Rabindranath Tagore and Modern Sensibility Bhabatosh Chatterjee, 1996 This Book Addresses Certain Central Concerns Of Tagore S Work And Underlines Aspects Of The Writer S Sensibility And Achievement That Have Not So Far Received Sufficient Attention

The Vedantic Relationality of Rabindranath Tagore Ankur Barua, 2018-10-25 This book is a thematic study of the poet thinker Rabindranath Tagore s conceptual project of harmonizing the one and its many Tagore s writings in Bengali and in English on religious and social themes are held together by the leitmotif of a harmony which operates across several existential religious and social polarities the finite and the infinite the temporal and the eternal and the individual and the universal Tagore creatively appropriated materials from diverse sources such as the classical Hindu Vedantic systems the folk piety of Bengal and others to configure a dialectic which shapes his writings on both religious and social themes On the one hand each individual is irreducibly distinct from everyone else and on the other hand each individual gains their spiritual depth precisely by being placed within the dynamic matrices of an interrelated whole Thus we find Tagore rejecting certain monastic forms of Hindu world renunciation and also certain ecstatic dimensions of devotional worship the former because they efface individuality and the latter because they can generate self absorbed styles of living Again Tagore is as sharply opposed to Bengali imitateness of English modes of being in the world as he is to Bengali forms of insularity the former because it dilutes the concrete richness of indigenous lifeforms and the latter because it confines individuals to parochial enclosures Tagore s life long endeavor was to configure a third way by rejecting both the blank homogeneity of an undifferentiated one and the particularistic insularities of a multitude without a deeper center of coherence

Negotiating the Modern Amit Ray, 2007-01-22 This book explicates long standing literary celebrations of India and Indianness by charting a cultural history of Indianness in the Anglophone world locating moments in intellectual religious and cultural history where India and Indianness are offered up as solutions to modern moral ethical and political questions in the West Beginning in the early 1800s South Asians actively seek to occupy and modify spaces created by the scholarly discourses of Orientalism the study of the East Orient via Western European epistemological frameworks Tracing the varying fortunes of Orientalist scholars from the inception of British rule this study charts the work of key Indologists in the colonial era The rhetorical constructions of East and West deployed by both colonizer and colonized as well as attempts to synthesize or transcend such constructions became crucial to conceptions of the modern Eventually Indian desire for political sovereignty together with the deeply racialized formations of imperialism produced a shift in the dialogic relationship between South Asia and Europe that had been initiated and sustained by orientalists This impetus pushed scholarly discourse about India in Europe North America and elsewhere out of what had been a direct role in politics and theology and into high Literary culture

Selected Poems Rabindranath Tagore, 2005-03-31 The poems of Rabindranath Tagore 1861-1941 are among the most haunting and tender in Indian and in world literature expressing a profound and passionate human yearning His ceaselessly inventive works deal with such subjects as the interplay between God and the world the eternal and transient and with the paradox of an endlessly changing universe that is in tune with unchanging harmonies Poems such as *Earth* and *In the Eyes of a Peacock* present a picture of natural processes unaffected by human concerns while others as in *Recovery* 14 convey the poet's bewilderment about his place in the world And exuberant works such as *New Rain* and *Grandfather's Holiday* describe Tagore's sheer joy at the glories of nature or simply in watching a grandchild play

Development of Modern Art Criticism in India after Independence Dr. Sangeeta, 2017-10-06 Any artistic creation be it a painting or sculpture initiates a reaction within us invoking within us a desire to analyse or evaluate it The criticism of art definitely has its presence But the question is in what form and of what relevance is it Art criticism is exclusively presented in the written form it does not consist of descriptions of pictures interpretations or re creations but of something new and autonomous related to the piece of art in some way Criticism always gives us novel ideas for modern art which in turn enriches the Indian heritage Art has been part of our life since ancient times Traditionally Indian art writing was mainly composed of commentaries on courtly art conventions and on the poetic texts that inspired paintings and sculptures Since the 20th century there has been a breakdown of established conceptions of meaning in the all streams of arts and several rapid changes in artistic style This book will help readers understand the journey of modern art criticism since Indian independence It formulates as precisely as possible the basic principles and norms that will enrich artistically sensitive laymen and critics alike
