The Foreign and Domestic Dimensions of Modern Warfare Howard Mumford Jones, 2018-12-11 An exploration of the nuclear arms race and the dangers arising with the advent of limited warfare After the development of the atomic bomb in 1945 Americans became engaged in a new kind of war against totalitarianism Enemies and objectives slipped out of focus causing political and military aims to mesh as a struggle to contain communism both at home and abroad encompassed civilians as well as soldiers In matters relating to Vietnam Central America and the nuclear arms race the domestic and foreign dimensions of each issue became inseparable Policymakers in Washington had to formulate strategies dictated by limited war in their search for peace Contributors to this volume demonstrate the multifaceted nature of modern warfare Robert H Ferrell establishes the importance of studying military history in understanding the post World War II era On Vietnam Colonel Harry G Summers Jr gives an intriguing argument regarding the U S Army George C Herring examines how America s decisions in 1954 assured deepened involvement and Captain Mark Clodfelter uncovers new evidence concerning Linebacker I On the home front Robert F Burk analyzes the impact of the Cold War on the battle for racial justice Charles DeBenedetti puts forth a challenging interpretation of the antiwar movement and James C Schneider provides perspective on the relationship between the Vietnam War and the Great Society On Central America two writers downplay communism in explaining the region s troubles Ralph Lee Woodward Jr fits the Nicaraguan revolution in the long span of history and Thomas M Leonard shows how the

Stirrings and Strivings of the New Negro in the Western World is a collection of over fifty articles that detail his pioneering theoretical educational and organizational role in the founding and development of the militant World War I era New Negro Movement. Harrison was a brilliant class and race conscious writer, educator, orator, editor, book reviewer, political activist, and radical internationalist who was described by J. A. Rogers as perhaps the foremost Aframerican intellect of his time and by A. Philip Randolph as the father of Harlem Radicalism. He was a major radical influence on Randolph, Marcus Garvey, and a generation of New Negro activists. This new Diasporic Africa Press edition includes the complete text of Harrison's original 1920 volume. It contains essays from publications Harrison edited in the 1917-1920 period, including *The Voice*, the first newspaper of the New Negro Movement; *The New Negro*; and the Garvey movement's *Negro World*, and offers a new introduction, biographical sketch, and supplementary notes by Harrison's biographer, Jeffrey B. Perry.

Harlem Renaissance Lives from the African American National Biography Henry Louis Gates (Jr.), Evelyn Brooks Higginbotham, 2009. The Harlem Renaissance is the best known and most widely studied cultural movement in African American history. Now in *Harlem Renaissance Lives*, esteemed scholars Henry Louis Gates Jr. and Evelyn Brooks Higginbotham have selected 300 key biographical entries culled from the eight-volume *African American National Biography*, providing an authoritative who's who of this seminal period. Here, readers will find engagingly written and authoritative articles on notable African Americans who made significant contributions to literature, drama, music, visual art, or dance, including such central figures as poet Langston Hughes, novelist Zora Neale Hurston, aviator Bessie Coleman, blues singer Ma Rainey, artist Romare Bearden, dancer Josephine Baker, jazzman Louis Armstrong, and the intellectual giant W. E. B. Du Bois. Also included are biographies of people like the Scottsboro Boys, who were not active within the movement but who nonetheless profoundly affected the artistic and political statements that came from Harlem Renaissance figures. The volume will also feature a preface by the editors, an introductory essay by historian Cary D. Wintz, and 75 illustrations.

Neither Black Nor White Yet Both Werner Sollors, 1997-04-24. Why can a white woman give birth to a black baby while a black woman can never give birth to a white baby in the United States? What makes racial passing so different from social mobility? Why are interracial and incestuous relations often confused or conflated in literature, making miscegenation appear as if it were incest? When did the myth that one can tell a person's race by the moon on their fingernails originate? How did blackness get associated with the curse of Ham when the Biblical text makes no reference to skin color at all? Werner Sollors examines these questions and others in *Neither Black Nor White Yet Both*, a new and exhaustively researched exploration of interracial literature. In the past, interracial texts have been read more for a black-white contrast of either/or than for an interracial realm of neither/nor/both and in-between. Intermarriage prohibitions have been legislated throughout the modern period and were still in the law books in the 1980s. Stories of black-white sexual and family relations have thus run against powerful social taboos. Yet much interracial literature has been written, and this book suggests its pervasiveness and offers new
