Representative American speeches, 1996-1997 Calvin M. Logue, Jean DeHart, 1997 **Representative American Speeches 1996-1997** editors Calvin M. Logue and Jean DeHart, 1997 Speaking the Truth in Love Daniel R. Berger, 2007-01-01 Approaching public communication from a liberal arts point of view Speaking the Truth in Love provides a distinctly Christian perspective of rhetoric Written and oral rhetoric are interwoven throughout the text Two foundational ideas control the majority of the text The first is from Plato's Phaedrus as stated by Paul in Ephesians 4:15 speaking the truth in love The second is from the Apostle Peter in 1 Peter 4:11 if anyone speaks he should do it as one speaking the very words of God The spiritual responsibility of communicating truth in accordance with the nature of God especially the virtue of love is an awesome privilege and opportunity Sound content spoken or written eloquently with charisma will enable words to have a maximum impact The text is designed to be a culminating learning experience for undergraduate communication programs or as an introductory text for graduate programs involving public communication Beginning with a philosophy of language meaning and interaction argument is built against secular deconstructive thought where everyone has a different truth based on language Alongside philosophy we explore ethics and theology from an evangelical perspective Following this a brief history outlines rhetorical thought from pre-testament classics to today Based upon these ideas we take a closer look at communication theory as it relates to public communication Finally the text addresses the practice of both written and oral communication **Resources in Education**, 1999 **Global Century Series One World Divisible** David Reynolds, 2001-03-06 A magisterial account of our time by a distinguished historian Walter LaFeber author of *The Clash* This brilliant history vividly captures the great political events of the past 50 years while carefully avoiding an encyclopedia approach of illustrations **Women's Political Discourse** Molly A. Mayhead, Brenda DeVore Marshall, 2005-09-21 Although the United States ranks sixtieth internationally in women's political leadership in 2004 a record nine women held governorships sixty women served as House members with an additional three women elected as delegates from Washington D.C. Guam and the Virgin Islands and fourteen women occupied Senate seats How have these women managed to beat the odds in their successful attempts to enter national politics How do they fruitfully participate in the political process once they gain entry into the sacred halls of Congress and the state house *Women's Political Discourse* profiles women in the most highly visible political offices today highlighting their communication strategies Following an engaging overview of women's political discourse from the early twentieth century the book features selected women governors representatives and senators of the past several decades from Jeannette Rankin—the first woman elected to the U.S. House of Representatives—to Hillary Rodham Clinton The authors compare women's and men's political communication techniques and include helpful lists of the women governmental leaders of the twentieth and the twenty-first century Exploring women's unique approaches to governing *Women's Political Discourse* seeks to lay out innovative approaches to leadership *Representative American*

Abraham Lincoln George Anastaplo, 1999 Renowned scholar George Anastaplo describes a side of Abraham Lincoln that previous biographers have overlooked the development and legacy of his legal and constitutional thought With eloquent insights into Lincoln's intellect and the issues dividing the country he led Anastaplo describes how the 16th president successfully managed the impossible task of keeping the world's greatest democracy united Anastaplo also demonstrates Lincoln's continuing and profound influence on modern American society law and politics and he shows readers the lessons this fascinating man can still teach Americans about coping with our own divisive times

Old Northumbrian Verbal Morphosyntax and the (Northern) Subject Rule Marcelle Cole, 2014-07-15 This volume provides both a quantitative statistical and qualitative analysis of Late Northumbrian verbal morphosyntax as recorded in the Old English interlinear gloss to the Lindisfarne Gospels It focuses in particular on the attestation of the subject type and adjacency constraints that characterise the so called Northern Subject Rule concord system The study presents new evidence which challenges the traditional Early Middle English dating attributed to the emergence of subject type concord in the North of England and demonstrates that the syntactic configuration of the Northern Subject Rule was already a feature of Old English By setting the Northumbrian developments within a broad framework of diachronic and diatopic variation in which manifestations of subject type concord are explored in a wide range of varieties of English the author argues that a concord system based on subject type rather than person number features is in fact a far less local and more universal tendency in English than previously believed

The Emergency State David C. Unger, 2012-02-16 Editor's Choice NEW YORK TIMES BOOK

REVIEW Ambitious and valuable WASHINGTON POST America is trapped in a state of war that has consumed our national life since before Pearl Harbor Over seven decades and several bloody wars Democratic and Republican politicians alike have assembled an increasingly complicated and increasingly ineffective network of security services Trillions of tax dollars have been diverted from essential domestic needs while the Pentagon created a worldwide web of military bases inventing new American security interests where none previously existed Yet this pursuit has not only damaged our democratic institutions and undermined our economic strength it has fundamentally failed to make us safer In The Emergency State senior New York Times journalist David C Unger reveals the hidden costs of America s obsessive pursuit of absolute national security showing how this narrow minded emphasis on security came to distort our political life Unger reminds us that in the first 150 years of the American republic the U S valued limited military intervention abroad along with the checks and balances put in place by the founding fathers Yet American history took a sharp turn during and just after World War II when we began building a vast and cumbersome complex of national security institutions and beliefs Originally designed to wage hot war against Germany and cold war against the Soviet Union our security bureaucracy has become remarkably ineffective at confronting the elusive non state sponsored threats we now face The Emergency State traces a series of missed opportunities from the end of World War II to the election of Barack Obama when we could have paused to rethink our defense strategy and didn t We have ultimately failed to dismantle our outdated national security state because both parties are equally responsible for its expansion While countless books have exposed the damage wrought by George W Bush s war on terror Unger shows it was only the natural culmination of decades of bipartisan emergency state logic and argues that Obama along with many previous Democratic presidents has failed to shift course in any meaningful way The Emergency State America s Pursuit of Absolute Security At All Costs reveals the depth of folly into which we ve fallen as Americans eagerly trade away the country s greatest strengths for a fleeting illusion of safety Provocative insightful and refreshingly nonpartisan The Emergency State is the definitive untold story of how America became this vulnerable and how it can build true security again **Still Paving**

the Way for Madam President Nichola D. Gutgold,2017-05-24 When Madam President moves into the Oval Office of the White House she will share a path that several women have helped to pave Often left off the history pages and out of the minds of many Americans are the presidential bids of several women Margaret Chase Smith 1964 Shirley Chisholm 1972 Patricia Schroeder 1988 Elizabeth Dole 2000 Carol Moseley Braun 2004 and Hillary Clinton 2008 2016 Still Paving the Way for Madam President shows the progress women candidates have made as they have moved from symbolic candidates to viable candidates and in 2016 the Democratic nominee This study shines a light on the persistent obstacles that face women candidates and offers insight into what it will take to finally shatter the seemingly impenetrable political glass ceiling The Mythology of American Politics John T.
