Repairing America An Account Of The Movement For Japanese American Redress:

Repairing America William Minoru Hohri, 1988 *Japanese American History* Brian Niiya, Japanese American National Museum (Los Angeles, Calif.), 1993 Produced under the auspices of the Japanese American National Museum in Los Angeles this comprehensive reference culls information from primary sources Japanese language texts and documents oral histories and other previously neglected or obscured materials to document the history and nature of the Japanese American experience as told by the people who lived it The volume is divided into three major sections a chronology with some 800 entries a 400 entry encyclopedia covering people events groups and cultural terms and an annotated bibliography of major works on Japanese Americans Includes about 80 bandw illustrations and photographs Annotation copyright by Book News Inc Portland OR *Encyclopedia of Japanese American Internment* Gary Y. Okihiro, 2013-06-11 This book addresses the forced removal and confinement of Japanese Americans during World War II a topic significant to all Americans regardless of race or color The internment of Japanese Americans was a violation of the Constitution and its guarantee of equal protection under the law yet it was authorized by a presidential order given substance by an act of Congress and affirmed by the U S Supreme Court Japanese internment is a topic that we as Americans cannot afford to forget or be ignorant of This work spotlights an important subject that is often only described in a cursory fashion in general textbooks It provides a comprehensive accessible treatment of the events of Japanese American internment that includes topical event and biographical entries a chronology and comprehensive bibliography and primary documents that help bring the event to life for readers and promote inquiry and critical thinking *The Asian American Movement* William Wei, 1993-06-27 Largely unexamined until recently the Asian American Movement has been active for more than two decades William Wei traces to the late 1960s the initial genesis of an Asian American identity culture and activism through which members of this pan Asian group could assert their right to belong to and be respected as responsible members of this society Although its antecedents were the civil rights and Black Power movements the Asian American Movement actually resulted from the protests against the Vietnam War and the emergence of a generation of college aged Chinese and Japanese Americans In this definitive study of the Asian American Movement Wei fills an important gap in our knowledge of ethnic social movements and the struggle to achieve American cultural democracy Lacking a nationally known leader but confronted by many shared issues and concerns the Asian American Movement was essentially a middle class reform effort to achieve racial equality social justice and political empowerment It focused on ethnic solidarity and self empowerment through political activism educational and community development and cultural expressions While the Movement was most visible on the West Coast notably at the Third World Strike at San Francisco State College in 1968 it became a vital force simultaneously on campuses and in Asian American communities throughout the country Wei evaluates the Movement s effort to develop a unique but cohesive ethnic identity and the internal struggles between reformist and revolutionary approaches to social change He analyzes the Asian

American women's movement the alternative press Asian American studies programs community based organizations and Maoist sects His study concludes with an examination of Asian American involvement in electoral politics and the quest for political empowerment Interviews with many of the key participants in the Movement and photographs of Asian American demonstrations and events enhance Wei's portrayal of the development and breadth of the Movement and the conflicts within it Exploring regional differences issues of ethnicity class and gender and the transition from radical to electoral politics Wei's comprehensive study is the first book to examine systematically the coming to consciousness and mobilization of Asian Americans

The Handbook of Reparations Pablo De Greiff, 2008 This is a comprehensive study of reparation programmes containing a blend of case study analysis thematic papers and national legislation documents from leading scholars and practitioners

Imprisoned Martin W. Sandler, 2013-08-27 Drawing from interviews and oral histories chronicles the history of Japanese American survivors of internment camps

The Long Afterlife of Nikkei Wartime Incarceration Karen M. Inouye, 2018-03-13 The Long Afterlife of Nikkei Wartime Incarceration reexamines the history of imprisonment of U S and Canadian citizens of Japanese descent during World War II Karen M Inouye explores how historical events can linger in individual and collective memory and then crystallize in powerful moments of political engagement Drawing on interviews and untapped archival materials regarding politicians Norman Mineta and Warren Furutani sociologist Tamotsu Shibutani and Canadian activists Art Miki and Mary Kitagawa among others Inouye considers the experiences of former wartime prisoners and their on going involvement in large scale educational and legislative efforts While many consider wartime imprisonment an isolated historical moment Inouye shows how imprisonment and the suspension of rights have continued to impact political discourse and public policies in both the United States and Canada long after their supposed political and legal reversal In particular she attends to how activist groups can use the persistence of memory to engage empathetically with people across often profound cultural and political divides This book addresses the mechanisms by which injustice can transform both its victims and its perpetrators detailing the dangers of suspending rights during times of crisis as well as the opportunities for more empathetic agency

Japanese-American Civilian Prisoner Exchanges and Detention Camps, 1941-45 Bruce Elleman, 2006-04-18 The important and previously undocumented event in the history of the Second World War the negotiation of prisoner exchanges between the United States and Japan during 1941 to 1943 is examined here by Bruce Elleman Approximately 7000 American citizens had been arrested by the Japanese authorities while visiting Japan as tourists conducting business teaching English or carrying out missionary work The same amount of Japanese citizens living illegally in the United States had to be repatriated to secure the Americans release Challenging the conventional perceptions regarding the role and justification of the detention camp this insightful book addresses questions regarding the diplomatic agreement between Japan and the United States the Japanese American detention camps and the role of one of the most successful minority groups in the United States today the Japanese

Americans *Clear It with Sid!* Michael C. Dorf, George Van Dusen, 2019-04-30 The son of a Lithuanian blacksmith Sidney R Yates rose to the pinnacle of Washington power and influence As chair of a House Appropriations Subcommittee Yates was a preeminent national figure involved in issues that ranged from the environment and Native American rights to Israel and support for the arts Speaker Tip O Neill relied on the savvy Chicagoan in the trenches and advised anyone with controversial legislation to first clear it with Sid Michael C Dorf and George Van Dusen draw on scores of interviews and unprecedented access to private papers to illuminate the life of an Illinois political icon Wise energetic charismatic petty stubborn Sid Yates presented a complicated character to constituents and colleagues alike Yet his get it done approach to legislation allowed him to bridge partisan divides in the often polarized House of Representatives Following Yates from the campaign trail to the negotiating table to the House floor Dorf and Van Dusen offer a rich portrait of a dealmaker extraordinaire and tireless patriot on a fifty year journey through postwar American politics **Fighting for Freedom**, 1990 *Racism in the United States* Meyer Weinberg, 1990-05-21 This volume represents the most comprehensive book length bibliography on the subject of racism available in the United States Compiler Meyer Weinberg has surveyed a wide ranging group of material and classified it under 87 subject headings drawing on articles books congressional hearings and reports theses and dissertations research reports and investigative journalism Historical references cover the long history of racism while the heightened awareness and activity of the recent past is also addressed in detail In addition to works that fit the narrow definition of racism as a mode of oppression or group denial of rights based on color Weinberg includes references dealing with sexism antisemitism economic exploitation and similar forms of dehumanization References are grouped under a series of subject headings that include Civil Rights Desegregation Housing Socialism and Racism Unemployment and Violence against Minorities Items which do not have self explanatory titles are annotated and virtually every section is thoroughly cross referenced Also included is one section of carefully selected references on racism in countries other than the United States Unlike the remainder of the book this section is not comprehensive but rather provides an opportunity to view racism comparatively The volume concludes with an author index This work will be a significant addition to both academic and public libraries as well as an important resource for courses in racism sociology and black history **Double Cross** Jacalyn D. Harden, 2003 **Voices Raised in Protest** Stephanie Bangarth, 2008-07-01 The uprooting and confinement of Japanese Americans and Japanese Canadians during the Second World War constituted the worst violations of citizenship rights in twentieth century North America *Voices Raised in Protest* examines the meaning and impact of these actions and how they diverged in Canada and the United States Many North Americans opposed their governments wartime policies toward their fellow citizens of Japanese extraction In this timely book Stephanie Bangarth studies the efforts and discourse of anti internment advocates and discusses the various cases they brought before the courts Persons of Japanese ancestry were also active in their own defence Their critiques of the removal and deportation policies were seminal examples of a growing

general interest in civil rights and would provide a foundation for rights activism in subsequent years *Voices Raised in Protest* offers valuable perspective for today's debates over ethnic and racial profiling treatment of enemy combatants and tensions between civil liberty and security imperatives It will be of interest to activists and general readers as well as to scholars and students in history law politics and Asian Canadian American studies **Barbed Voices** Arthur A.

Hansen,2018-11-05 *Barbed Voices* is an engaging anthology of the most significant published articles written by the well known and highly respected historian of Japanese American history Arthur Hansen updated and annotated for contemporary context Featuring selected inmates and camp groups who spearheaded resistance movements in the ten War Relocation Authority administered compounds in the United States during World War II Hansen's writing provides a basis for understanding why when where and how some of the 120 000 incarcerated Japanese Americans opposed the threats to themselves their families their reference groups and their racial ethnic community What historically was benignly termed the Japanese American Evacuation was in fact a social disaster which unlike a natural disaster is man made Examining the emotional implications of targeted systemic incarceration Hansen highlights the psychological traumas that transformed Japanese American identity and culture for generations after the war While many accounts of Japanese American incarceration rely heavily on government documents and analytic texts Hansen's focus on first person Nikkei testimonies gathered through powerful oral history interviews gives expression to the resistance to this social disaster Analyzing the evolving historical memory of the effects of wartime incarceration *Barbed Voices* presents a new scholarly framework of enduring value It will be of interest to students and scholars of oral history US history public history and ethnic studies as well as the general public interested in the WWII experience and civil rights Japanese American Celebration and Conflict

Lon Kurashige,2002-06-03 Do racial minorities in the United States assimilate to American values and institutions or do they retain ethnic ties and cultures In exploring the Japanese American experience Lon Kurashige recasts this tangled debate by examining what assimilation and ethnic retention have meant to a particular community over a long period of time This is an inner history in which the group identity of one of America's most noteworthy racial minorities takes shape From the 1930s when Japanese immigrants controlled sizable ethnic enclaves to the tragic wartime internment and postwar decades punctuated by dramatic class mobility racial protest and the influx of economic investment from Japan the story is fraught with conflict The narrative centers on Nisei Week in Los Angeles the largest annual Japanese celebration in the United States The celebration is a critical site of political conflict and the ways it has changed over the years reflect the ongoing competition over what it has meant to be Japanese American Kurashige reveals subtly and with attention to gender issues the tensions that emerged at different moments not only between those who emphasized Japanese ethnicity and those who stressed American orientation but also between generations and classes in this complex community Uprooted Albert Marrin,2016-10-25 A Publishers Weekly Best Book of the Year A Booklist Editor's Choice On the 75th anniversary of the

bombing of Pearl Harbor comes a harrowing and enlightening look at the internment of Japanese Americans during World War II from National Book Award finalist Albert Marrin Just seventy five years ago the American government did something that most would consider unthinkable today it rounded up over 100 000 of its own citizens based on nothing more than their ancestry and suspicious of their loyalty kept them in concentration camps for the better part of four years How could this have happened Uprooted takes a close look at the history of racism in America and carefully follows the treacherous path that led one of our nation s most beloved presidents to make this decision Meanwhile it also illuminates the history of Japan and its own struggles with racism and xenophobia which led to the bombing of Pearl Harbor ultimately tying the two countries together Today America is still filled with racial tension and personal liberty in wartime is as relevant a topic as ever Moving and impactful National Book Award finalist Albert Marrin s sobering exploration of this monumental injustice shines as bright a light on current events as it does on the past

The Columbia Guide to Asian American History Gary Y. Okihiro, 2001 Offering a rich and insightful road map of Asian American history as it has evolved over more than 200 years this book marks the first systematic attempt to take stock of this field of study It examines comments and questions the changing assumptions and contexts underlying the experiences and contributions of an incredibly diverse population of Americans Arriving and settling in this nation as early as the 1790s with American born generations stretching back more than a century Asian Americans have become an integral part of the American experience this cleverly organized book marks the trajectory of that journey offering researchers invaluable information and interpretation Part 1 offers a synoptic narrative history a chronology and a set of periodizations that reflect different ways of constructing the Asian American past Part 2 presents lucid discussions of historical debates such as interpreting the anti Chinese movement of the late 1800s and the underlying causes of Japanese American internment during World War II and such emerging themes as transnationalism and women and gender issues Part 3 contains a historiographical essay and a wide ranging compilation of book film and electronic resources for further study of core themes and groups including Chinese Japanese Filipino Hmong Indian Korean Vietnamese and others

Chains of Babylon Daryl J. Maeda, 2009 In Chains of Babylon Daryl J Maeda presents a cultural history of Asian American activism in the late 1960s and early 1970s showing how the movement created the category of Asian American to join Asians of many ethnicities in racial solidarity Drawing on the Black Power and antiwar movements Asian American radicals argued that all Asians in the United States should resist assimilation and band together to oppose racism within the country and imperialism abroad As revealed in Maeda s in depth work the Asian American movement contended that people of all Asian ethnicities in the United States shared a common relationship to oppression and exploitation with each other and with other nonwhite peoples In the early stages of the civil rights era the possibility of assimilation was held out to Asian Americans under a model minority myth Maeda insists that it was only in the disruption of that myth for both African Americans and Asian Americans in the 1960s and 1970s that the full Asian American culture and

movement he describes could emerge Maeda challenges accounts of the post 1968 era as hopelessly divisive by examining how racial and cultural identity enabled Asian Americans to see eye to eye with and support other groups of color in their campaigns for social justice Asian American opposition to the war in Vietnam unlike that of the broader antiwar movement was predicated on understanding it as a racial specifically anti Asian genocide Throughout he argues that cultural critiques of racism and imperialism the twin chains of Babylon of the title informed the construction of a multiethnic Asian American identity committed to interracial and transnational solidarity

The Literature of Japanese American Incarceration

Frank Abe, Floyd Cheung, 2024-05-14 An essential volume Hua Hsu The New Yorker The collective voice of Japanese Americans defined by a specific moment in time the four years of World War II during which the US government expelled resident aliens and its own citizens from their homes and imprisoned 125 000 of them in American concentration camps based solely upon the race they shared with a wartime enemy A Penguin Classic This anthology presents a new vision that recovers and reframes the literature produced by the people targeted by the actions of President Franklin D Roosevelt and Congress to deny Americans of Japanese ancestry any individual hearings or other due process after the Japanese attack at Pearl Harbor From nearly seventy selections of fiction poetry essays memoirs and letters emerges a shared story of the struggle to retain personal integrity in the face of increasing dehumanization all anchored by the key government documents that incite the action The selections favor the pointed over the poignant and the unknown over the familiar with several new translations among previously unseen works that have been long overlooked on the shelf buried in the archives or languished unread in the Japanese language The writings are presented chronologically so that readers can trace the continuum of events as the incarcerated experienced it The contributors span incarcerated their children born in or soon after the camps and their descendants who reflect on the long term consequences of mass incarceration for themselves and the nation Many of the voices are those of protest Some are those of accommodation All are authentic Together they form an epic narrative with a singular vision of America's past one with disturbing resonances with the American present

Asian American Interethnic Relations and Politics Franklin Ng, 2014-10-29 The United States has seen several anti Asian movements as evidenced by immigration policies naturalization laws state and local statutes and acts of violence In recent years Asian Americans have mobilized against prejudice and discrimination organizing media groups and panethnic coalitions to achieve greater political effectiveness These essays address recent issues of interethnic relations and conflict and politics in Asian American communities ranging from the Japanese American redress movement for unjustified World War II internment Japan bashing the model minority stereotype resistance to urban renewal interethnic conflicts with other groups Asian American politics Asian American panethnicity and involvement in ancestral homeland politics
