The history of Canadian museums, such as the National Gallery of Canada, the Art Gallery of Ontario, and the Montreal Museum of Fine Arts, is fascinating. This definition also points out another important aspect of the galleries' operations, which is that they do not merely serve the purpose of displaying paintings and sculptures but also can be a hosting place for cultural events. Most galleries even emphasize that their main responsibility is to take any necessary steps to help their artists produce outstanding work.

In the art world, art galleries are very important since they serve as the intermediary between artists and collectors, identifying fresh talent and preserving the best artists' work through their exhibition program. There are many misconceptions about art galleries, despite the fact that they are important to the art world. According to McCarthy, "since 2003, Canadian art galleries have made a concerted effort to include
