**Race and the Third Reich** Christopher Hutton, 2005-12-02 Race and the Third Reich aims to set out the key concepts debates and controversies that marked the academic study of race in Nazi Germany It looks in particular at the discipline of racial anthropology and its relationship to linguistics and human biology Christopher Hutton identifies the central figures involved in the study of race during the Nazi regime and traces continuities and discontinuities between Nazism and the study of human diversity in the Western tradition Whilst Nazi race theory is commonly associated with the idea of a superior Aryan race and with the idealization of the Nordic ideal of blond hair blue eyes and a long skull Nazi race theorists in common with their colleagues outside Germany without exception denied the existence of an Aryan race After 1935 official publications were at pains to stress that the term Aryan belonged to linguistics and was not a racial category at all Under the influence of Mendelian genetics racial anthropologists concluded that there was no necessary link between ideal physical appearance and ideal racial character In the course of the Third Reich racial anthropology was marginalized in favour of the rising science of human genetics However racial anthropologists played a key role in the crimes of the Nazi state by defining Jews and others as racial outsiders to be excluded at all costs from the body of the German Volk Anyone studying the Third Reich or who is interested in race theory will find this a fascinating informative and accessible study *Beyond the Racial State* Devin Owen Pendas, Mark Roseman, Richard F. **Anti-Semitism and Schooling Under the Third Reich** Gregory Wegner, 2014-02-04 This book investigates the anti-Semitic foundations of Nazi curricula for elementary schools with a focus on the subjects of biology history and literature Gregory Paul Wegner argues that any study of Nazi society and its values must probe the education provided by the regime Schools according to Wegner play a major role in advancing ideological justifications for mass murder and in legitimizing a culture of ethnic and racial hatred Using a variety of primary sources Wegner provides a vivid account of the development of Nazi education **The Third Reich** David G. Williamson, 2018-01-29 The Third Reich is a succinct comprehensive examination of the major debates surrounding this crucial period in modern German history The character and operation of the Nazi state and of its global consequences have been discussed and disputed since 1933 David G Williamson's Seminar Studies text now in its fifth edition provides students with a lucid introduction to the Third Reich and highlights the relevant research scholarship and controversies The new edition has been expanded to give increased coverage to such topics as ethnic cleansing in Poland and Russia the role of the Wehrmacht the Holocaust attitudes of ordinary Germans to the Third Reich the German opposition Nazi foreign policy and the German economy Accompanied by a wide range of primary sources a timeline maps and a glossary The Third Reich remains the best available introduction to this short lived but enormously

Pendas,Mark Roseman,Richard F. Wetzell,2017-11-16 The racial state has become a familiar shorthand for the Third Reich encapsulating its raison d'être ambitions and the underlying logic of its genocidal violence The Nazi racial state's agenda is generally understood as a fundamental reshaping of society based on a new hierarchy of racial value However this volume argues that it is time to reappraise what race really meant under Nazism and to question and complicate its relationship to the Nazis agenda actions and appeal Based on a wealth of new research the contributors show that racial knowledge and racial discourse in Nazi Germany were far more contradictory and disparate than we have come to assume They shed new light on the ways that racial policy worked and was understood and consider race's function content and power in relation to society and nation and above all in relation to the extraordinary violence unleashed by the Nazis
