

The background of the cover features a detailed, sepia-toned illustration of biblical scenes. In the upper portion, figures are shown in architectural settings, possibly a temple or a city. The lower portion depicts a large group of people, some on horseback and some on foot, in a landscape that appears to be a battlefield or a place of significant gathering. The style is reminiscent of classical religious art.

Reading Acts Today Loveday Alexander, 2011-09-15 **The Early Text of the New Testament** Charles E. Hill, Michael J. Kruger, 2012-06-14 The Early Text of the New Testament aims to examine and assess from our earliest extant sources the most primitive state of the New Testament text now known What sort of changes did scribes make to the text What is the quality of the text now at our disposal What can we learn about the nature of textual transmission in the earliest centuries In addition to exploring the textual and scribal culture of early Christianity this volume explores the textual evidence for all the sections of the New Testament It also examines the evidence from the earliest translations of New Testament writings and the citations or allusions to New Testament texts in other early Christian writers Acts in its Ancient Literary Context Loveday Alexander, 2007-03-29 Here gathered for the first time is a collection of Loveday Alexander's critically acclaimed essays on the Acts of the Apostles In this collection of essays Alexander addresses the central question What kind of book is Acts She approaches the text of Acts with a finely tuned sense of the complexities of the conventional codes that governed reading and writing in the classical world and argues that the differences between New Testament texts and contemporary writings in the Graeco Roman world can be as revealing as the similarities The collection begins with Alexander's classic analysis of the literary codes governing the preface to Luke's two volume work in which she challenges the dominant consensus that the language and structure of the preface evoke the generic conventions of Greek historiography That insight opens up the possibility of reading Acts alongside other ancient literary genres the lives of the Greek philosophers the Greek novels of Chariton and Xenophon of Ephesus Roman itineraries Greek and Jewish apologetic and Latin epic The process like the narrative of Acts itself becomes a rich and evocative voyage of exploration shedding light both on the varied social worlds of the author and his first readers and on the complex communication problems underlying the creation of early Christian discourse This is volume 289 in the Journal for the Study of the New Testament Supplement series and is also part of the Early Christianity in Context series Raconter, interpréter, annoncer Yvan Bourquin, 2003 Bibliographie de Daniel Marguerat p 373 378 Relecturas de los Hechos de los Apóstoles Michel Berder, Gérard Billon, Yves-Marie Blanchard, Odile Flichy, Philippe Léonard, Claude Tassin, 2014-05-30 Por una parte es n las relecturas de los Hechos de los Apóstoles llevadas a cabo a lo largo de los años desde Ireneo de Lyon siglo II hasta hoy Ireneo estaba preocupado por el arraigo apostólico de la fe cristiana artículo de Y M Blanchard Los investigadores de hoy día se preocupan por el valor histórico y la unidad de la obra por las relaciones con el judaísmo y el arte del relato artículo de O Flichy Por otra parte es n las relecturas efectuadas y presentadas en el texto mismo de los Hechos mediante citas o alusiones según el llamado fenómeno literario de la intertextualidad El segundo tomo de la obra a Teófilo está vinculado al primero el evangelio mediante un juego de remisiones artículo de M Berder Las múltiples citas de la Escritura en particular en los discursos de Pedro y Pablo tienen una función teológica artículo de Ph Léonard y G Billon A veces Lucas apela al gran texto motor de las

Focant, 2012-07-06 The world to which the Gospel of Mark introduces its reader is a world of conflicts and suspense enigmas and secrets questions and overturning of evidence irony and surprise Its principal actor Jesus is perplexing in the extreme He is evidently so for the religious authorities who oppose him but also for his disciples who shift from incomprehension to opposition and flight Questions of meaning life and death good and evil are continually broached This narrative is a subtle invitation to enter into a new world that of the coming Reign of God in which the first are last and whoever wants to save his life must lose it This commentary on the Gospel of Mark has been enthusiastically reviewed in the French edition as one of the best current commentaries on Mark As a narrative critical commentary it favors an interpretation of the Gospel that tries

to grasp the dynamic of the text taken as a whole Even if the technical vocabulary of narrative analysis is not used and the main results of the historical critical criticism particularly those of redaction criticism are not neglected as the notes will reveal it is narrative criticism that guides the proceedings

A Grammar of the Ethics of John Jan G. van der Watt, 2019-11-12 Jan G van der Watt analyses in detail the ethics of John's letters against their respective socio historical backgrounds He then compares the ethics of the Gospel and Letters showing that the basic core narrative overlaps in these writings although some ethical material is applied in different ways to different situations A rich ethical landscape is revealed addressing issues like the importance of interpersonal relations which results in co operation through mutual love The author shows that the focus in 1 John is pastoral aiming at convincing the addressees not to be deceived by their schismatics but to strengthen their relationships with the eyewitness group In 2 John advice is given about visitors who threaten the church with false teachings while 3 John deals with a conflict about receiving travelling missionaries In both cases ethical guidelines are given which aim at protecting the group

Encountering Images of Spiritual Transformation James M. Morgan, 2013-02-27 Luke Acts is an impressive two volume narrative seeking to convince and engage readers regarding the spiritual impact of Jesus of Nazareth on the Jewish people and other nations To this end Luke employs an impressive arsenal of literary and narrative techniques This book focuses on a motif and its performance the thoroughfare motif which includes those figurative and concrete expressions involving ways roads city streets and country paths This study traces this motif's performance within the unfolding plot asking what difference the motif makes progressively and cumulatively to the reader's encounter with the story's emphasis on salvation For example why does Luke take pleasure in describing transformational events on or in relation to thoroughfares What are the connections between expressions like the way of peace the way of salvation and the way of God Lord Why does Luke use such an unusual expression like the Way to describe Jesus followers How do such expressions contribute to the spiritual landscape of Luke Acts the intermingling of concrete and figurative uses of physical imagery Like an instrument in an orchestra the thoroughfare motif works together with other motifs and themes to create a captivating exploration of spiritual transformation received and opposed
