Cape Town hospital Professor Chris Barnard stared into an empty cavity from which he had just removed a heart. He knew that he had only minutes left to make history and save the life of a 55 year old man by filling the gaping hole in his chest with a heart which had just been beating inside a 25 year old woman. Every Second Counts is the story of this gripping race to conquer the greatest of medical challenges. It also reveals the truth about the man at the centre of it all whose turbulent life story was just as gripping. The kind of true story that would be dismissed as far fetched if presented as fiction. It combines an utterly compelling portrait of cutting edge science with raw human drama and shows how the course of medicine itself was changed for ever.

[Dr Strangelove's Game](#) Paul Strathern, 2018-03-02 *THE NATIVE RACES OF SOUTH AFRICA* GEORGE W. STOW, F.G.S., F.R.G.S., This book can be downloaded as a PDF file from here. This file contains the full book *THE NATIVE RACES OF SOUTH AFRICA*. Along with that, there is a commentary also. The commentary may have its own significance. The commentary does stand on this platform of being a commentary to the book. However, the commentary does not actually confine itself within this boundary. Instead, there is a wider attempt to understand non-English social systems. Attempts can be

seen made to mention things that are there in these social systems about which the native English world has no information on In this connection the native English mindset as well as social ambience is being compared with the corresponding items in Continental Europe Asia South Asia Africa and Arabia as well as in South America c The pathway to this has been routed through the internal codes inside the native languages of these areas After that a very quaint mention is being made about how the various social systems all around the world can be brought to a level very serene refinement This is actually a location of intelligent and purposeful social engineering
