cultural or military on the world The authors demonstrate how technology and disease enabled Europeans to subjugate the New World how colonial American products transformed Europe and Africa and how post revolutionary American ideas helped foment revolutions in Europe and elsewhere Peskin and Wehrle also explore America s rise to global superpower and how this power alienated people around the world and bred dissent at home During the civil rights movement America borrowed much from the world as it addressed the social issues of the day At the same time Americans especially African Americans offered a global model for change as the country grappled with racial and gender inequality The Third Reich David Welch,2008-01-28 Published in the year 1994 The Third Reich is a valuable contribution to the field of History
