## **Racial Problem In Christian Perspective:**

**The Racial Problem in Christian Perspective** Kyle Haselden,1964 *Christianity and the Race Problem* Joseph Houldsworth Oldham,1925 Speech: The Racial Problem in Christian Perspective Kyle Haselden,2017 Description Series 2 Race Relations Institute 1943 1969 Race Relations Institute 1959 **A Reader in Sociology; Christian Perspectives** Charles P. De Santo,Calvin Redekop,William L. Smith-Hinds,2001-03-07 **Race Relations in World Perspective** Andrew W. Lind,2021-05-25 No detailed description available for Race Relations in World Perspective Race, Religion, and the Continuing American Dilemma C. Eric Lincoln,2011-04-01 A classic work on religion and the racial problems of modern america now brought up to date Since the early days of the Republic Americans exuberant unchastened idealism their commitment to the notion of a perfect society in the New World has clashed with the reality of ugly American society and religious groups have all too often accommodated themselves to these injustices In *Race Religion and the Continuing American Dilemma* C Eric Lincoln reevaluates what Gunnar Myrdal called the American dilemma and studies particularly the influence of the black church This revised edition takes into account the weakening of welfare and affirmative action and argues that the black church must serve today as a vital moral authority to lead us in to the twenty first century Racial Reconciliation Ransey R. O'Daniel,2009-09 What if all the races of the world could live peacefully in ultimate equality This would be the product of true racial reconciliation the premise explored Dr Ransey R O Daniel in *Racial Reconciliation Does America Really Want It* Written from the perspective of the average African American years of bad race relations taken into account O Daniel writes an in depth and convicting thesis about the effects of racial inequality and stereotyping which advocates a peaceful and equal reconciliation between all the races From issues as blatant as racial segregation to more subliminal forms of exclusion *Racial Reconciliation* will inspire readers to take a deeper look at race relations in their community and encourage everyone to overcome prejudice and erase the bitter taste left by years of discord between the eclectic group of people living in America Author Ransey R O Daniel is a pastor of Christ Baptist Church of Eastern Carolina He received his Bachelor of Science at Lane College in Jackon Tennessee his Master of Divinity degree at Morehouse School of Religion in Atlanta Georgia and his Doctor of Ministry degree at Howard University School of Divinity in Washington D C He is a proponent of peaceful reconciliation between races and hopes to change the racial climate through his written works *The Anatomy of Racial Attitudes* Richard A. Apostle,Charles Y. Glock,Thomas Piazza,Marijean Suelzle,2023-04-28 Racial tension divides American society Racial equality remains a distant goal Although the potion of Black Americans has improved in recent years the widespread enthusiasm for the Civil Rights movement has waned Why has progress slowed What makes racial problems in America so difficult to solve A principal cause according to *The Anatomy of Racial Attitudes* is the way in which white Americans explain or account for the social conditions in which most black Americans find themselves A substantial proportion of whites believe that stereotypes that Black Americans are relatively less well off because blacks do

not try hard enough to better themselves or because of the difference due to genetics or to God's plan Whites who hold such views have relatively little sympathy for programs designed to improve the social conditions In contrast whites who believe that Black Americans are kept back either by deliberate discrimination or by the accumulated social results of past discrimination are much more receptive to policies designed to help blacks Using qualitative and quantitative data this book explores the variety and extent of these explanations for social differences it also describes how each explanation or combination of explanations influences a person's views on policies designed to bring about greater racial equality This study promises to influence not only the course of future academic research on race relations but also the formulation of public policy to deal with racial problems It reveals that the resistance of many whites to policies favorable to racial equality are not isolated phenomenon but instead is part of a comprehensive view of how society works If strides toward racial equality are to be made in the foreseeable future the insights provided here must be considered seriously by policy makers and be incorporated into their strategies This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1983     The Racial Problem in Christian Perspective ,2017

Description Introduction by Herman Long and the first part of Haselden's speech Series 2 Race Relations Institute 1943 1969 Race Relations Institute 1959     **Removing the Stain of Racism from the Southern Baptist Convention** Kevin Jones, Jarvis J Williams, 2017-06-01 This volume edited by and contributed to primarily by African American voices in the SBC is one small effort to help remove the stain of racism from the SBC in pursuit of Christian unity in our beloved denomination

*Readings in Christian Ethics* David K. Clark, Robert V. Rakestraw, 1994 Ethical interpretations meet real life Case studies and readings explore divergent views on morals in action     Will Campbell Merrill M. Hawkins, 1997 These endeavors involved an expanded interest beyond civil rights for African Americans in an effort to have a comprehensive approach to all human suffering This broadened awareness included concern for the poor whites of the South as well as other victims including such different groups as prisoners and women as discriminated minorities BOOK JACKET Campbell is also known for his writings both fiction and non fiction BOOK JACKET     Faith, Diversity, and Education Allison Blosser, 2019-06-12 This volume explores how conservative Christian schools are shaping education in America and in turn students attitudes about diversity Based on data collected as part of a year long ethnographic study of a K 12 conservative Christian school in the South this volume analyzes the way that diversity was thought about and acted upon in a school and how these decisions affected students and teachers across racial differences The book demonstrates that conservative Christian theology defined a school's diversity efforts It also reveals the complexity of addressing diversity in a context that is largely wary of it at least in its typical secular usage The findings presented in the book raise important questions about school vouchers the influence

of religious beliefs on educators decision making in schools the morality and existence of Christian schools and diversity initiatives in white spaces Faith Diversity and Education An Ethnography of a Conservative Christian School will be of great interest to researchers academics and postgraduate students in the fields of education sociology and religion **Beyond Racial Gridlock** George Yancey, 2009-08-20 Sociologist George Yancey critiques four models of race colorblindness Anglo conformity multiculturalism and white responsibility and introduces a new model mutual responsibility He offers hope that people of all races can walk together on a shared path toward racial reconciliation not as adversaries but as collaborators and partners *The Post-Racial Church* Kenneth A. Mathews, M. Sydney Park, Essential guide for the church act as the agent of reconciliation between God and humanity and men and women to one another [The Routledge Handbook of Christianity and Culture](#) Yaakov Ariel, Gregor Thuswaldner, Jens Zimmermann, 2024-11-15 The centrality and importance of the intersection of Christianity and culture when it comes to English speaking countries and particularly American culture history and politics is beyond doubt The Routledge Handbook of Christianity and Culture is an outstanding reference source to the key topics problems and debates in this exciting subject Comprising over 35 chapters by a team of international contributors the handbook is divided into five parts Practicing Christianity Christianity and the Word Social and Political Aspects of Christianity and Culture Christianity and Culture in a Global Context Christianity and the Arts Within these parts central issues debates and problems are examined including liturgy material Christianity education missions religion and science hermeneutics Bible translations Christian wars human rights law social action the secular ecumenicalism inter religious relations visual arts literature music theatre and film The Routledge Handbook of Christianity and Culture is essential reading for students and researchers of religious studies and Christian studies The handbook will also be very useful for those in related fields such as cultural studies area studies visual studies literature and material religion

**Journal of Biblical and Theological Studies, Issue 3.1** Daniel S. Diffey, Ryan A. Brandt, Justin McLendon, 2018-04-18 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way Academic journals are often written by scholars for other scholars They are technical in nature assuming a robust knowledge of the field There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students JBTS seeks to provide high level scholarship and research to both scholars and students which results in original scholarship that is readable and accessible As an inter denominational journal JBTS is broadly evangelical We accept contributions in all theological disciplines from any evangelical perspective In particular we encourage articles and book reviews within the fields of Old Testament New Testament Biblical Theology Church History Systematic Theology Practical Theology Philosophical Theology Philosophy and Ethics **The Christian Work**, 1925 **Confronting the**

**Color Line** Alan B. Anderson, George W. Pickering, 2008-01-01 In *Confronting the Color Line* Alan Anderson and George Pickering examine the hopes and strategies the frustrations and internal conflicts the hard won successes and bitter disappointments of the civil rights movement in Chicago The scene of a protracted local struggle to force equality in education and open housing for blacks the city also became the focus of national attention in the summer of 1966 as Martin Luther King Jr and the Southern Christian Leadership Conference challenged the entrenched political machine of Mayor Richard J Daley The failure of King s campaign a failure he would not live to redeem marked the final unsuccessful attempt to secure significant social change in Chicago and soon afterward the national civil rights movement itself would unravel amid white backlash and cries of black power Picking up the threads of our own recent history *Confronting the Color Line* examines a political movement that remains unfinished a dilemma for America s system of democratic social change that remains unsolved

*The Cross of Christ in African American Christian Religious Experience* Demetrius K. Williams, 2023-10-03 In *The Cross of Christ in African American Christian Religious Experience* Piety Politics and Protest Demetrius K Williams examines and explores the ideational importance and rhetorical function of cross language and terminology in Black religious experience through an ideological lens Williams argues that for the first time in Christian history the European nation of Portugal under the guidance of Prince Henry used the theology of the cross to justify and sustain an exclusive trade of Sub Saharan African peoples Claiming that Jesus died on the cross only to save lost souls provided a convincing rational for Henry s exploratory voyages of discovery to West African to exclusively enslave Black bodies With the confirmation of Catholic Popes and the competition of other European nations this same rationale would inspire empire building colonization and slave trading justified on their newly constructed ideological narrative of compassionate evangelism to save lost souls Over time with massive conversions to the faith of their enslavers Black people s Christian religious experiences would articulate a response to the world that held them in thralldom That response would be articulated most consistently and effectively through their understanding of the cross of Christ Williams affirms Howard Thurman s claim that by some amazing but vastly creative spiritual insight the slave undertook the redemption of a religion that the master had profaned in his midst
