## **Report On Brunei In 1904:**

Report on Brunei in 1904 Malcolm Stewart Hannibal McArthur, 1987 In 1904 the British Protectorate of Brunei had reached the nadir of its fortunes Reduced to two small strips of territory bankrupt and threatened with takeover by the Rajah of Sarawak Sir Charles Brooke Brunei received M S H McArthur who was dispatched to make recommendations for Brunei's future administration As a result of McArthur's Report on Brunei in 1904 the British government decided to underwrite the separate existence of the sultanate thus giving a reprieve to the dying kingdom The report is the most important document in the history of modern Brunei and is here annotated and given historical context by A V M Horton *A History of Brunei* Graham Saunders, 2013-11-05 The only full length study of the Brunei Sultanate from the earliest times to the present First published in 1994 and a sell out success RoutledgeCurzon is pleased to present this new edition updated to the present Saunders skilfully elucidates historiographical controversies over important events persons and developments in Brunei's past which are still important issues in defining Brunei's identity and its political and social systems today These controversies over the antecedents of the Sultanate the date of the conversion to Islam the reigns of the early sultans early contacts with Europeans and others retain their relevance Newly presented are interpretations of events since 1945 during the transition from protected state to full independence and thence to the present Malay Islamic Monarchy Brunei and the British in the Nineteenth Century Ooi Keat Gin, 2025-09-10 Brunei and the British in the Nineteenth Century relates the remarkable tale of the encounter between the Sultanate of Brunei which in 1800 possessed nominal hegemony over most of northern Borneo and Western colonialists particularly the British The study focuses on two notable protagonists Pengiran Indera Mahkota c 1790s 1858 a high born Bruneian courtier and James Brooke 1803 1868 a former English soldier and gentleman adventurer Pengiran Indera Mahkota was governor rajah of Sarawak then a small fiefdom of Brunei He penned his cautionary words and counsel in a popular verse form titled Syair Rakis which he presented to the throne in 1847 James Brooke successfully detached Sarawak from Brunei and established there his own dynastic raj ruling as the White Rajah of Sarawak from 1841 until his passing to be succeeded by his younger nephew as Rajah Charles Brooke In this book textual analysis together with archival research present a mapping of verse poem and fact history that revealed a confluence of poetry and history that was believably compatible It shows the veracity of the forewarnings and intuitive hunches in the Syair Rakis that uncannily reflected historical developments Although Pengiran Indera Mahkota's counsel was not acted on and the outcome for Brunei was unfavourable the book argues that Pengiran Indera Mahkota was a significant figure whose prominent and pivotal role deserves greater recognition This book will be of interest to historians and scholars of Southeast Asian history Imperial and Colonial history and Malay literature Historical Dictionary of Brunei Darussalam Jatswan S. V. M. McArthur, 1987 Global Canons in an Age of Contestation , 2024-07-12 Comparative constitutionalism emerged in its current form against the backdrop of the fall of the Berlin Wall and the end of the Cold War As that backdrop recedes into the past it is being replaced by a more multi polar and confusing world and the current state of the discipline of comparative constitutionalism reflects this fragmentation and uncertainty This has opened up space for new more varied and increasingly critical voices seeking to improve the project of democratic constitutionalism But it also raises questions What of the past if anything is worth preserving Which more recent parts should be defining of the field In this context this book asks which are or should be the canonical texts of comparative constitutionalism The theoretical scope of the contributions is broad and ambitious selecting primary material from beyond the existing textbooks to engage the concept of a canon This framework provides significant insights about inclusion and exclusion and proposes candidates for canonical and anti canonical materials The result is a wide ranging discussion among many voices of how particular judgments and other primary texts have shaped or should shape our understanding of central elements of democratic constitutionalism from a comparative law perspective This book is not a prescription of one universal understanding but a broader conversation about the field and the future of constitutional democracy **Routledge Handbook of Contemporary Brunei** Ooi Keat Gin, Victor T.
