## **Modern Human Sexuality:**

**Sex at Dawn** Christopher Ryan, Cacilda Jetha, 2010-06-29 Since Darwin's day we've been told that sexual monogamy comes naturally to our species. Mainstream science as well as religious and cultural institutions has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. But this narrative is collapsing. Fewer and fewer couples are getting married and divorce rates keep climbing as adultery and flagging libido drag down even seemingly solid marriages. How can reality be reconciled with the accepted narrative? It can't be, according to renegade thinkers Christopher Ryan and Cacilda Jetha. While debunking almost everything we know about sex, they offer a bold alternative explanation in this provocative and brilliant book. Ryan and Jetha's central contention is that human beings evolved in egalitarian groups that shared food, child care, and often sexual partners. Weaving together convergent, frequently overlooked evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. Human beings everywhere and in every era have confronted the same familiar intimate situations in surprisingly different ways. The authors expose the ancient roots of human sexuality while pointing toward a more optimistic future illuminated by our innate capacities for love, cooperation, and generosity. With intelligence, humor, and wonder, Ryan and Jetha show how our promiscuous past haunts our struggles over monogamy, sexual orientation, and family dynamics. They explore why long-term fidelity can be so difficult for so many, why sexual passion tends to fade even as love deepens, why many middle-aged men risk everything for transient affairs with younger women, why homosexuality persists in the face of standard evolutionary logic, and what the human body reveals about the prehistoric origins of modern sexuality. In the tradition of the best historical and scientific writing, *Sex at Dawn* unapologetically upends unwarranted assumptions and unfounded conclusions while offering a revolutionary understanding of why we live and love as we do.

**A Global History of Sexuality** Robert M. Buffington, Eithne Luibhéid, Donna J. Guy, 2014-02-24 *A Global History of Sexuality* provides a provocative, wide-ranging introduction to the history of sexuality from the late eighteenth century to the present day. Explores what sexuality has meant in the everyday lives of individuals over the last 200 years. Organized around four major themes: the formation of sexual identity; the regulation of sexuality by societal norms; the regulation of sexuality by institutions; and the intersection of sexuality with globalization. Examines the topic from a comparative global perspective with well-chosen case studies to illuminate the broader themes. Includes interdisciplinary contributions from prominent historians, sociologists, anthropologists, and sexuality studies scholars. Introduces important theoretical concepts in a clear, accessible way.

**Sexuality** Ami Rokach,Karishma Patel,2021-01-22 Human sexuality touches us all pun intended We all either enjoy it struggle with it or may have been victims of it Sexuality is not just about sex but about human sexual function the physiology of sex the hormones involved and how they affect us and the cultural norms related to it Sexual function and dysfunction are

closely tied to one's self-esteem, self-respect and to relationships with intimate partners. *Human Sexuality Function Dysfunction, Paraphilias and Relationships* explores the interplay of intimacy and sexuality, how it can enhance relationships and how it can negatively affect them or be affected by them. When individuals or partners encounter sexual problems or dysfunctions, it can have a long-lasting affect both biologically and psychologically. Dr. Rokach explores the causes and the reasons that these dysfunctions are maintained and successful treatment methods. Chapters on sexual offenses and paraphilias and what treatment options are available to sexual offenders are also included. This book is the first book to place sexuality where it belongs within the context of relationships, demonstrating how sexuality relates to intimacy by both enhancing and negatively affecting it. Explains psychological, biological and sociological theories of sexuality. Addresses sexual dysfunctions according to various models of sex therapy. Discusses the biological, developmental and sociological theories of sexual orientation. Explores the specific hormones in male and female sexual behavior. *Orthodox Tradition and Human Sexuality* Thomas Arentzen, Ashley M. Purpura, Aristotle Papanikolaou, 2022-11-15. Sex is a difficult issue for contemporary Christians, but the past decade has witnessed a newfound openness regarding the topic among Eastern Orthodox Christians. Both the theological trajectory and the historical circumstances of the Orthodox Church differ radically from those of other Christian denominations that have already developed robust and creative reflections on sexuality and sexual diversity. Within its unique history, theology and tradition, Orthodox Christianity holds rich resources for engaging challenging questions of sexuality in new and responsive ways. What is at stake in questions of sexuality in the Orthodox tradition? What sources and theological convictions can uniquely shape Orthodox understandings of sexuality? This volume aims to create an agora for discussing sex and, not least, the sexualities that are often thought of as untraditional in Orthodox contexts. Through fifteen distinct chapters written by leading scholars and theologians, this book offers a developed treatment of sexuality in the Orthodox Christian world by approaching the subject from scriptural, patristic, theological, historical and sociological perspectives. Chapters devoted to practical and pastoral insights as well as reflections on specific cultural contexts engage the human realities of sexual diversity and Christian life. From rethinking scripture to developing theologies of sex from eschatological views of eros to re-evaluations of the Orthodox responses to science, this book offers new thinking on pressing present-day issues and initiates conversations about homosexuality and sexual diversity within Orthodox Christianity.

**God, Science, Sex, Gender** Patricia Beattie Jung, Aana Marie Vigen, 2023-12-11. *God, Sex, Science, Gender: An Interdisciplinary Approach to Christian Ethics* is a timely, wide-ranging attempt to rescue dialogues on human sexuality, sexual diversity and gender from insular exchanges based primarily on biblical scholarship and denominational ideology. Too often, dialogues on sexuality and gender devolve into the repetition of party lines and defensive postures without considering the interdisciplinary body of scholarly research on this complex subject. This volume expands beyond the usual parameters, opening the discussion to scholars in the humanities, social sciences and natural sciences to foster the development of

Christian sexual ethics for contemporary times Essays by prominent and emerging scholars in the fields of anthropology sociology psychology philosophy literary studies theology and ethics reveal how faith and reason can illuminate our understanding of human sexual and gender diversity Focusing on the intersection of theology and science and incorporating feminist theory God Science Sex Gender is a much needed call for Christian ethicists to map the origins and full range of human sexual experience and gender identity Essays delve into why human sexuality and gender can be so controversial in Christian contexts investigate the complexity of sexuality in humans and other species and reveal the implications of diversity for Christian moral theology Contributors are Joel Brown James Calcagno Francis J Catania Pamela L Caughie Robin Colburn Robert Di Vito Terry Grande Frank Fennell Anne E Figert Patricia Beattie Jung Fred Kniss John McCarthy Jon Nilson Stephen J Pope Susan A Ross Joan Roughgarden and Aana Marie Vigen
