The Theology of Modern Fiction Thomas Gunn Selby, 1896 **Women Writing Modern Fiction** J.

Rossen, 2003-09-30 Many women writers in twentieth century Britain were fascinated by the individual thought processes of their characters *Women Writing Modern Fiction* draws connections between the works of authors such as Elizabeth Bowen Dorothy L Sayers Olivia Manning Iris Murdoch and A S Byatt who dramatize darkness in wartime gothic terror madness and romantic betrayal yet celebrate the triumph of rationality and The Higher Common Sense With irony detachment wit and high intelligence they bring us acrobatic tales of the mind **Jane Austen and the Creation of Modern Fiction** Collins Hemingway, 2024-05-09 Jane Austen's creative process has been largely unexamined This book explores her development as a writer what she adapted from tradition for her needs what she learned novel to novel how she used that learning in future works and how her ultimate mastery of fiction changed the course of English literature Jane Austen overcame the limitations of early fiction by pivoting from superficial adventures to the psychological studies that have defined the novel since Her

creativity and technique grew as she wrestled with pragmatic writing issues This evaluation of Austen's creative process brings into focus the strengths and weaknesses of her six novels Each is examined in its use of major fictional techniques description scene building point of view and psychological development to reveal unique literary attributes The result is a revealing analysis of how world class fiction is built from the ground up

Masculinity and the Trials of Modern Fiction Marco Wan, 2016-11-10 How do lawyers judges and jurors read novels And what is at stake when literature and law confront each other in the courtroom Nineteenth century England and France are remembered for their active legal prosecution of literature and this book examines the ways in which five novels were interpreted in the courtroom Gustave Flaubert's *Madame Bovary* Paul Bonnetain's *Charlot* s'amuse Henry Vizetelly's English translation of *mile Zola's La Terre* Oscar Wilde's *The Picture of Dorian Gray* and Radclyffe Hall's *The Well of Loneliness* It argues that each of these novels attracted legal censure because they presented figures of sexual dissidence the androgyne the onanist or masturbator the patricide the homosexual and the lesbian that called into question an increasingly fragile normative middleclass masculinity Offering close readings of the novels themselves and of legal material from the proceedings such as the trial transcripts and judicial opinions the book addresses both the doctrinal dimensions of Victorian obscenity and censorship as well as the reading practices at work in the courtroom It situates the cases in their historical context and highlights how each trial constitutes a scene of reading an encounter between literature and the law through which different forms of masculinity were shaped bolstered or challenged

Microscopy, Magnification and Modernist Fiction Patrick Armstrong, 2024-12-26 Exploring how modernism registered shock experiences of the microscopic and extended vision in prose fiction through the work of four modernist writers D H Lawrence Marcel Proust Virginia Woolf and Samuel Beckett this book is the first substantial study of the interrelations between microscopy and modernist fiction Illustrating ways in which optical instruments had the capacity to change displace and reframe ideas of what the world is like this book argues that encounters with the microscopic are often depicted as thresholds between the human and the non human in ways that reverberate through modernist fiction Exploring a period of significant developments in microscopical tools and techniques from the light microscope to the electron microscope this book traces a shift that reconfigured the limits of the observable

Crowd Violence in American Modernist Fiction Benjamin S. West, 2013-04-05 This study explores numerous depictions of crowd violence literal and figurative found in American Modernist fiction and shows the ways crowd violence is used as a literary trope to examine issues of racial gender national and class identity during this period Modernist writers consistently employ scenes and images of crowd violence to show the ways such violence is used to define and enforce individual identity in American culture James Weldon Johnson William Faulkner Richard Wright Ernest Hemingway F Scott Fitzgerald and John Steinbeck for example depict numerous individuals as victims of crowd violence and other crowd pressures typically because they have transgressed against normative social standards Especially important is the way that racially motivated lynching and the

representation of such lynchings in African American literature and culture becomes a noteworthy focus of canonical Modernist fiction composed by white authors

Modernist Fiction and Vagueness Megan Quigley, 2015-02-02 Modernist Fiction and Vagueness marries the artistic and philosophical versions of vagueness linking the development of literary modernism to changes in philosophy This book argues that the problem of vagueness language s unavoidable imprecision led to transformations in both fiction and philosophy in the early twentieth century Both twentieth century philosophers and their literary counterparts including James Eliot Woolf and Joyce were fascinated by the vagueness of words and the dream of creating a perfectly precise language Building on recent interest in the connections between analytic philosophy pragmatism and modern literature Modernist Fiction and Vagueness demonstrates that vagueness should be read not as an artistic problem but as a defining quality of modernist fiction

Contemporary Fiction, Celebrity Culture, and the Market for Modernism Carey Mickalites,2022-01-13 Arguing that contemporary celebrity authors like Zadie Smith Ian McEwan Martin Amis Kazuo Ishiguro Salman Rushdie Eimear McBride and Anna Burns position their work and public personae within a received modernist canon to claim and monetize its cultural capital in the lucrative market for literary fiction this book also shows how the corporate conditions of marketing and branding have redefined older models of literary influence and innovation It contributes to a growing body of criticism focused on contemporary literature as a field in which the formal and stylistic experimentation that came to define a canon of early 20th century modernism has been renewed contested and revised Other critics have celebrated these renewals variously arguing that contemporary literature picks up on modernism s unfinished

aesthetic revolutions in ways that have expanded the imaginative possibilities for fiction and revived questions of literary autonomy in the wake of postmodern nihilism While this is a compelling thesis and one that rightly questions an artificial and problematic periodization that still lingers in academic criticism those approaches generally fail to address the material conditions that structure literary production and the generation of cultural capital whether in the historical development of modernism or its contemporary permutations This book addresses this absence by proposing a materialist history of modernism's afterlives
