The Rise of Gönpö Namgyel in Kham Yudru Tsomu, 2014-12-11 This book examines the ascendancy of a minor nineteenth century Tibetan chieftain Gönpö Namgyel who hailed from Eastern Kham a frontier region situated between the power centers of Central Tibet and Qing

China For most of the nineteenth century G npo Namgyel dominated the politics of Kham and posed a serious challenge to both the Qing and Lhasa regimes The study explores the dynamics of local and national politics as well as the tensions over power and authority between the two power centers Drawing upon both Tibetan and Chinese primary sources the study sheds new light on the governance and polity of the Kham region enhancing our understanding of Sino Tibetan conflicts regarding Kham from the nineteenth century up to the mid twentieth century The book focuses on local events rather than seeing history as shaped solely by the power centers The rise of G npo Namgyel is situated within the context of the local politics of Kham while taking into consideration its relations with mid nineteenth century Qing and Central Tibet It further explores the social cultural milieu that gave rise to this charismatic and controversial chief A series of questions emerge concerning traditional historiographical practice including the historical practices of Chinese and Tibetan scholars as well as approaches to the history of China and Tibet by Western scholars Probing into history from a local perspective adds a new dimension to the study of nineteenth century Sino Tibetan relations This research reveals that there is no single force determining history nor are persons in the periphery mere passive observers of national events The kings governors and chieftains in Kham were active in shaping their own regional identity and asserting their own terms in relation to the two power centers demonstrating that the peripheries are equal partners in central periphery relations rather than passive recipients as has commonly been represented in earlier historical narratives

Conflict in a Buddhist Society Peter Schwieger, 2021-08-31 Conflict in a Buddhist Society presents a new way of looking at Tibet under the rule of the Dalai Lamas 1642 1959 Although this era can be clearly delineated as a distinct period in the history of Tibet many questions remain concerning the specific form of rule established Author Peter Schwieger attempts to make transparent the complexity and dynamics of the Dalai Lamas domination using the work of sociologist Niklas Luhman 1927 1998 as his theoretical starting point Luhman s systems theory allows Schwieger to approach Tibetan history and culture as a remarkable effort to create under times of great conflict and stress and using uncommon means a stable social and political order Such a methodology provides the distance needed to move beyond event based narrative history and understand the structures that made social action possible in Tibet and the operations by which its society as a whole distinguished itself from its environment Schwieger begins by asking the crucial question of how Tibet s society dealt with conflict The chapters that follow answer this question from various perspectives history and memory domination hierarchy center and periphery semantics morality and ethics ritual law and war Each reveals a different avenue for cross cutting discourses in the historical and social sciences Together they provide a comprehensive picture of how conflicts were portrayed in Tibet society and how

the manner in which they were handled stabilized the country for a considerable time but were ultimately unsuccessful in the face of radical upheavals in its environment Situated at the intersection of systems theory conflict theory and Tibetan Inner Asian history and society Conflict in a Buddhist Society will be of considerable interest to students and scholars in these areas Its theoretical rather than narrative descriptive approach to the history of the three centuries of Dalai Lama rule will be welcomed as wide ranging and insightful

The Dalai Lama and the Emperor of China Peter Schwieger,2015-03-31 A major new work in modern Tibetan history this book follows the evolution of Tibetan Buddhism s tr lku reincarnation tradition from the seventeenth to the nineteenth centuries along with the Emperor of China s efforts to control its development By illuminating the political aspects of the tr lku institution Schwieger shapes a broader history of the relationship between the Dalai Lama and the Emperor of China as well as a richer understanding of the Qing Dynasty as an Inner Asian empire the modern fate of the Mongols and current Sino Tibetan relations Unlike other pre twentieth century Tibetan histories this volume rejects hagiographic texts in favor of diplomatic legal and social sources held in the private monastic and bureaucratic archives of old Tibet This approach draws a unique portrait of Tibet s rule by reincarnation while shading in peripheral tensions in the Himalayas eastern Tibet and China Its perspective fully captures the extent to which the emperors of China controlled the institution of the Dalai Lamas making a groundbreaking contribution to the past and present history of East Asia

Nationalism and Ethnicity in a Hindu Kingdom D. Gellner,J. Pfaff-Czarnecka,J. Whelpton,2012-12-06 With its systematic coverage of different groups this book demonstrates how similar trends of ethnic formation are affecting all parts of Nepal Yet within the boundaries of a single culturally diverse state very different forms of ethnicity have emerged This is a truly thematic collection with a well defined focus on the important contemporary topics of ethnic identity and nationalism The importance of the theme is self evident in a world attempting to come to grips with such problems in virtually all modern states Anyone with an interest in contemporary Nepal should study this volume Nepal is the only officially Hindu kingdom in the world and remains so in spite of a revolution or people s movement in 1990 which overthrew the partyless Panchayat regime and instituted a multiparty constitutional monarchy Since November 1994 it has also had an elected Communist government the first of its kind in South Asia This volume takes a long term view of the various processes of ethnic and national development that have been displayed both before and after 1990 It brings together twelve carefully chosen ethnographic and historical

chapters covering all of the major ethnic groups and regions of Nepal

Human Rights in Development, Volume 8

Martin Scheinin, Markku Suksi, 2021-11-29 The current edition of Human Rights in Development is the fourteenth in the series. Over the years the structure of the yearbook has shifted from that of a journal to a thematic anthology. The theme of this year's volume is Empowerment, Participation, Accountability and Non-Discrimination: Operationalising a Human Rights Based Approach to Development. The Human Rights in Development Yearbook series takes its starting point in a development perspective and aims to be topical, comprehensive and multidisciplinary, exemplifying the cross-fertilisation of theoretical and practical approaches. Contributions are sought from researchers and practitioners in both recipient and donor countries. To ensure an increased focus on Southern perspectives, the editorial group is in a process of enlargement so as to include representatives from recipient countries. Human Rights in Development is the result of a joint research project born out of longstanding cooperation between the following research institutes and centres for human rights: the Christian Michelsen Institute, Bergen; the Danish Institute for Human Rights, Copenhagen; the Icelandic Human Rights Center, Reykjavik; the Ludwig Boltzmann Institute of Human Rights, Vienna; the Netherlands Institute of Human Rights, Utrecht; the Norwegian Centre for Human Rights, Oslo; the Raoul Wallenberg Institute of Human Rights and Humanitarian Law, Lund; and the Åbo Akademi University Institute for Human Rights, Turku. As in previous years, the publication is aimed at a broad audience, including government agencies, donor agencies, embassies, the press, non-governmental organisations and the academic community.

Theatre of Nepal and the People Who Make It Carol C. Davis, 2019-05-23 Theatre of Nepal and the People Who Make It is the first comprehensive look at Nepali theatre for readers outside of Nepal. Charting Nepali theatre from ancient times to the present and from the metropolis of Kathmandu to far-flung regions, this book highlights the history of formal theatre and connects it to shifting political and social conditions in the country. Sourcing extensive fieldwork, it takes us backstage to meet individual theatre makers and learn their unique attributes and stories. From these intimate glimpses and the intertwining of political history with theatrical expression, a portrait emerges that conveys the character of Nepalis who, in spite of adversities, continue to dramatize their hopes, fears, principles and priorities through theatrical means.

Historical Dictionary of Nepal Nanda R. Shrestha, Keshav Bhattarai, 2017-02-08 Nepal is a living example of contrasts and contradictions. It is a country that was born in medieval times, grew up in the 16th century and now finds itself engulfed in the high-tech gadgets and material marvels of the 21st century. Nepal has its share of problems which include inadequate economic development and social infrastructure, poverty and corruption, plus worsening pollution. But now it finally has relative peace and quiet after a hasty Maoist uprising. Indeed, it has passed through several democratic elections and finally seems to be getting on the right track. This second edition of Historical Dictionary of Nepal contains a chronology, an introduction, appendixes and an extensive bibliography. The

dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Nepal
