Mancoff,2014-04-23 The Arthurian legend closes with a promise On a distant day when his country calls the king will return His lost realm will be regained and his shattered dream of an ideal world will at last be realized This collection of original essays explores the issue of return in the modern Arthurian legend With an Introduction by noted scholar Raymond H Thompson and 13 essays by authors from the fields of literature art history film history and folklore this collection reveals the flexibility of the legend Just as the modern legend takes the form current to its

generation the myth of return generates a new legend with each telling As these authors show return can come in the form of a noble king or a Caribbean immigrant with the mystery of an art theft or a dying boy's dream John Lyly and early modern authorship Andy Kesson, 2015-11-01 During Shakespeare's lifetime John Lyly was repeatedly described as the central figure in contemporary English literature This book takes that claim seriously asking how and why Lyly was considered the most important writer of his time Kesson traces Lyly's work in prose fiction and the theatre demonstrating previously unrecognised connections between these two forms of entertainment The final chapter examines how his importance to early modern authorship came to be forgotten in the late seventeenth century and thereafter This book serves as an introduction to Lyly and early modern literature for students but its argument for the central importance of Lyly himself and 1580s literary culture makes it a significant contribution to current scholarly debate Its investigation of the relationship between performance and print means that it will be of interest to those who care about watch or work in early modern performance
