**Early Modern Skepticism and the Origins of Toleration** Alan Levine, 1999-04-22 This collection of original essays by the nation's leading political theorists examines the origins of modernity and considers the question of tolerance as a product of early modern religious skepticism Rather than approaching the problem through a purely historical lens the authors actively demonstrate the significance of these issues to contemporary debates in political philosophy and public policy The contributors to Early Modern Skepticism raise and address questions of the utmost significance Is religious faith necessary for ethical behavior Is skepticism a fruitful ground from which to argue for toleration This book will be of interest to historians philosophers religious scholars and political theorists anyone concerned about the tensions between private beliefs and public behavior

***Alcohol, Sex and Gender in Late Medieval and Early Modern Europe*** L. Martin, 2001-01-19 This book examines drinking and attitudes to alcohol consumption in late medieval and early modern England France and Italy especially as they related to sexual and violent behavior and to gender relations According to widespread beliefs the consumption of alcohol led to increased sexual activity among both men and women and it also led to disorderly conduct among women and violent conduct among men Dr Lynn shows how alcohol was a fundamental part of the diets of most people including women resulting in daily drinking of large amounts of ale beer or wine This study offers an intimate insight into both the altered states induced by alcohol and by opposition into normal relations in family community and society

**Moderating Masculinity in Early Modern Culture** Todd W. Reeser, 2006 Moderating Masculinity in Early Modern Culture proposes a definition of gender based on a ternary model in which moderation and masculinity are inextricably linked Like the Aristotelian virtue of moderation which requires the presence of excess a

***All Men and Both Sexes*** Hilda L. Smith, 2010-11 All

Men and Both Sexes explores the use of such universal terms as people man or human in early modern England from the civil war through the Enlightenment Such language falsely implies inclusion of both men and women when actually it excludes women Recent scholarship has focused on the Rights of Man doctrine from the Enlightenment and the French Revolution as explanation for women s exclusion from citizenship According to Hilda Smith we need to go back further to the English Revolution and the more grounded but equally restricted values tied to the free born Englishman Citing educational treatises advice literature to young people guild records popular periodicals and parliamentary debates she demonstrates how the male maturation process came to define the qualities attached to citizenship and responsible adulthood which in turn became the basis for modern individualism and liberalism By the eighteenth century a new discourse of sensibility was describing women as dependent beings outside the state in a separate sphere and in need of protection This excluded women from reform debates forcing them to seek not an extension of a democratic franchise but a specific women s suffrage focused on gender difference

**Conjectures of Order** Michael O'Brien, 2004-03-01 In this magisterial history of intellectual life Michael O'Brien analyzes the lives and works of antebellum Southern thinkers and reintegrates the South into the larger tradition of American and European intellectual history O'Brien finds that the evolution of Southern intellectual life paralleled and modified developments across the Atlantic by moving from a late Enlightenment sensibility to Romanticism and lastly to an early form of realism Volume 1 describes the social underpinnings of the Southern intellect by examining patterns of travel and migration the formation of ideas on race gender ethnicity locality and class and the structures of discourse expressed in manuscripts and print culture In Volume 2 O'Brien looks at the genres that became characteristic of Southern thought Throughout he pays careful attention to the many individuals who fashioned the Southern mind including John C. Calhoun Louisa McCord James Henley Thornwell and George Fitzhugh Placing the South in the larger tradition of American and European intellectual history while recovering the contributions of numerous influential thinkers and writers O'Brien's masterwork demonstrates the sophistication and complexity of Southern intellectual life before 1860

*Remembering the Hacienda* Barry Jay Lyons, 2021 From the colonial period through the mid twentieth century haciendas dominated the Latin American countryside In the Ecuadorian Andes Runa Quichua speaking indigenous people worked on these large agrarian estates as virtual serfs In

Remembering the Hacienda Religion Authority and Social Change in Highland Ecuador Barry Lyons probes the workings of power on haciendas and explores the hacienda s contemporary legacy Lyons lived for three years in a Runa village and conducted in depth interviews with elderly former hacienda laborers He combines their wrenching accounts with archival evidence to paint an astonishing portrait of daily life on haciendas Lyons also develops an innovative analysis of hacienda discipline and authority relations Remembering the Hacienda explains the role of religion as well as the reshaping of Runa culture and identity under the impact of land reform and liberation theology This beautifully written book is a major contribution to the understanding of social control and domination It will be valuable reading for a broad audience in anthropology history Latin American studies and religious studies *Abigail and John Adams* G. J.

Barker-Benfield,2010-11-15 During the many years that they were separated by the perils of the American Revolution John and Abigail Adams exchanged hundreds of letters Writing to each other of public events and private feelings loyalty and love revolution and parenting they wove a tapestry of correspondence that has become a cherished part of American history and literature With Abigail and John Adams historian G J Barker Benfield mines those familiar letters to a new purpose teasing out the ways in which they reflected and helped transform a language of sensibility inherited from Britain but amid the revolutionary fervor becoming Americanized Sensibility a heightened moral consciousness of feeling rooted in the theories of such thinkers as Descartes Locke and Adam Smith and including a moral sense akin to the physical senses threads throughout these letters As Barker Benfield makes clear sensibility was the fertile humanizing ground on which the Adamses not only founded their marriage but also the abhorrence of injustice and inhumanity they and their contemporaries hoped to plant at the heart of the new nation Bringing together their correspondence with a wealth of fascinating detail about life and thought courtship and sex gender and parenting and class and politics in the revolutionary generation and beyond Abigail and John Adams draws a lively convincing portrait of a marriage endangered by separation yet surviving by the same ideas and idealism that drove the revolution itself A feast of ideas that never neglects the real lives of the man and woman at its center Abigail and John Adams takes readers into the heart of an unforgettable union in order to illuminate the first days of our nation and explore our earliest understandings of what it might mean to be an American **Conciliation - Compulsion**

**- Conversion** Merete Falck Borch,2021-10-18 This work is an examination of British imperial policy and attitudes towards the original inhabitants in the American colonies New South Wales and the Cape colony of South Africa A comparative study of the formative phase in this area of policy it covers the period between the mid eighteenth and early nineteenth centuries examining and comparing the development of policy in each of the three geographical regions and tracing the legal and intellectual context within which this policy took shape It suggests an important shift of attitude towards indigenous peoples in the course of the period covered a change that had a major impact on political perceptions and policy formation *Bodies and Maps* Maryanne Cline Horowitz,Louise Arizzoli,2020-12-15 Since antiquity artists have visualized the known world

through the female sometimes male body In the age of exploration America was added to figures of Europe Asia and Africa who would come to inhabit the borders of geographical visual imagery In the abundance of personifications in print painting ceramics tapestry and sculpture do portrayals vary between hierarchy and global human dignity Are we witnessing the emergence of ethnography or of racism Yet as this volume shows depictions of bodies as places betray the complexity of human claims and desires Bodies and Maps Early Modern Personifications of the Continents opens up questions about early modern politics travel literature sexualities gender processes of making and the mobility of forms and motifs Contributors are Louise Arizzoli Elisa Daniele Hilary Haakenson Elizabeth Horodowich Maryanne Cline Horowitz Ann Rosalind Jones Paul H D Kaplan Marion Romberg Mark Rosen Benjamin Schmidt Chet Van Duzer Bronwen Wilson and Michael Wintle **The**

**Descent of Ideas** Donald R. Kelley, 2017-09-29 The history of ideas better known these days as intellectual history is a flourishing field of study which has been the object of much controversy but hardly any historical exploration This major new work from Donald R Kelley is the first comprehensive history of intellectual history tracing the study of the history of thought from ancient medieval and early modern times its emergence as the history of ideas in the 18th century and its subsequent expansion The point of departure for this study is the perspective opened up by Victor Cousin in the early 19th century on Eclecticism and its association with the history of philosophy established by Renaissance scholars Kelley considers a broad range of topics including the rivalry between ideas and language the rise of cultural history the contributions of certain 19th and 20th century practitioners of the history of ideas in interdisciplinary areas of philosophy literature and the sciences and finally the current state of intellectual history The central theme of the book is the interplay between the canon of philosophical thought and the tradition of language and textual study the divergence of the latter marking the descent of ideas into the realm of cultural history **The Color of Equality** Devin J. Vartija, 2021-08-06 The Enlightenment is often

either praised as the wellspring of modern egalitarianism or condemned as the cradle of scientific racism How should we make sense of this paradox The Color of Equality is the first book to investigate both the inclusive language of common humanity and the hierarchical language of race in Enlightenment thought seeking to understand how eighteenth century thinkers themselves made sense of these tensions Using three major Enlightenment encyclopedias from England France and Switzerland the book provides a rich contextualization of the conflicting ideas of equality and race in eighteenth century thought Enlightenment thinkers used physical features to categorize humanity into novel racial groups in a discourse that was imbued with Eurocentric aesthetic and moral judgments Simultaneously however these very same thinkers politicized equality by putting it to new uses such as a vitriolic denunciation of slavery and inhumane treatment that was grounded in the nascent philosophy of human rights Vartija contends that the tension between Enlightenment ideas of race and equality can best be explained by these thinkers attempt to provide a naturalistic account of humanity including both our physical and moral attributes Enlightenment racial classification fits into the novel inclusion of humanity in histories of nature while the

search for the origins of morality in social experience alone lent equality a normative authority it had not previously possessed Eschewing straightforward approbation or blame of the Enlightenment The Color of Equality demonstrates that our present day thinking about human physical and cultural diversity continues to be deeply informed by an eighteenth century European intellectual revolution with global ramifications The Cambridge History of Eighteenth-century Philosophy Knud Haakonssen,2006 This two volume set presents a comprehensive and up to date history of eighteenth century philosophy The subject is treated systematically by topic not by individual thinker school or movement thus enabling a much more historically nuanced picture of the period to be painted The Oxford Handbook of Shakespeare and Embodiment Valerie Traub,2016 The Oxford Handbook of Shakespeare and Embodiment brings together 42 of the most important scholars writing on the subject today They explore representations of gender in the context of race ethnicity sexuality disability and religion and consider Shakespeare s life contemporary editing practices and the performance of his plays

**The Senses of Humor** Daniel Wickberg,2015-01-26 Why do modern Americans believe in something called a sense of humor and how did they come to that belief Daniel Wickberg traces the relatively short cultural history of the concept to its British origins as a way to explore new conceptions of the self and social order in modern America More than simply the history of an idea Wickberg s study provides new insights into a peculiarly modern cultural sensibility The expression sense of humor was first coined in the 1840s and the idea that such a sense was a personality trait to be valued developed only in the 1870s What is the relationship between medieval humoral medicine and this distinctively modern idea of the sense of humor What has it meant in the past 125 years to declare that someone lacks a sense of humor Why do modern Americans say it is a good thing not to take oneself seriously How is the joke as a twentieth century quasi literary form different from the traditional folktale Wickberg addresses these questions among others and in the process uses the history of ideas to throw new light on the way contemporary Americans think and speak about humor and laughter The context of Wickberg s analysis is Anglo American the specifically British meanings of humor and laughter from the sixteenth century forward provide the framework for understanding American cultural values in the nineteenth and twentieth centuries The genealogy of the sense of humor is like the study of keywords an avenue into a significant aspect of the cultural history of modernity Drawing on a wide range of sources and disciplinary perspectives Wickberg s analysis challenges many of the prevailing views of modern American culture and suggests a new model for cultural historians

**Intersectionalities of Class in Early Modern English Drama** Ronda Arab,Laurie Ellinghausen,2023-08-26 Defining class broadly as an identity categorization based on status wealth family bloodlines and occupation Intersectionalities of Class in Early Modern English Drama e xplores class as a complicated contingent phenomenon modified by a wider range of social categories apart from those defining terms including but not limited to race gender religion and sexuality This collection of essays featuring a range of international contributors explores a broad range of questions about the intersectional factors influencing class

status in early modern England including how cultural behaviors and non class social categories affected status and social mobility in what ways hegemonies of elite prerogatives could be disrupted or entrenched by the myriad of intersectional factors that informed social identity and how class position informed the embodied experience and expression of affect gender sexuality and race as well as relationships to place space land and the natural and civic worlds
