The Hippocrates Code JC McKeown, Joshua Smith, 2016-02-11 In this book lies a key for decoding modern medical terminology a living language that despite some quirks is best approached as an ordered system Rather than presenting a mere list of word elements to be absorbed through rote memorization The Hippocrates Code offers a thorough linguistically centered explanation of the rules of the terminological game both for the language of medicine and for scientific vocabulary in general Its careful exposition of Latin and Greek linguistic principles along with a healthy dose of innovative exercises empowers students to successfully employ the word elements that are the building blocks of modern medical terminology Along the way fascinating discussions of the practice of
