it premiered in Spain in 1915 it proved controversial some Spanish critics applauded Falla for celebrating the music of a marginalized culture while others attacked his mixing of classical and popular idioms Since then El amor brujo has intrigued arrangers and artists It has been repeatedly reshaped rearranged and repackaged either by Falla himself or by artists ranging from the concert pianist Artur Schnabel to the super showman Liberace or to various jazz and pop arrangers El amor brujo has also figured in soundtracks whether frothy movie musicals from the 1940s somber accounts of recent Spanish history or films on anti Black racism including one

by Spike Lee In Manuel de Falla's *El amor brujo* author Carol A Hess explores the ways in which music class and race are intertwined in this composition's unusually rich history

Musical Encounters at the 1889 Paris World's Fair Annegret Fauser, 2005 The 1889 Exposition universelle in Paris is famous as a turning point in the history of French music and modern music generally This book explores the ways in which music was used exhibited listened to and written about during the Exposition universelle It also reveals the sociopolitical uses of music in France during the 19th century

Redefining Hungarian Music from Liszt to Bartók Lynn M. Hooker, 2013-10-25 Some of the most popular works of nineteenth century music were labeled either Hungarian or Gypsy in style including many of the best known and least respected of Liszt's compositions In the early twentieth century Béla Bartók and his colleagues questioned not only the Hungarianness but also the good taste of that style Bartók argued that it should be discarded in favor of a national style based in the genuine folk music of the rural peasantry Between the heyday of the nineteenth century Hungarian Gypsy style and its replacement by a new paradigm of authentic national style was a vigorous decades long debate one little known inside or outside Hungary over what it meant to be Hungarian European and modern *Redefining Hungarian Music from Liszt to Bartók* traces the historical process that defined the conventions of Hungarian Gypsy style Author Lynn M Hooker frames her study around the 1911 celebration of Liszt's centennial In so doing she analyzes Liszt's problematic role as a Hungarian born composer and leader of Hungarian art music who spent most of his life outside of Hungary and questioned whether Hungary's national music was more the creation of Hungarians or Roma Gypsies The themes of race and nation that emerge in the discussion of Liszt are further developed in an analysis of discourse on Hungarian national music throughout the Hungarian press in the late nineteenth and early twentieth centuries Showing how the discovery of genuine folk music by Bartók and Kodály often depicted as a purely scientific matter responds directly to concerns raised by earlier writers about the problem of Hungarian music Hooker argues that the innovations of Bartók and Kodály and their circle are not so much in correcting a flawed concept of the national as in using the idea of national authenticity to open up freedom for composers to explore more stylistic options including the exploration of modernist musical language Meticulously researched and elegantly written *Redefining Hungarian Music from Liszt to Bartók* is essential reading for musicologists musicians and concertgoers alike

Gabriel Fauré: The Songs and their Poets Graham Johnson, 2017-07-05 The career of Gabriel Fauré's a composer of songs for voice and piano traverses six decades 1862-1921 almost the whole history of French music is contained within these parameters In the 1860s Fauré the lifelong protégé of Camille Saint-Saëns was a suavely precocious student he was part of Pauline Viardot's circle in the 1870s and he nearly married her daughter Pointed in the direction of symbolist poetry by Robert de Montesquiou in 1886 Fauré as the favoured composer from the early 1890s of Winnaretta Singer later Princesse de Polignac and his songs were revered by Marcel Proust In 1905 he became director of the Paris Conservatoire and he composed his most profound music in old age His existence steadily productive and outwardly imperturbable was undermined by self doubt

an unhappy marriage and a tragic loss of hearing In this detailed study Graham Johnson places the vocal music within twin contexts Faur's own life story and the parallel lives of his many poets We encounter such giants as Charles Baudelaire and Paul Verlaine the patrician Leconte de Lisle the forgotten Armand Silvestre and the Belgian symbolist Charles Van Lerberghe The chronological range of the narrative encompasses Faur's first poet Victor Hugo who railed against Napoleon III in the 1850s and the last Jean de La Ville de Mirmont killed in action in the First World War In this comprehensive and richly illustrated study each of Faur's 109 songs receives a separate commentary Additional chapters for the student singer and serious music lover discuss interpretation and performance in both aesthetical and practical terms Richard Stokes provides parallel English translations of the original French texts In the twenty first century musical modernity is evaluated differently from the way it was assessed thirty years ago Faur's no longer merely a Master of Charms circumscribed by the belle époque His status as a great composer of timeless

Nadia Boulanger and Her World Jeanice Brooks, 2020-11-19 Nadia Boulanger 1887-1979 was arguably one of the most iconic figures in twentieth century music and certainly among the most prominent musicians of her time For many composers especially Americans from Aaron Copland to Philip Glass studying with Boulanger in Paris or Fontainebleau was a formative moment in a creative career Composer performer conductor impresario and charismatic and inspirational teacher Boulanger engaged in a vast array of activities in a variety of media from private composition lessons and lecture recitals to radio broadcasts recordings and public performances But how to define and account for Boulanger's impact on the music world is still unclear Nadia Boulanger and Her World takes us from a time in the late nineteenth century when many careers in music were almost entirely closed to women to the moment in the late twentieth century when those careers were becoming a reality Contributors consider Boulanger's work in the worlds of composition musical analysis and pedagogy and explore the geographies of transatlantic and international exchange and disruption within which her career unfolded Ultimately this volume takes its title as a topic for exploration asking what worlds Boulanger belonged to and in what sense we can consider any of them to be hers
