Quotations in History Alan Palmer, Veronica Palmer, 1976 Quotations in history presents the great moments of history captured in a single pithy phrase and brings together the great figures of history in their own words The book ranges over 1 200 years from the crowning of Charlemagne and his holy Roman Empire in the West in 800 A D to Neil Armstrong s first footfall on the moon and even more recent events through to the end of 1975 With some 1 600 entries it fills a surprising gap in reference and historical literature Its accuracy and authority are undoubted Alan Palmer is both an established historian and compiler of reference works Veronica Palmer an expert on the classical and medieval periods has previously assisted her husband on the preparation and writing of his books Quotations in history includes not only the famous phrases which everyone knows but can never quite place exactly and date precisely but longer passages that capture the essence of an historical figure s character or the spirit of a particular historical event Particular care has been given to establishing the date of quotations wherever possible With some of the better known remarks the authors have chosen to present rather more of their context than is customary At the same time phrases of dubious authenticity have been noted and the authors have tried to discover the original versions upon which the legendary remarks have been built up *Quotations in History* Alan Palmer, Veronica Palmer, 1976 Dictionary of Sports Quotations Barry Liddle, 1987 This is a professionally compiled British dictionary of sports quotations with first rate author and subject indexing It contains ten pages of quotations on cricket and three each on baseball and football There are numerous quotations from Shakespeare but none from Yogi Berra or Casey Stengel The Greenhill Dictionary of Military Quotations Peter G Tsouras, 2020-05-18 An authoritative compilation of military history quotes from 2000 BC to the present day A massive compilation casting light not only upon the pain suffering and sheer insanity of war but also upon the unique comradeship and exhilaration of battle this is a valuable addition to the literature of reference The Spectator Peter Tsouras brings 4 000 years of military history to life through the words of more than 800 soldiers commanders military theorists and commentators on war Quotes by diverse personalities Napoleon Machiavelli Atat rk Che Guevara Rommel Julius Caesar Wellington Xenophon Crazy Horse Wallenstein T E Lawrence Saladin Zhukov Eisenhower and many more sit side by side to build a comprehensive picture of war across the ages Broken down into more than 480 categories covering courage danger failure leadership luck military intelligence tactics training guerrilla warfare and victory this definitive guide draws on the collected wisdom of those who have experienced war at every level From the brutality and suffering of war to the courage and camaraderie of soldiers to the glory and exhilaration of battle these quotes offer an insight into the turbulent history of warfare and the lives and deeds of great warriors Quotations in History Allan Palmer, Veronica Palmer, 1977 **British Books in Print** , 1986 **History** Elizabeth Frick, 1995
