The Woman's Film of the 1940s Alison L. McKee,2014-04-03 This book explores the relationship among gender desire and narrative in 1940s woman s films which negotiate the terrain between public history and private experience The woman s film and other form of cinematic melodrama have often been understood as positioning themselves outside history and this book challenges and modifies that understanding contextualizing the films it considers against the backdrop of World War II In addition in paying tribute to and departing from earlier feminist formulations about gendered spectatorship in cinema McKee argues that such models emphasized a masculine centered gaze at the inadvertent expense of understanding other possible modes of identification and gender expression in classical narrative cinema She proposes ways of understanding gender and narrative based in part on literary narrative theory and ultimately works toward a notion of an androgynous spectatorship and mode of interpretation in the 1940s woman s film **The Horn Book Magazine** ,1926 When Toys Come Alive Lois R. Kuznets,1994-01-01 In this work the author studies the role of toy characters in works ranging from older classics such as Pinocchio and Winnie the Pooh to modern texts such as The Mouse and his Child and the comic strip Calvin and Hobbes science fiction with robots and cyborgs **Once Upon a Toy** Kathy Merlock Jackson,Mark I. West,2025-06-27 In the magical realm of children s play toys and stories have a rich and complex relationship In this collection contributors analyze the many types of interplay between children s toys and narrative Many of these essays explore how this relationship is portrayed in novels films and television programs Others discuss how this relationship is shaped by broader historical and cultural narratives Still other essays discuss how children create their own stories while playing with toys Taken together the essays speak to the myriad ways that toys are represented in popular narratives and provide insights into the meanings that toys hold for children adults and society Newbery Award Winning Authors , **A Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942** ,1942 **Designs on the Dead** Emilia Bernhard,2021-09-07 Emilia Bernhard s third Death in Paris novel featuring two American sleuths in the City of Lights is perfect for fans of M L Longworth and Juliet Blackwell In Paris some are dying for the latest fashion others will kill for it Having successfully solved two murders in the City of Lights self proclaimed private detectives Rachel Levis and Magda Stevens are ready to take on the world Or at least the 3rd arrondissement Which is good news when renowned fashion designer Roland Guipure is found lifeless outside his own birthday party in that upscale neighbourhood dead from an apparent overdose Rachel thinks its

murder and when it turns out the police agree the two Americans roll up their sleeves for another murder investigation And there are plenty of suspects the angry assistant designer promoted to the top spot as a result of Guipure s death the lovelorn PA who was crushed by the designer s lack of interest in her the former boyfriend who lost his meal ticket as a result of Guipure s successful stay in rehab Not to mention that the designer s murder occurred a few days before that of an American tourist who seems to be connected to him in some mysterious way Paris is beginning to feel crowded with corpses Coincidence or just bad luck As the clues and suspects pile up Rachel and Magda rush to find the murderer before another death is cut from the same cloth
