## **Quisling The Career Political Ideas Of Vidkun Quisling:**

Quisling: the Career and Political Ideas of Vidkun Quisling, 1887-1945 Paul M. Hayes,1971      **Quisling** Paul M. Hayes,1972      *The Career and Political Ideas of Vidkun Quisling* Paul M. Hayes,1969      **Quisling: the Career and Political Ideas of Vidkun Quisling, 1887-1945** Paul M. Hayes,1972      **Contemporary Views on the Holocaust** R.L. Braham,2012-12-06 This book is the second in a series of studies published under the auspices of the Institute for Holocaust Studies of the Graduate School and University Center of The City University of New York Like the first book it is an outgrowth of the lectures and special studies sponsored by the institute during the 1981 82 and 1982 83 academic years This volume is divided into five parts Part I Ethics and the Holocaust contains a pioneering investigation of one of the most neglected areas in Holocaust studies Francine Klagsbrun a well known writer and popular lecturer provides an erudite overview of the value of life in Jewish thought and tradition With full understanding of the talmudic scholars position on Jewish ethics and using concrete examples of the life and death dilemmas that confronted many Jews in their concentration camp experiences Klagsbrun provides dramatic evidence of the triumph of moral and ethical principles over the forces of evil during the Holocaust this darkest period in Jewish history The next two chapters grouped under the heading The Allies and the Holocaust deal with the failure of the Western Allies to respond to the desperate needs of the persecuted Jews of Europe during the Second World War The first is by Professor Bela Vago an authority on the Holocaust and East Central European history at the University of Haifa      Combining Political History and Political Science Carlos Domper Lasús,Giorgia Priorelli,2022-10-28 This book shows how a multidisciplinary approach combining conceptual and methodological tools from political history and political science can help to develop a deeper understanding of contemporary political phenomena including democracy populism war and forced migrations among others Throughout the eleven chapters the volume brings together senior academics and early career scholars to explore this innovative approach through a broad range of case studies which are not specific to any particular nation but are characteristic of contemporaneity worldwide Both the international character and the interdisciplinary appeal of this book are reinforced by the fact that the editors and contributors come from different countries and diverse academic traditions This book is aimed at scholars researchers and postgraduate students interested in interdisciplinary approaches and working on politics and global phenomena in the twentieth and twenty first centuries      Fascism through History Patrick G. Zander,2020-10-19 While fascism perhaps reached its peak in the regimes of Hitler and Mussolini it continues to permeate governments today This reference work explores the history of fascism and how it has shaped daily life up to the present day Perhaps the most notable example of Fascism was Hitler s Nazi Germany Fascists aimed to control the media and other social institutions and Fascist views and agendas informed a wide range of daily life and popular culture But while Fascism flourished around the world in the decades before and after World War II it continues to shape politics and government today This reference explores the

history of Fascism around the world and across time with special attention to how Fascism has been more than a political philosophy but has instead played a significant role in the lives of everyday people Volume one begins with a introduction that surveys the history of Fascism around the world and follows with a timeline citing key events related to Fascism Roughly 180 alphabetically arranged reference entries follow These entries discuss such topics as conditions for working people conditions for women Fascist institutions that regulated daily life attitudes toward race physical culture the arts and more Primary source documents give readers first hand accounts of Fascist thought and practice A selected bibliography directs users to additional resources

*A Stand Against Tyranny* Maynard M. Cohen, 2000-09 While many citizens participated on the Resistance the role of Norway's physicians was central to its efforts This book retells the dramatic history of Norway's physicians during the Nazi occupation of their valour dedication and irreplaceable contribution to their nation's liberation

**Encyclopedia of World War II** Alan Axelrod, 2007 A reference to the ideological military political biographical and social topics surrounding World War II which is often considered the pivotal event of the twentieth century

*A History of Political Trials* John Laughland, 2008 This is a formidable and well documented counterblast to a developing modern orthodoxy expressing a point of view that many readers will not even have suspected existed let alone read Anthony Daniels Spectator A useful and controversial contribution to the debate about victor's justice and a valuable warning that international war crimes tribunals need to operate with precision and care Jonathan Steele Guardian The rapid development of the use of international courts and tribunals to try heads of state for genocide and other crimes against humanity has been welcomed by most people because they think that the establishment of international tribunals and courts to try notorious dictators represents a triumph of law over impunity In *A History of Political Trials* John Laughland takes a very different and controversial view namely that political trials are inherently against the rule of law and almost always involve the abuse of process as well as being seriously hypocritical By means of detailed consideration of the trials of figures as disparate as Charles I Louis XVI Erich Honecker and Saddam Hussein Laughland shows that the guilt of the accused has always been assumed in advance that the judges are never impartial that the process is always unfair and biased in favor of the prosecution that the defense is not permitted to use all the arguments at its disposal and that often the accusers have done exactly what they accuse the defence of having done All the trials he recounts were marked by arbitrariness and injustice often gross injustice Although the chapters are short and easy to read they are the fruit of formidable erudition and wide reading The general reader will be forced by this book to re-examine the ideas on this subject and will be much less sanguine about the possibility of bringing dictators and other leaders to genuine justice John Laughland lives in Bath and is an author journalist and has been a university lecturer in France He has published *The Tainted Source* *The Undemocratic Origins of the European Idea* Time Warner Paperbacks and has written for the Spectator the Economist and The New York Times Table of Contents Introduction The Trial of Charles I and the Last Judgement The Trial of Louis XVI and the Terror War Guilt after

World War I Defeat in the Dock the Riom Trial Justice as Purge Marshal Peacutain faces his Accusers Treachery on Trial the Case of Vidkun Quisling Nuremberg Making War Illegal Creating Legitimacy the Trial of Marshal Antonescu Ethnic Cleansing and National Cleansing in Czechoslovakia 19451947 Peoples Justice in Liberated Hungary From Mass Execution to Amnesty and Pardon Postwar Trials in Bulgaria Finland and Greece Politics as Conspiracy the Tokyo Trials The Greek Colonels the Emperor Bokassa and the Argentine Generals Transitional Justice 19752007 Revolution Returns the Trial of Nicolae Ceausescu A State on Trial Erich Honecker in Moabit Jean Kambanda Convicted without Trial Kosovo and the New World Order the Trial of Slobodan Milosevic Regime Change and the Trial of Saddam Hussein Conclusion Notes Bibliography and Further Reading Index

In Quisling's Shadow Alexandra Yourieff, W. George Yourieff, 2013-09-01 Alexandra Andreevna Voronine Yourieff wife of Vidkun Quisling reveals firsthand in this detailed memoir the tragedy betrayals misunderstandings and happiness of her fascinating life Not just a tale of saints and sinners but of three people Alexandra Quisling and his second wife Maria whose fates were intertwined under the extreme conditions created by revolution war and famine in Russia She discloses every particular of her long and tumultuous life from her happy early childhood on the Crimean peninsula thorough the horrors of the revolution her marriage to Quisling and his ultimate betrayals of both her and his country to her later life in France and California

European Dictatorships 1918-1945 Stephen J. Lee, 2016-02-12 European Dictatorships 1918 1945 surveys the extraordinary circumstances leading to and arising from the transformation of over half of Europe's states to dictatorships between the first and the second world wars From the notorious dictatorships of Mussolini Hitler and Stalin to less well known states and leaders Stephen J Lee scrutinizes the experiences of Russia Germany Italy Spain Portugal and Central and Eastern European states This fourth edition has been fully revised and updated throughout New material for this edition includes the most recent research on individual dictatorships a new chapter on the experiences of Europe's democracies at the hands of Germany Italy and Russia an expanded chapter on Spain a new section on dictatorships beyond Europe exploring the European and indigenous roots of dictatorships in Latin America Asia and Africa Extensively illustrated with images maps tables and a comparative timeline and supported by a companion website providing further resources for study [www.routledge.com/cw/lee](http://www.routledge.com/cw/lee) European Dictatorships 1918 1945 is a clear detailed and highly accessible analysis of the tumultuous events of early twentieth century Europe

*Genocide and Fascism* Aristotle Kallis, 2008-09-25 This book investigates how fascism as an ideology and political praxis reconfigured the ideological political and moral landscape of interwar Europe generating an atmosphere of extreme license that facilitated the leap into eliminationist violence It demonstrates how fascist ideology linked the prospect of violent cleansing to utopias of national racial regeneration thus encouraging and legitimizing targeted hatred against particular others It also shows how the diffusion and internationalization of fascism in the 1930s produced a sense of a revolutionary new beginning and created a transnational fascist new order in which Nazi Germany came to occupy a potent position of

authority The book analyzes how the eliminationist initiative and precedent of Nazi Germany became a second license that empowered fascist regimes across Europe to embark on their own eliminationist projects with diminished accountability Finally it examines how this license enhanced by the actions of fascists and the collapse of order caused by World War Two released individuals and communities from the burden of legal and moral accountability turning them into accomplices in the most wide brutal and devastating genocidal campaign that the continent had ever experienced *British Policy and Strategy towards Norway, 1941-45* C. Mann, 2012-11-19 After the German occupation of 1940 Britain was forced to reassess its relationship with Norway a country largely on the periphery of the main theatres of the Second World War Christopher Mann examines British military policy towards Norway concentrating on the commando raids deception planning and naval operations Western and Northern Europe 1940-June 1942 Katja Happe, Michael Mayer, Maja Peers, 2021-12-31 Executive editors Katja Happe Michael Mayer and Maja Peers with Jean Marc Dreyfus English language edition prepared by Caroline Pearce Johannes Gamm Georg Felix Harsch and Dorothy Mas In April May 1940 the German Wehrmacht invaded Northern and Western Europe The subsequent occupation of Norway Denmark the Netherlands Belgium Luxembourg and France brought the Jewish population of these countries both established residents and refugees under German control From autumn 1941 in Luxembourg and from spring summer 1942 in Belgium the Netherlands and occupied France Jews were required to wear the Jewish star and many were subjected to forced labour By mid 1942 deportations from Luxembourg and France to the ghettos and extermination camps in occupied Eastern Europe had already begun while in the other occupied countries they were imminent In April 1942 Alfred Oppenheimer the Jewish elder in Luxembourg wrote A dreadful fate hangs over our community again The worst that can happen has now happened and the Poland transport is a certainty This volume covers Norway and Western Europe during the period from the German invasion to mid 1942 developments in Denmark for this period are documented in vol 12 and records how Jews in these parts of Europe were excluded from society and stripped of their rights livelihoods and property Letters and diary entries by the persecuted Jews detail life under German occupation and the attempts by many Jews to emigrate The sources show how Jewish organizations sought to alleviate the impact of persecution and how the German occupiers and local collaborators targeted Jews with increasingly stringent measures and clamped down on any form of resistance Learn more about the PMJ on <https://pmjdocuments.org> World Terrorism: An Encyclopedia of Political Violence from Ancient Times to the Post-9/11 Era James Ciment, 2015-03-10 First Published in 2015 This collection holds three volumes Terrorism is a term that defies easy definition and its meaning has also changed over the course of history Because this encyclopedia aims at comprehensiveness across time geography and the conceptual landscape it applies the broadest definition of terrorism the use of violence or the threat of violence to effect political change through fear in which the victims of the violence The encyclopedia is divided into six parts **Scandinavian Studies**, 1974 Includes Proceedings of the Society **Corporatism and Fascism** Antonio Costa Pinto, 2017-02-17 This book is the first conceptual

and comparative empirical work on the relation between corporatism and dictatorships bringing both fields under a joint conceptual umbrella It operationalizes the concepts of social and political corporatism diffusion and critical junctures and their particular application to the study of Fascist Era dictatorships The book s carefully constructed balance between theory and case studies offers an important contribution to the study of dictatorships and corporatism Through the development of specific indicators in critical junctures of regime change and institutionalization as well as qualitative data based on different sources such as party manifestos constitutions and constitutional reforms expert commissions and the legislation that introduces corporatism this book traces transnational sources of inspiration in different national contexts By bringing together a number of both established and new voices from across the field this book will be of interest to students and scholars of fascism dictatorship and modern European politics

**Scandinavia and the Great Powers 1890-1940** Patrick Salmon,2002-04-11 At the beginning of the twentieth century Scandinavia lay on the margin of European power politics but with the polarisation of international relations in the era of the two world wars Denmark Finland Norway and Sweden became the point where the spheres of influence of three great powers Great Britain Germany and Russia intersected In this book Patrick Salmon uses his extensive research in British German and Scandinavian archives to examine the position of the Nordic countries in the great power rivalries and conflicts of the period 1890 1940 However it does not treat the Nordic countries merely as passive victims It seeks to show that despite the disparity in strength between the great powers and the small states of northern Europe the latter had means of adapting to great power pressures and even influencing the policies of their formidable neighbours

Fascism and the Right in Europe 1919-1945 Martin Blinkhorn,2014-07-22 This new text places interwar European fascism squarely in its historical context and analyses its relationship with other right wing authoritarian movements and regimes Beginning with the ideological roots of fascism in pre 1914 Europe Martin Blinkhorn turns to the problem torn Europe of 1919 to 1939 in order to explain why fascism emerged and why in some settings it flourished while in others it did not In doing so he considers not just the major fascist movements and regimes of Italy and Germany but the entire range of fascist and authoritarian ideas movements and regimes present in the Europe of 1919 1945

## Reviewing **Quisling The Career Political Ideas Of Vidkun Quisling**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing.
