Gay Conversion Practices in Memoir, Film and Fiction James E. Bennett, Marguerite Johnson, 2024-06-13

For over half a century organizations and individuals promoting ex-gay conversion and/or reparative therapy have pushed the tenet that a person may be able to and should alter their sexual orientation. Their so-called treatments or therapies have taken various forms over the decades ranging from medical including psychiatric or psychological rehabilitation approaches to counselling and religious healing. *Gay Conversion Practices in Memoir, Film and Fiction* provides an in-depth exploration of the disturbing phenomenon of gay conversion therapy and its fictional and autobiographical representations across a broad range of films and books such as *But I'm a Cheerleader* 1999, *This is What Love in Action Looks Like* 2011 and *Boy Erased* 2018. In doing so, the volume emphasizes the powerful role the arts and media play in communicating stories around conversion practices. Approaching the timely and urgent subject from an interdisciplinary perspective, contributors utilize film theory, queer theory, literary theory, mental health and social movement theory to discuss the medicalization and pathologizing of queer people, the power of institutions ranging from church, psychiatry and family, sometimes in alliance and the real and fictional voices of survivors.

The Bond of Love: Catholic Teaching on Marriage & Sexual Ethics Willem

Jacobus Cardinal Eijk, 2025-09-10

Contemporary attitudes toward marriage, family life and human sexuality have undergone profound changes since the mid-twentieth century, spurred by a host of social and cultural factors. Large segments of the population in the West now hold views on marriage and sexual ethics that are very different from the values and norms taught by the Church. Indeed, Catholic teaching on the truth of marriage and human sexuality is open to strong criticism, including among groups of Catholics, and seems at best poorly understood. In *The Bond of Love*, Willem Jacobus Cardinal Eijk provides a comprehensive and unflinching account of the Church's teaching on marriage and sexual ethics, dispelling misconceptions and elucidating its truth with grace and clarity. As he demonstrates, far from being a set of arbitrary rules that constrain human freedom, this teaching is instead a deep wisdom for human flourishing anchored in the truth of God and man divinely revealed within Scripture, Tradition and the Gospel. Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society. He follows this with an exposition of the fundamental starting point of the Church's teaching on the nature of marriage and sexuality rooted in theological anthropology. Next discussed is

the virtue of chastity the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons The volume concludes by addressing practices and circumstances that violate the essence of marriage This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors teachers and all of the Church's faithful striving to live in the love and communion that is grounded in Christ

Anything but Straight Wayne Besen, 2012-07-26 The real story behind ex gay ministries and reparative therapy Nationally known activist Wayne Besen spent four years examining the phenomenon of ex gay ministries and reparative therapies interviewing leaders attending conferences and visiting ministries undercover as he accumulated hundreds of hours of research The result is *Anything but Straight* Unmasking the Scandals and Lies Behind the Ex Gay Myth a groundbreaking expos of the controversial movement that's revered by independent religious groups and reviled by gay and lesbian organizations The book presents a historical perspective on the dispute examining ex gay groups such as Love In Action Exodus International Homosexuals Anonymous and profiling a cast of characters that includes Pat Robertson the Rev Jerry Falwell ex gay poster boy John Paulk National Association of Research and Therapy of Homosexuality activist Richard Cohen and psychiatrist Dr Robert Spitzer An in depth well researched and historically significant account *Anything but Straight* is full of startling facts and alarming surprises The original content and novel material in the book includes a first ever comprehensive history of the ex gay ministries and reparative therapy the inside story of the night the author photographed ex gay poster boy John Paulk inside a gay bar the author's discovery that Anne Paulk lied about being a lesbian and has admitted to having a strong attraction to men BEFORE she became ex gay previously undisclosed bizarre techniques used by the ex gay ministries and reparative therapists the author's exclusive in depth interviews with leading ex gay leaders they disclose their deepest secrets hidden desires and true motivations an extraordinary new study that shows that most ex gay leaders have suffered from substance abuse or severe emotional problems while many ex gay leaders claim they were unhappy being gay this report helps prove that their dissatisfactions came not from their homosexuality but from poor life choices and irresponsible behavior new revelations that one of the nation's leading reparative therapists hailed from a secretive cult that was scandalized for practicing nude therapy From the author Through my extensive experience I have learned that the extraordinary claims made by the ex gay groups are without

merit and the efficacy of their programs is dubious at best and harmful at worst One frequent question I get is Why can't gay activists simply leave ex gay groups alone and let them go about their business This is exactly what happened for nearly three decades while ex gay groups labored in near anonymity But all this recently changed when the ex gay groups intricately aligned themselves with the anti gay political agenda of the Religious Right With ex gays added to their arsenal the Right could disingenuously claim to love gay people and offer them hope for change while simultaneously fighting for punitive legislation Their insidious message Since gays and lesbians can change there is no need for laws that protect them against arbitrary prejudice Anything but Straight Unmasking the Scandals and Lies Behind the Ex Gay Myth is an essential read for activists on both sides of the ex gay fence family members of gays and lesbians Gay Bisexual Lesbian and Transgender church members psychiatric and social science professionals and anyone who has dealt with coming out issues An appendix of resources and a helpful bibliography make it easy to find additional information on this fascinating topic

Karin Lofthus Carrington Lyn Cowan Scott Wirth Suzy Naiberg Donald Sandner David J Tacey Eugene Monick and Susan Griffin **Handbook of Therapy for Unwanted Homosexual Attractions: A Guide to Treatment , The Episcopal Church, Homosexuality, and the Context of Technology** George Hobson,2013-05-31 The aim of this book is to promote more serious theological discussion in the Church especially in the mainline Protestant churches and the Episcopal Church on the issue of homosexuality George Hobson provides a theological perspective informed by biblical insights on the one hand and by analysis of the development and significance of the all encompassing reality of science technology on the other The question of technology is the determinant issue in the lives of modern men and women for whom virtually every aspect of daily existence is controlled and oriented by technological imperatives The central argument of the book is that reflection on the sexual revolution of our day including the issue of homosexuality cannot be carried forward effectively without consideration of this context of technology A constructivist ideology rooted in our technological power underlies the fashionable notion that sexual behavior even gender identity is entirely culturally determined Hobson opposes this notion on theological grounds and argues that the liberal disposition in the Protestant churches prevents them from seeing how the authentic Christian gospel is being subverted by this constructivism and the technologically driven quest for total control over every feature of reality that it represents *Not Just a Passing Phase* George A. Appleby,Jeane W. Anastas,1998 This comprehensive textbook helps social workers understand and meet the needs of lesbian gay and bisexual people It outlines approaches to a range of everyday problems associated with issues of oppression family acceptance shame identity development HIV disease and addiction The first of the book s three sections provides an overview of what it means to be gay lesbian or bisexual and locates the text within the ecological model of social work on individual interpersonal and institutional levels of intervention This section includes definitions of sexual orientation forms of heterosexism and homophobia and issues of community among gay lesbian and bisexual people The second section covers life transitions including childhood adolescence and late life as well as sexual relationships parenting and life in the workplace The last part covers the special issues and challenges of mental health substance abuse violence both gay bashing and domestic violence and HIV disease The final chapter pulls together the practice concepts introduced in the book and provides a blueprint for knowledge development and dissemination in the field
