Kalunta-Crumpton, 2010-03-31 This book provides a focused and critical international overview of the intersections between race crime perpetration and victimization and criminal justice policy and practice responses to crime perpetration and crime victimization **Race, Criminal Justice, and Migration Control** Mary Bosworth, Alpa Parmar, Yolanda Vázquez, 2018-01-12 The criminalization of migration is heavily patterned by race By placing race at the centre of its analysis this volume examines questions and explains the growing intersection between criminal justice and migration control Through the lens of race we see how criminal justice and migration enmesh in order to exclude stop and excise racialized citizens and non citizens from societies across the world within beyond and along borders Race and the meaning of race in relation to citizenship and belonging is excavated through the chapters presented in the book and the book as a whole thereby transforming the way we think about migration Neatly organized in four sections the book begins with chapters that present a conceptual analysis of race borders and social control moving to the institutions that make up and shape the

criminal justice and migration complex The remaining chapters are convened around the key sites where criminal justice and migration control intersect policing courts and punishment Together the volume presents a critical and timely analysis of how race shapes and complicates mobility and how racism is enabled and reanimated when criminal justice and migration control coalesce *Malign Neglect* Michael Tonry,1995 Tonry focuses on the racial disparities in the criminal justice system especially apparent discrimination toward black males Criminal Law Katheryn Russell-Brown,Angela J. Davis,2025-07-18 Criminal Law Second Edition provides your students with an understanding of the U S criminal justice system using a sociological framework that illustrates how criminal law and the justice system impact the real world Throughout the text case excerpts and detailed summaries highlight key principles of criminal law offering a thorough and engaging exploration of complex concepts **The Palgrave Handbook of Applied Ethics and the Criminal Law** Larry Alexander,Kimberly Kessler Ferzan,2019-12-02 This handbook consists of essays on contemporary issues in criminal law and their theoretical underpinnings Some of the essays deal with the relationship between morality and criminalization Others deal with criminalization in the context of specific crimes such as fraud blackmail and revenge pornography The contributors also address questions of responsible agency such as the effects of addiction or insanity and some deal with punishment its mode and severity and the justness of the state s imposition of it These chapters are authored by some of the most distinguished scholars in the fields of applied ethics criminal law and jurisprudence Race, Crime, and Criminal Justice Anita Kalunta-Crumpton,2025-07-10 One of the most controversial topics on the subject of race crime and criminal justice is the disproportionate representation of Blacks in the criminal justice system as offenders and prison inmates Rather than portraying Blacks as perpetual victims of racism in which societal institutions are solely responsible for reform this book seeks to put the power of change in the hands of Blacks It focuses on the preventative role that Blacks might play and considers solution oriented ways to stop this vicious cycle *The Concept of Race in International Criminal Law* Carola Lingaas,2019-09-19 Members of racial groups are protected under international law against genocide persecution and apartheid But what is race and why was this contentious term not discussed when drafting the Statute of the International Criminal Court Although the law uses this term is it legitimate to talk about race today let alone convict anyone for committing a crime against a racial group This book is the first comprehensive study of the concept of race in international criminal law It explores the theoretical underpinnings for the crimes of genocide apartheid and persecution and analyses all the relevant legal instruments case law and scholarship It exposes how the international criminal tribunals have largely circumvented the topic of race and how incoherent jurisprudence has resulted in inconsistent protection The book provides important new interpretations of a problematic concept by subjecting it to a multifaceted and interdisciplinary analysis The study argues that race in international criminal law should be constructed according to the perpetrator s perception of the victims ostensible racial otherness The perpetrator s imagination as manifested through his behaviour defines the victims

racial group membership It will be of interest to students and practitioners of international criminal law as well as those studying genocide apartheid and race in domestic and international law Race, Crime, and Criminal Justice R. L. McNeely, Carl E. Pope, 1981-04 It is some relief to come across this collection of papers edited by McNeely and Pope which sets out to get the record straight It is refreshing to see such intelligent and honest scholarship If there is not something here to cause us to reflect and make comparisons then we must indeed be prejudiced beyond redemption This reviewer at least will turn to this collection of papers and the valuable references whenever he wishes to consider the vexed but vital question of race and crime International and Comparative Law Quarterly October 1982 It is an excellent primer for those students and faculty unfamiliar with the demographics and important theoretical research and practice issues in the area Classes **The System in Black and White** Michael W. Markowitz, Delores D. Jones-Brown, 2000-04-30 In a collection of compelling contributions to the study of the nexus between race crime and justice noted scholars in the field critique many long held assumptions and myths about race challenging criminal justice policymakers to develop new and effective strategies for dealing with the social problems such misunderstandings create In sections devoted to criminological theory law enforcement courts and the law juvenile delinquency and gender contributors endeavor to dispel myths about African American involvement in the criminal justice system In so doing a number of important facts are established about the race crime nexus For example in an analysis of criminological theory it is concluded that race as a singular social factor has not been adequately represented in existing paradigms The subject of police profiling of African Americans reveals an evolution of court decisions that have marginalized rather than liberated African Americans since slavery Each contributor challenges both the reader and the criminal justice system to develop meaningful strategies for addressing the racism that still pervades our system of justice A chapter on women of color in prison makes a compelling argument that such institutions often represent safer environments than the life on the streets women leave behind This persuasive volume will be of interest to undergraduate and graduate students as well as faculty in Sociology Criminal Justice policy development African American and Women's Studies **Nominations of Robert S. Warshaw, to be Associate Director, and Thomas J. Umberg to be Deputy Director for Supply Reduction** United States. Congress. Senate.
