Insurgency and Counterinsurgency in Modern War Scott Nicholas Romaniuk, Stewart Tristan Webb, 2015-08-22 A collection of original works covering all aspects of insurgency and counterinsurgency through a multinational lens Insurgency and Counterinsurgency in Modern War addresses the need to look beyond the United States and other prominent counterinsurgency actors in the contemporary world It addresses the need to look beyond the United States and other preeminent counterinsurgency actors in the contemporary world while reassessing some of the latent and burgeoning insurgent organizations and networks around the globe It also suggests alternative approaches to understanding insurgency counterinsurgency and conventional and asymmetric warfare as they relate to insurgency and counterinsurgency

Conflict in the Modern Middle East Jonathan K. Zartman, 2020-03-19 This book provides detailed coverage of all the key conflict related developments since the Arab Spring a seminal event that began in December 2010 and continues to have major influence on events in the Middle East North Africa and beyond This important reference offers readers a thorough understanding of the nature of the various conflicts that have erupted in the Middle East and North Africa following the Arab Spring Clear and concise explanations of important concepts related to Islam ideology and ethnicity and the economic social and cultural forces propelling conflict and revolution in the region will enable readers to gain insight into key developments there Biographical and organizational profiles combined with succinct overviews of each country provide a strong research foundation for students The book offers detailed descriptions of the minority groups that have suffered violence from both the countries and the societies around them sometimes generating refugee flows that engage neighboring states in security issues It also discusses the role of women in the region during these turbulent times Primary source documents and a chronology highlight political struggles to reach durable agreements and develop institutions to meet basic human needs in the modern Middle East

God's Terrorists Charles Allen, 2009-03-05 What are the roots of today s militant fundamentalism in the Muslim world In this insightful and wide ranging history Charles Allen finds an answer in an eighteenth century reform movement of Muhammed ibn Abd al Wahhab and his followers the Wahhabi who sought the restoration of Islamic purity and declared violent jihad on all who opposed them The Wahhabi teaching spread rapidly first throughout the Arabian Peninsula then to the Indian subcontinent where a more militant expression of Wahhabism flourished The ranks of today s Taliban and al Qaeda are filled with young men trained in Wahhabi theology God s Terrorists sheds much needed light on the origins of modern terrorism and shows how this dangerous ideology lives on today

The Apocalypse and the End of History Suzanne Schneider, 2021-09-07 In this authoritative accessible study historian Suzanne Schneider examines the politics and ideology of the Islamic State better known as ISIS Schneider argues that today s jihad is not the residue from a less enlightened time

nor does it have much in common with its classical or medieval form but it does bear a striking resemblance to the reactionary political formations and acts of spectacular violence that are upending life in Western democracies From authoritarian populism to mass shootings xenophobic nationalism and the allure of conspiratorial thinking Schneider argues that modern jihad is not the antithesis of neoliberalism but rather a dark reflection of its inner logic The Apocalypse and the End of History is written with the sensibility of a political theorist and based on extensive research into a wide range of sources from Islamic jurisprudence to popular recruitment videos contemporary apocalyptic literature and the Islamic State s Arabic language publications The book explores modern jihad as an image of a potential dark future already heralded by neoliberal modes of life Surveying ideas of the state violence identity and political community Schneider argues that modern jihad and neoliberalism are two versions of a politics of failure the inability to imagine a better life here on earth

America's War against Global Jihad William R. Nester, 2018-03-06 A specter haunts America the specter of Global Jihad Islamic Holy War This specter was never more horrific than on September 11 2001 when nineteen fanatics hijacked four jetliners and used them as guided missiles to destroy the twin World Trade Towers damage the Pentagon murder nearly 3 000 people and cause as much as several hundred billion dollars worth of direct and indirect damage to New York City and the national economy But Jihadists have periodically attacked Americans ever since November 1979 when mobs shouting death to America overran the American embassy in Tehran and held 52 officials hostage for 444 days President George W Bush responded to the September 11 atrocities by declaring a global war on terror Now in its second decade that war has cost the United States thousands of lives and trillions of dollars Americans are haunted by horrific televised images from across a swath of the Muslim world of bomb blasted cities hundreds of slaughtered bodies thousands of refugees huddled in squalid camps and American journalists in orange jump suits kneeling in the desert before the black robed and masked men who will behead them Americans increasingly question whether the global war on terror has been worth those costs for their own nation and the lands where it is fought This book analyzes America s crusade against Jihadism The key related questions it addresses are these Looking back what were the successes and failures of Washington s counter Jihadist strategy before and after September 11 Looking ahead should Americans stay the course or cut their losses in Iraq Afghanistan and elsewhere Was the catastrophic September 11 attack a one time event or could its equivalent or worse in death and destruction happen again Renowned Harvard professor Samuel Huntington asserted that The underlying problem for the West is not Islamic fundamentalism it is Islam a different civilization whose people are convinced of the superiority of their culture and are obsessed with the inferiority of their power Is that true Just what of Muhammad s words and deeds if any justifies the barbarism of al Qaeda Islamic State and other Jihadists Finally just how corporeal is that specter of global Jihad to the United States A startling surprise awaits the reader in the final chapter as acclaimed expert William Nester weighs the specter of global Jihad against an array of other national security threats Jihad's New Heartlands Gabriel G.

Tabarani,2011-05-16 *Jihad's New Heartlands: How The West Has Failed To Contain Islamic Fundamentalism* is a groundbreaking book offering an insightful and thorough analysis of the most important territories where Islamic fundamentalism has taken a foothold. The author Gabriel G. Tabarani thanks to his combination of thorough research, wide-ranging travel and extensive experience in the field, provides a thorough historical, political and social analysis of the key variables, historical events and most importantly their potential consequences. This extensive study across many of the world's foremost and pertinent Islamic fundamentalist breeding grounds such as Afghanistan, Pakistan, Egypt, Saudi Arabia, Yemen, Somalia, The Levant and The Maghreb offers the reader an in-depth look at the context of Islamic Fundamentalism's rise in prominence, profile and destabilising potential. This analysis is extended to Muslim populations living in Europe and America, helping to explain the causes for the West's failure to contain Islamic extremism both at home and abroad. *Jihad's New Heartlands*, in addition to being written by one of the regions' foremost experts, is a must-read for any person wanting to understand the causes of Islamic Fundamentalism's rise and the consequences of its ascent in an increasingly globalised yet unstable world.

Jihadism in Scandinavia Marco Nilsson,2022-10-18 This book is based on unprecedented interviews with active and former jihadists, even IS fighters. It focuses on the changing nature of jihad as a social phenomenon and how jihad changes jihadists. It argues that there are fascinating generational differences between jihadists' ideas and behaviors. Moreover, it argues that jihad changes jihadists through socialization in jihadists' groups. Indeed, radicalization continues in new forms after entering the conflict zone. Recognizing that jihadism is a complex social phenomenon and a discourse on religiously legitimized violence with deep roots in the history of Islam and Muslim societies, the book asks two simple questions: Why have some Muslims residing in the West taken up arms to enter the global battlefields of jihad? Have the motivations and experiences of different jihadists all been the same? To create a more coherent analysis than the article format allows and to offer new insights, the author summarizes and further develops several years of research into jihadism. As gaining access to and conducting interviews, especially with active jihadists, often differs from standard interviews, much of the data were collected in a gray zone between more formal interviewing and ethnographic research. The empirical material, which is based on interviews with active and former jihadists, is unique. Moreover, the methodological reflections are unprecedented and the project offers new analytical insights into jihadism with a focus on how jihadism and jihadists change. *Unfunding Terror*

Jimmy Gurulé,2010-01-01 Jimmy Gurulé knows how to bankrupt terrorists like few others do. As Undersecretary of the Treasury for Enforcement, he spearheaded the fight against al Qaeda's global bank accounts, helping to earn the highest grade awarded on the 9/11 Commissioners' report card. As an author, he performs once again. *Unfunding Terror* provides policymakers and laymen alike a clear roadmap on how to keep terrorists out of the global financial system. Timothy J. Roemer, Center for National Policy, former US Congressman and member of the National Commission on Terrorist Attacks Upon the United States 9/11 Commission, Jimmy Gurulé has given us a superbly comprehensive and well-written assessment of why

regarding terrorism Deep Throat's principle is bang on follow the money R James Woolsey venture partner VantagePoint and former Director of Central Intelligence US A detailed study by a true scholar practitioner Unfunding Terror explains the legal response to terror finance in language accessible to both the expert and layman Required reading Matthew Levitt Director Stein Program on Counterterrorism and Intelligence The Washington Institute for Near East Policy and former Deputy Assistant Secretary of the Treasury for Intelligence and Analysis US Professor Gurul is comprehensive he describes the problem terrorist funding by those in the free world analyzes the legal responses make it a crime freeze terrorist assets impose regulations on financial institutions critiques the administration's and international community's efforts to unfund terrorists political rhetoric not in fact backed up with effective strategies or implementation and outlines concrete legal and administrative remedies Would that they to whom the recommendations are addressed act on them quickly Too much is at stake to let terrorists who condemn the West as corrupt get their funding to attack the US and its allies from the West itself That would be a form of social suicide G Robert Blakey Notre Dame Law School US The September 11 2001 terrorist attacks that claimed the lives of 2 973 innocent civilians required as much as 500 000 to stage At the time al Qaeda was operating on an annual budget of between 30 and 50 million However despite the obvious fact that terrorists need money to terrorize preventing the financing of terrorism was not a priority for the United States or the international community prior to 9 11 Jimmy Gurul former Under Secretary for Enforcement in the US Department of the Treasury provides the first book length comprehensive analysis of the legal regime that evolved following the terrorist attacks The book begins with a discussion of how shutting down the pipelines of funding is as important as dismantling the terrorist cells themselves Next the book covers the various means and methods used by terrorist groups to raise money and examines how money is transferred globally to finance their lethal activities The principal components of the legal strategy to disrupt the financing of terrorism are then discussed and evaluated Unfortunately the author concludes that the legal regime has met with mixed results and finds that the sense of urgency to deprive terrorists of funding that existed following 9 11 has since dissipated As a result international efforts to freeze terrorist assets have dramatically declined Moreover the US Department of Justice has suffered several embarrassing and disappointing legal defeats in prosecuting major terrorist financiers The author provides numerous recommendations to Congress the Executive Branch and the UN Security Council for strengthening the legal regime to deny terrorists the money needed to wage global jihad acquire weapons of mass destruction and launch another terrorist attack on the scale of 9 11 Unfunding Terror fills an important gap in the literature and will be essential reading for counter terrorism experts law enforcement and national security

Al Qaeda's Global Crisis V. G. Julie Rajan, 2015-01-30 Examines Al Qaida's crisis of support and tensions with regional affiliates of its global jihad Fills a gap in the literature by focusing on takfir and the random violence it justifies against other Muslims Author is a recognised expert in this field Will be of much interest to students of Al Qaida global jihadism terrorism Islamism Middle Eastern Studies Asian Studies intelligence security studies

and IR in general *Ancient Religions, Modern Politics* Michael A. Cook, 2016-12-06 Why Islam is more political and fundamentalist than other religions Why does Islam play a larger role in contemporary politics than other religions Is there something about the Islamic heritage that makes Muslims more likely than adherents of other faiths to invoke it in their political life If so what is it Ancient Religions Modern Politics seeks to answer these questions by examining the roles of Islam Hinduism and Christianity in modern political life placing special emphasis on the relevance or irrelevance of their heritages to today's social and political concerns Michael Cook takes an in depth comparative look at political identity social values attitudes to warfare views about the role of religion in various cultural domains and conceptions of the polity In all these fields he finds that the Islamic heritage offers richer resources for those engaged in current politics than either the Hindu or the Christian heritages He uses this finding to explain the fact that despite the existence of Hindu and Christian counterparts to some aspects of Islamism the phenomenon as a whole is unique in the world today The book also shows that fundamentalism in the sense of a determination to return to the original sources of the religion is politically more adaptive for Muslims than it is for Hindus or Christians A sweeping comparative analysis by one of the world's leading scholars of premodern Islam Ancient Religions Modern Politics sheds important light on the relationship between the foundational texts of these three great religious traditions and the politics of their followers today **Qur'ān Translation as a Modern Phenomenon** El-Hussein A.Y. Aly, 2023-09-25 It is a well established fact nowadays that modernity impacts Islam but there has not been much focus on how modernity impacts the Qur'n the foundational text of Islam and the verbatim word of God This book argues that the early Muslim Qur'n translations into English are attempts to reconcile the Qur'n with modernity by producing translations that encompass modern concepts and interpretations of the Qur'n Are these modern concepts and interpretations valid or they alter the word of God This is the main question that the book attempts to answer particularly that these early translations have affected and still affect Qur'n translation *The Complete Idiot's Guide to World Conflicts, 2E* Steven D. Strauss, 2006-05-02 Cold hard facts on the world's hot spots Now readers can make sense of the daily headlines with an examination of the sides and issues of evolving conflicts This updated edition provides coverage of all of the hot conflict spots in our world today background and history new and added coverage of the war on terror and up to date coverage on the Middle East including Iraq As Iraq continues to dominate the news there is unfortunately no shortage of other trouble spots this guide looks at conflicts around the globe An accurate reference source for high school and college students and a great overview for people who want more in depth understanding of daily events *Heaven on Earth* Richard Landes, 2011-08-04 Millennialists through the ages have looked forward to the apocalyptic moment that will radically transform society into heaven on earth They have delivered withering critiques of their own civilizations and promised both the impending annihilation of the forces of evil and the advent of a perfect society And all their promises have invariably failed We tend therefore to dismiss these prophets of doom and salvation as crackpots and madmen and not surprisingly

historians of our secular era have tended to underestimate their impact on our modern world Now Richard Landes offers a lucid and ground breaking analysis of this widely misunderstood phenomenon This long awaited study shows that many events typically regarded as secular including the French Revolution Marxism Bolshevism Nazism not only contain key millennialist elements but follow the apocalyptic curve of enthusiastic launch disappointment and often catastrophic re entry into normal time Indeed as Landes examines the explicit millennialism behind such recent events as the emergence of Global Jihad since 1979 he challenges the common notion that modern history is largely driven by secular interests By focusing on ten widely different case studies none of which come from Judaism or Christianity he shows that millennialism is not only a cultural universal but also an extremely adaptive social phenomenon that persists across the modern and post modern divides At the same time he also offers valuable insight into the social and psychological factors that drive such beliefs Ranging from ancient Egypt to modern day UFO cults and global Jihad Heaven on Earth both delivers an eye opening revisionist argument for the significance of millennialism throughout history and alerts the reader to the alarming spread of these ideologies in our world today

Salafi Jihadi Discourse of Sunni Islam in the 21st century (Revised): The discourse of Abu Muhammad al-Maqdisi, Anwar al-Awlaki and Abu Musab al-Suri Daurius Figueira ,2024-05-04 This text first published in 2014 presented a deconstruction of 21st century Salafi Jihadi discourse of Jihad is war of Sunni Islam by select discursive agents of this discourse The abiding finding of this deconstruction is the reality that Salafi Jihadi discourse of Jihad is war is rooted in North Atlantic white supremacist humanist secular atheist imperialist colonialist discourse not Qur anic discourse this discourse is then shirk Events in Islam since 2014 demanded a revision of this 2014 work and the war of genocide against Gaza the largest open air prison in the world today by the zionists and massa from October 2023 demanded that this task be completed The new edition has been extensively reviewed a new section added to the chapter on Al Awlaki and a new chapter added on the discourse of Al Suri The war of genocide against Gaza has proven once again the complicity of the munafiqun of Islam with massa in their futile attempt to silence Qur anic discourse This text was written by a Muslim of the west for Muslims of the west

Modern Jihad Introduction

In today's digital age, the availability of Modern Jihad books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Modern Jihad books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Modern Jihad books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Modern Jihad versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Modern Jihad books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Modern Jihad books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Modern Jihad books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals.

These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Modern Jihad books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Modern Jihad books and manuals for download and embark on your journey of knowledge?
