The Sociology of Revolution Pitirim Aleksandrovich Sorokin, 1925 **Revolution, Revival, and Religious Conflict in Sandinista Nicaragua** Calvin L. Smith, 2007-03-31 This interdisciplinary study breaks new ground by exploring relations between Protestants mainly Pentecostals and the Sandinistas in revolutionary Nicaragua which to date have received scant attention It challenges the view that most Protestants supported the Sandinistas in fact the majority vigorously opposed them and establishes why many believed Nicaragua was heading towards communism or totalitarianism Meanwhile the Sandinistas expressed irritation with Pentecostalism's otherworldliness and support for Israel Pentecostals were harassed even brutally repressed in the northern highlands leading many to join the Contras That a minority of Protestants supported the Sandinistas caused further problems Pentecostals and Sandinistas were ideological rivals offering an alternative vision to the poor revolution or revival As Pentecostalism exploded a collision between the two was inevitable

Repression and Revolution Walley George Walley, 2021 **Chronicles of the Egyptian Revolution and its Aftermath: 2011-2016** M. Cherif Bassiouni, 2017 This book analyses Egypt's 2011 Revolution highlighting the struggle for freedom justice and human dignity in the face of economic and social problems and an on going military regime

Coups and Revolutions Amy Austin Holmes, 2019 In 2011 Egypt witnessed more protests than any other country in the world the beginning of a revolutionary process that would unfold in three waves of revolution followed by two waves of counterrevolution In addition to providing new and unprecedented empirical data the book makes two theoretical contributions First a new framework is presented for analyzing the state apparatus in Egypt that is based on

four pillars of regime support which can either prop up or press upon whoever is in power the Egyptian military the business elite the United States and the multi headed opposition Secondly the book brings together the literature on bottom up revolutionary movements and top down military coups and introduces the concept of a coup from below in contrast to the revolution from above that took place under Gamal Abdel Nasser

Afterlives of Revolution Alice Wilson, 2023-05-23 The Dhufar Revolution was fought between 1965 1976 in an attempt to depose Oman's British backed Sultan and advance social ideals of egalitarianism and gender equality Dhufar the southernmost governorate in today's Sultanate captured global attention for its revolutionaries and their liberation movement's Marxist inspired social change But following counterinsurgency victory Oman's government expunged the revolution from sanctioned historical narratives Afterlives of Revolution offers a groundbreaking study of the legacies of officially silenced revolutionaries How do their underlying convictions survive and inspire platforms for progressive politics in the wake of disappointment defeat and repression Alice Wilson considers the social afterlives of revolutionary values and networks Veteran militants have used kinship and daily socializing to reproduce networks of social egalitarianism and commemorate the revolution in unofficial ways These afterlives revise conventional wartime and postwar histories They highlight lasting engagement with revolutionary values the agency of former militants in postwar modernization and the limitations of government patronage for eliciting conformity Recognizing that those typically depicted as coopted can still reproduce counterhegemonic values this book considers a condition all too common across Southwest Asia and North Africa the experience of defeated revolutionaries living under the authoritarian state they once contested

The Impossible Revolution Yassin al-Haj Saleh, 2017-07-27 Yassin al Haj Saleh is a leftist dissident who spent sixteen years as a political prisoner and now lives in exile He describes with precision and fervour the events that led to Syria's 2011 uprising the metamorphosis of the popular revolution into a regional war and the three monsters Saleh sees treading on Syria's corpse the Assad regime and its allies ISIS and other jihadists and Russia and the US Where conventional wisdom has it that Assad's army is now battling religious fanatics for control of the country Saleh argues that the emancipatory democratic mass movement that ignited the revolution still exists though it is beset on all sides The Impossible Revolution is a powerful compelling critique of Syria's catastrophic war which has profoundly reshaped the lives of millions of Syrians

Revolution within the Revolution Michelle Chase, 2015-11-30 A handful of celebrated photographs show armed female Cuban insurgents alongside their comrades in Cuba's remote mountains during the revolutionary struggle However the story of women's part in the struggle's success has only now received comprehensive consideration in Michelle Chase's history of women and gender politics in revolutionary Cuba Restoring to history women's participation in the all important urban insurrection and resisting Fidel Castro's triumphant claim that women's emancipation was handed to them as a revolution within the revolution Chase's

work demonstrates that women's activism and leadership was critical at every stage of the revolutionary process. Tracing changes in political attitudes alongside evolving gender ideologies in the years leading up to the revolution Chase describes how insurrectionists mobilized familiar gendered notions such as masculine honor and maternal sacrifice in ways that strengthened the coalition against Fulgencio Batista. But after 1959 the mobilization of women and the societal transformations that brought more women and young people into the political process opened the revolutionary platform to increasingly urgent demands for women's rights. In many cases Chase shows the revolutionary government was simply formalizing popular initiatives already in motion on the ground thanks to women with a more radical vision of their rights.

Meisel,2018-02-06 The flow and counter flow of revolution and counterrevolution have become the norm of the twentieth century In this fascinating and well rounded volume the author illuminates the revolutionary process as it has developed from antiquity to the present day from the vantage points of political science history and sociology Meisel s work is presented in the form of twelve absorbing episodes in the history of Western civilization His remarkable for the detail with which he approaches a subject often difficult to define and even more difficult to explain He suggests a new and highly useful perspective of history by viewing it as a process of revolution and counterrevolution and their transitional stages As it is the nature of revolutions to fall short of their objectives and to enjoy only a brief heyday that becomes the stereotype accepted by posterity the author emphasizes their antithetical closing phases whose lessons posterity tends to forget Meisel s belief is that second echelon figures teach us more about the natural process of revolution than the atypical men of destiny and he illustrates his account with many portrayals of comparative unknowns who lived through all the stages of revolution and counterrevolution But revolutions can also be aborted or be preceded by counterrevolutions as Meisel demonstrates by enlightening analyses of Mussolini s coup d utat the origins of the Spanish Civil War and General de Gaulle s defeat of a potential army insurrection in behalf of French Algeria In this profound and wide ranging work Meisel achieves an admirable balance between theory action and biography The result is a unique survey of revolutionary history in which a sophisticated thinker provides on almost every page a deepening understanding of the problems of revolution for the scholar and student of political processes political theory and comparative politics The reader with a lively interest in the modus operandi of history will also find this book compelling reading *The Political Philosophies Since 1905 ...* Benoy Kumar Sarkar,1928
