Female Intelligence Tammy M Proctor, 2003-06-01 A history of women who spied for Britain during WWI that retells forgotten stories and unearths new evidence of intrepid female field agents London Review of Books When the Germans invaded her small Belgian village in 1914 Marthe Cnockaert's home was burned and her family separated After getting a job at a German hospital and winning the Iron Cross for her service to the Reich she was approached by a neighbor and invited to become an intelligence agent for the British Not without trepidation Cnockaert embarked on a career as a spy providing information and engaging in sabotage before her capture and imprisonment in 1916 After the war she was paid and decorated by a grateful British government for her service Cnockaert's is only one of the surprising and gripping stories that comprise Female Intelligence This is the first history of the female spies who served Britain during World War I focusing on both the powerful cultural images of these women and the realities challenges and contradictions of intelligence service Between the founding of modern British intelligence organizations in 1909 and the demobilization of 1919 more than 6 000 women served the British government in either civil or military occupations as members of the intelligence community These women performed a variety of services and represented an astonishing diversity of nationality age and class From Aphra Behn in the seventeenth century to the famed Mata Hari female spies have a long history existing in stark juxtaposition to the folkloric notion of women as chatty gossip and indiscreet Using personal accounts letters official documents and newspaper reports Female Intelligence interrogates different and apparently contradictory constructions of gender in the competing spheres of espionage activity Proctor attempts to rescue female spies from clichés that classed them as either sexual predators or martyred virgins manipulators or dupes heartless vamps or emotional basket cases The New Yorker Useful and engaging an important contribution to the history of British intelligence that sheds light on the unglamorous reality of a highly romanticized aspect of women's work American Historical Review Includes illustration

The War We Won Apart Nahlah Ayed, 2025-09-02 INSTANT 1 NATIONAL BESTSELLER Love betrayal and a secret war the untold story of two elite agents one Canadian one British who became one of the most decorated couples of WWII On opposite sides of the pond Sonia Butt an adventurous young British woman and Guy d Artois a French Canadian soldier and thunderstorm of a man are preparing for war From different worlds their lives first intersect during clandestine training to become agents with Winston Churchill's secret army the Special Operations Executive As the world's deadliest conflict to date unfolds Sonia and Guy learn how to parachute into enemy territory how to kill blow up rail lines and eventually how to love each other But not long after their hasty marriage their love is tested by separation by a titanic invasion and by indiscretion Writing in vivid heart stopping prose Ayed follows Sonia as she plunges into Nazi

occupied France and slinks into black market restaurants to throw off occupying Nazi forces while at the same time participating in sabotage operations against them and as Guy in another corner of France trains hundreds into a resistance army Reconstructed from hours of unpublished interviews and hundreds of archival and personal documents the story Ayed tells is about the ravaging costs of war paid for disproportionately by the young But more than anything The War We Won Apart is a story about love two secret agents who were supposed to land in enemy territory together but were fated to fight the war apart *Studies in Intelligence* ,2005 **Mission France** Kate Vigurs,2021-01-01 The full story of the thirty nine female SOE agents who went undercover in France Formed in 1940 Special Operations Executive was to coordinate Resistance work overseas The organization s F section sent more than four hundred agents into France thirty nine of whom were women But while some are widely known Violette Szabo Odette Sansom Noor Inayat Khan others have had their stories largely overlooked Kate Vigurs interweaves for the first time the stories of all thirty nine female agents Tracing their journeys from early recruitment to work undertaken in the field to evasion from or capture by the Gestapo Vigurs shows just how greatly missions varied Some agents were more adept at parachuting Some agents missions lasted for years others less than a few hours Some survived others were murdered By placing the women in the context of their work with the SOE and the wider war this history reveals the true extent of the differences in their abilities and attitudes while underlining how they nonetheless shared a common mission and ultimately deserve recognition **They Fought Alone** Charles Glass,2018-09-11 Highly detailed and fast paced Charles Glass s They Fought Alone is a must read for those whose passion is the Resistance literature of World War II Alan Furst author of A Hero of France From the bestselling author of Americans in Paris and The Deserters the astounding story of Britain s Special Operations Executive one of World War II s most important secret fighting forces As far as the public knew Britain s Special Operations Executive SOE did not exist After the defeat of the French Army and Britain s retreat from the Continent in June 1940 Prime Minister Winston Churchill created the top secret espionage operation to set Europe ablaze The agents infiltrated Nazi occupied territory parachuting behind enemy lines and hiding in plain sight quietly but forcefully recruiting training and arming local French r sistants to attack the German war machine SOE would not only change the course of the war but the nature of combat itself Of the many brave men and women conscripted two Anglo American recruits the Starr brothers stood out to become legendary figures to the guerillas assassins and saboteurs they led While both brothers were sent across the channel to organize against the Germans their fates in war could hardly have been more different Captain George Starr commanded networks of r sistants in southwest France cutting German communications destroying weapons factories and delaying the arrival of Nazi troops to Normandy by seventeen days after D Day Younger brother Lieutenant John Starr laid groundwork for resistance in the Burgundy countryside until he was betrayed captured tortured and imprisoned by the Nazis in France and sent to a series of concentration camps in Germany and Austria Feats of boldness and bravado were many but appalling scandals including George s supposed torture

and execution of Nazis prisoners and John's alleged collaboration with his German captors overshadowed them all. At the war's end Britain, France and the United States awarded both brothers medals for heroism and George would become one of only three among thousands of SOE operatives to achieve the rank of colonel. Yet their battle honors did little to allay postwar allegations against them and when they returned to England their government accused both brothers of heinous war crimes. Here for the first time is the story of one of the great clandestine organizations of World War II and of two heroic brothers whose ordeals during and after the war challenged the accepted myths of Britain's wartime resistance in occupied France. Written with complete and unrivaled access to only recently declassified documents from Britain's SOE files, French archives, family letters, diaries and court records along with interviews from surviving wartime Resistance fighters, *They Fought Alone* is a real-life thriller. Renowned journalist and war correspondent Charles Glass exposes a dramatic tale of spies, sabotage and the daring men and women who risked everything to change the course of World War II. *Agents Française* Bernard O'Connor, 2016-06-14. At least 36 French women were infiltrated into France as secret agents during World War Two. Twelve were arrested and ten executed. Some were landed by gunboat in Normandy or Brittany, some were landed by felucca, a converted fishing boat from Gibraltar, and the rest were either landed by Lysander or parachuted from RAF or USAAF planes from Britain or Algeria. Bernard O'Connor's book provides background information on the French, British, American, Russian and German intelligence services involved. Using contemporary documents, history books, biographies, autobiographies and websites, he provides detailed accounts of the women's background, training and secret missions behind enemy lines. For most of these brave women, their stories are told for the first time, acknowledging the contribution they made to France's liberation. In recognition, they were honored with 49 awards. Book jacket *SOE Heroines* Bernard O'Connor, 2018-03-15. The amazing stories of 38 female spies who operated in occupied France and Vichy France, many told for the very first time. *RAF Tempsford* Bernard O'Connor, 2010-08-15. The fascinating story of the mysterious Tempsford Airfield. **Unearthing Churchill's Secret Army** Martin Mace, 2012-12-19. The Special Operations Executive was one of the most secretive organizations of the Second World War, its activities cloaked in mystery and intrigue. The fate therefore of many of its agents was not revealed to the general public other than the bare details carved with pride upon the headstones and memorials of those courageous individuals. Then in 2003 the first batch of SOE personal files was released by the National Archive. Over the course of the following years more and more files were made available. Now at last it is possible to tell the stories of all those agents that died in action. These are stories of bravery and betrayal, incompetence and misfortune, of brutal torture and ultimately death. Some died when their parachutes failed to open, others swallowed their cyanide capsules rather than fall into the hands of the Gestapo, many died in combat with the enemy, most though were executed by hanging, by shooting and even by lethal injection. The bodies of many of the lost agents were never found, destroyed in the crematoria of such places as Buchenwald, Mauthausen and Natzweiler; others were buried where they fell. All of them should be remembered as having

undertaken missions behind enemy lines in the knowledge that they might never return
