Musical News, 1904

Gabriel Faure Edward R. Phillips, 2011-04-14 First published in 2011 this research study includes a biography section as well as the works of Gabriel Urbain Faur born on 12 May 1845 Much of Faur's music especially the late pieces remain little played and little known as a result his reputation as a salon composer of pleasant music continues even among educated musicians The author suggests that it is more likely that the difficulty of much of Faur's music for the listener and the demands it places upon him or her are the principal reasons for its omission from concert programs and for a misunderstanding of Faur's place in the history of French music

*Manuel de Falla's El Amor Brujo* Carol A. Hess, 2025 *El amor brujo* trans Love the Magician is a theater work by the Spanish classical composer Manuel de Falla It showcases flamenco the music of the Gitanos who traditionally form Spain's underclass When it premiered in Spain in 1915 it proved controversial some Spanish critics applauded Falla for celebrating the music of a marginalized culture while others attacked his mixing of classical and popular idioms Since then *El amor brujo* has intrigued arrangers and artists It has been repeatedly reshaped rearranged and repackaged either by Falla himself or by artists ranging from the concert pianist Artur Schnabel to the super showman Liberace or to various jazz and pop arrangers *El amor brujo* has also figured in soundtracks whether frothy movie musicals from the 1940s somber accounts of recent Spanish history or films on anti Black racism including one by Spike Lee In *Manuel de Falla's El amor brujo* author Carol A Hess explores the ways in which music class and race are intertwined in this composition's unusually rich history

**Redefining Hungarian Music from Liszt to Bartók** Lynn M. Hooker, 2013-10-25 Some of the most popular works of nineteenth century music were labeled either Hungarian or Gypsy in style including many of the best known and least respected of Liszt's compositions In the early twentieth century Béla Bartók and his colleagues questioned not only the

Hungarianness but also the good taste of that style Bartók argued that it should be discarded in favor of a national style based in the genuine folk music of the rural peasantry Between the heyday of the nineteenth century Hungarian Gypsy style and its replacement by a new paradigm of authentic national style was a vigorous decades long debate one little known inside or outside Hungary over what it meant to be Hungarian European and modern Redefining Hungarian Music from Liszt to Bartók traces the historical process that defined the conventions of Hungarian Gypsy style Author Lynn M Hooker frames her study around the 1911 celebration of Liszt's centennial In so doing she analyzes Liszt's problematic role as a Hungarian born composer and leader of Hungarian art music who spent most of his life outside of Hungary and questioned whether Hungary's national music was more the creation of Hungarians or Roma Gypsies The themes of race and nation that emerge in the discussion of Liszt are further developed in an analysis of discourse on Hungarian national music throughout the Hungarian press in the late nineteenth and early twentieth centuries Showing how the discovery of genuine folk music by Bartók and Kodály often depicted as a purely scientific matter responds directly to concerns raised by earlier writers about the problem of Hungarian music Hooker argues that the innovations of Bartók and Kodály and their circle are not so much in correcting a flawed concept of the national as in using the idea of national authenticity to open up freedom for composers to explore more stylistic options including the exploration of modernist musical language Meticulously researched and elegantly written Redefining Hungarian Music from Liszt to Bartók is essential reading for musicologists musicians and concertgoers alike
