Republican Legacy In International Thought

Knud Erik Jørgensen

Republican Legacy In International Thought:

The Republican Legacy in International Thought Nicholas Greenwood Onuf, 1998-01-08 Republicanism has enjoyed a revival of scholarly interest in several fields In this book Nicholas Onuf provides the first major treatment of the republican way of thinking about law politics and society in the context of international thought The author tells two stories about republicanism starting with Aristotle and culminating in the eighteenth century when international thought became a distinctive enterprise These two stories surround the thought of Vattel and Kant and by telling them side by side the author identifies a substantial but little acknowledged legacy of republicanism in contemporary discussions of sovereignty intervention international society peace levels of analysis and the global economy In identifying this legacy in contemporary thought Nicholas Onuf develops his constructivist approach to international theory

The Republican Legacy in International Thought Nicholas Greenwood Onuf, 1998-01-08 Republicanism has enjoyed a revival of interest in several fields In this book Nicholas Onuf provides the first major treatment of the republican way of thinking about law politics and society in the context of international thought The author s discussion of republicanism starts with Aristotle and culminates in the eighteenth century when international thought became a distinctive enterprise By analyzing the thought of Vattel and Kant he identifies a substantial legacy of republicanism in contemporary discussions of sovereignty intervention international society peace and the global economy

Legal Republicanism Samantha Besson, José Luis Martí, 2009-03-26 Interest in republicanism as a political theory has burgeoned in recent years but its implications for the understanding of law have remained largely unexplored *Legal Republicanism* is the first book to offer a comprehensive critical survey of the potential for creating republican accounts of fundamental issues in law and legal theory Bringing together contributors with backgrounds in political and legal philosophy the essays in the volume assess republicanism s historical traditions conceptual coherence and normative proposals The collection offers a valuable insight into new debates taking place in republican political and legal theory It also analyses potential republican approaches to concrete issues arising in areas of law such as criminal constitutional and international law Finally the book includes comparisons between republican legal traditions and how they react to contemporary challenges The book will be of value to political and democratic theorists to legal philosophers and constitutional theorists and all those interested in the legitimacy of decision making in national and international settings

Domination and Global Political Justice Barbara Buckinx, Jonathan Trejo-Mathys, Timothy Waligore, 2015-02-11 Domination consists in subjection to the will of others and manifests itself both as a personal relation and a structural phenomenon serving as the context for relations of power Domination has again become a central political concern through the revival of the republican tradition of political thought not to be confused with the US political party However normative debates about domination have mostly remained limited to the context of domestic politics Also the republican debate has not taken into account alternative ways of conceptualizing domination Critical theorists liberals

feminists critical race theorists and postcolonial writers have discussed domination in different ways focusing on such problems as imperialism racism and the subjection of indigenous peoples This volume extends debates about domination to the global level and considers how other streams in political theory and nearby disciplines enrich expand upon and critique the republican tradition s contributions to the debate This volume brings together for the first time mostly original pieces on domination and global political justice by some of this generation s most prominent scholars including Philip Pettit James Bohman Rainer Forst Amy Allen John McCormick Thomas McCarthy Charles Mills Duncan Ivison John Maynor Terry Macdonald Stefan Gosepath and Hauke Brunkhorst *Legitimacy and Power Politics* Mlada Bukovansky,2010-01-10 This book examines the causes and consequences of a major transformation in both domestic and international politics the shift from dynastically legitimated monarchical sovereignty to popularly legitimated national sovereignty It analyzes the impact of Enlightenment discourse on politics in eighteenth century Europe and the United States showing how that discourse facilitated new authority struggles in Old Regime Europe shaped the American and French Revolutions and influenced the relationships between the revolutionary regimes and the international system The interaction between traditional and democratic ideas of legitimacy transformed the international system by the early nineteenth century when people began to take for granted the desirability of equality individual rights and restraint of power Using an interpretive historically sensitive approach to international relations the author considers the complex interplay between elite discourses about political legitimacy and strategic power struggles within and among states She shows how culture power and interests interacted to produce a crucial yet poorly understood case of international change The book not only shows the limits of liberal and realist theories of international relations but also demonstrates how aspects of these theories can be integrated with insights derived from a constructivist perspective that takes culture and legitimacy seriously The author finds that cultural contests over the terms of political legitimacy constitute one of the central mechanisms by which the character of sovereignty is transformed in the international system a conclusion as true today as it was in the eighteenth century

Traditions of War Karma Nabulsi,2005-06-02 Traditions of War examines wars and military occupation and the ideas underlying them The search for these ideas is conducted in the domain of the laws of war a body of rules which sought to regulate the practices of war and those permitted to fight in it This work introduces three ideologies the martial Grotian and republican These traditions were rooted in incommensurable conceptions of the good life and the overall argument is that these differences lay at the heart of the failure fully to resolve the distinction between lawful and unlawful combatants at successive diplomatic conferences of Brussels in 1874 the Hague in 1899 and 1907 and Geneva in 1949 Based on a wide range of sources and a plurality of intellectual disciplines this book places these diplomatic failures in their broader social and political contexts By bringing out ideological continuities and drawing on the social history of army occupation in Europe and resistance to it this book both challenges and illuminates our understanding of modern war A History of International

Political Theory Hartmut Behr, 2009-12-18 Contemporary theory of international politics faces a twofold problem the critical engagement with legacies of national power politics in connection to 20th Century International Relations and the regeneration of notions of humanity This book contributes to this engagement by a genealogy of thoughts on war peace and ethics

The Liberal International Theory Tradition in Europe Knud Erik Jørgensen, 2021-01-04 This book examines how the liberal international theory tradition evolved in Europe It includes nine chapters focusing on both historical and contemporary branches of liberal IR theorizing The combined portrait of the prominent IR theory orientation shows a long and rich theoretical tradition but also a tradition that the scholarly community rarely fully recognize It is currently somewhat challenged and therefore in need of further advances Concerning the historical branches the authors present a truly European tradition that thus was not only present in a few countries The contributors introduce examples of liberal theorizing that IR scholars tend to dismiss and they trace the boundaries between the liberal and other theoretical traditions Given the prominence of the tradition the book is surprisingly among the first to present a transnational perspective on the development of the liberal international theory tradition in Europe

The Global Community Yearbook Of International Law and Jurisprudence 2016 Giuliana Ziccardi Capaldo, 2017-08-28 The Global Community Yearbook is a one stop resource for all researchers studying international law generally or international tribunals specifically The Yearbook has established itself as an authoritative source of reference on global legal issues and international jurisprudence It includes analysis of the most significant global trends in a way that allows readers to monitor the development of the global legal order from several perspectives The Global Community Yearbook publishes annually in a volume of carefully chosen primary source material and corresponding expert commentary The general editor Professor Giuliana Ziccardi Capaldo employs her vast expertise in international law to select excerpts from important court opinions and to choose experts from around the world to contribute essay guides which illuminate those cases Although the main focus is recent case law from the major international tribunals and regional courts the first four parts of each year s edition features expert articles by renowned scholars who address broader themes in current and future developments in international law and global policy themes that appear throughout the case law of the many courts covered by the series as a whole The Global Community Yearbook has thus become not just an indispensable window to recent jurisprudence the series now also serves to prepare researchers for the issues facing emerging global law The 2016 edition of The Global Community Yearbook both updates readers on the important work of long standing international tribunals and introduces readers to more novel topics in international law The Yearbook has established itself as an authoritative resource for research and guidance on the jurisprudence of U N based tribunals and regional courts The 2016 edition continues to provide expert coverage of the EU Court of Justice and diverse tribunals from the International Court of Justice ICJ to criminal tribunals such as the International Criminal Court ICC and the Tribunals for the Former Yugoslavia and Rwanda to economically based tribunals such as ICSID and the WTO Dispute

Resolution panel to human rights courts such as ECtHR and IACtHR This edition contains original research articles on the development and analysis of the concept of global law and the views of the global law theorists such as the Editorial focusing on a new remedy for the violation of the jus cogens principle concerning the imprescriptibility of torture This edition also includes expert introductory essays by prominent scholars in the realm of international law on topics as diverse and current as the role of the WTO s Appellate Body in interpreting the TRIPS Agreement and an examination of the EU Court of Justice data protection framework in light of the EU Charter of Fundamental Rights Researchers will find detailed guidance on a rich diversity of legal topics from an examination of the processes under which transnational criminal law norms have been adopted and the process under which these norms have been globally implemented to the impact post conviction DNA testing has had on the criminal justice system in the United States This edition also provides students scholars and practitioners a valuable combination of expert discussion and direct quotes from the court opinions to which that discussion relates This publication can also be purchased on a standing order basis

Nations, Markets, and War Nicholas Greenwood Onuf, Peter S. Onuf, 2006 The limits of history Liberal society Civilized nations Moral persons Nation making Adam Smith moral historian National destinies War and peace in the New World The North and the nation The South and the nation

International Theory at the Margins Nicholas Greenwood Onuf, 2024-03-12 This book brings together thirteen essays from the celebrated international theorist Nicholas Greenwood Onuf They address topics that Onuf has puzzled over for decades prompting him to develop a distinctive perspective on international theory as social theory Among these topics are the problem of materiality in social construction epochal change in the modern world and the power of language Building on the work of giants from Aristotle and Cicero Hume and Kant to Derrida and Foucault and drawing on diverse contemporary theorists including Seyla Benhabib James Der Derian Johan Galtung Morton Kaplan Joseph Nye James Rosenau Elaine Scarry and Kenneth Waltz the book ranges over the margins of the field and settles on issues that have never been put to rest

Reader's Guide to the Social Sciences Jonathan Michie, 2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense

International Legal Theory Nicholas Onuf, 2009-05-07 Nicholas Onuf s International Legal Theory Essays and Engagements 1966 2007 is a collection of the author s articles and book reviews from the period including some previously unpublished material The book records the author s efforts to address important problems in international legal theory and to engage other scholars who were also addressing these problems As well as demonstrating Onuf s own constructivist contribution to the theoretical dimension of international law and international relations each piece is preceded by a short introduction which highlights the wider themes and developments which have occurred in the field of international law in the

last forty years **Just War and International Order** Nicholas J. Rengger, 2013-04-04 Argues the just war tradition rather than being a restraint on war has expanded its scope and criticises this trend **Identity and Global Politics** P. Goff, 2004-03-17 This collected volume draws together essays written by International Relations scholars from a variety of regional methodological and theoretical perspectives to confront the challenges of identity centered analysis In particular the contributors seek to elucidate the general meaning and methodological implications of the commonly state yet largely unexamined assertion that identities are relational fluid constructed and multiple Justice, Order and Anarchy Alex Prichard, 2013-05-02 This book provides a contextual account of the first anarchist theory of war and peace and sheds new light on our contemporary understandings of anarchy in International Relations Although anarchy is arguably the core concept of the discipline of international relations scholarship has largely ignored the insights of the first anarchist Pierre Joseph Proudhon Proudhon s anarchism was a critique of the projects of national unification universal dominion republican statism and the providentialism at the heart of enlightenment social theory While his break with the key tropes of modernity pushed him to the margins of political theory Prichard links Proudhon back into the republican tradition of political thought from which his ideas emerged and shows how his defence of anarchy was a critique of the totalising modernist projects of his contemporaries Given that we are today moving beyond the very statist processes Proudhon objected to his writings present an original take on how to institutionalise justice and order in our radically pluralised anarchic international order Rethinking the concept and understanding of anarchy Justice Order and Anarchy will be of interest to students and scholars of political philosophy anarchism and international relations theory **Empire Within** Alexander Barder, 2015-03-24 This book explores the reverberating impacts between historical and contemporary imperial laboratories and their metropolises through three case studies concerning violence surveillance and political economy The invasions of Afghanistan in 2001 and Iraq in 2003 forced the United States to experiment and innovate in considerable ways Faced with growing insurgencies that called into question its entire mission the occupation authorities engaged in a series of tactical and technological innovations that changed the way it combated insurgents and managed local populations The book presents new material to develop the argument that imperial and colonial contexts function as a laboratory in which techniques of violence population control and economic principles are developed which are subsequently introduced into the domestic society of the imperial state The text challenges the widely taken for granted notion that the diffusion of norms and techniques is a one way street from the imperial metropole to the dependent or weak periphery This work will be of great interest to scholars of international relations critical security studies and international relations theory **The Arctic Großraum** Christopher R. Rossi, 2025-09-04 How should the Arctic be viewed in the 21st century In this book a leading commentator assesses the competing players for the Arctic looking at broad questions of governance and security The author challenges the view that the Arctic is a passive space which is the focus of competitive advances from superpowers arguing that it is more correctly

understood as a dynamic pluriverse Drawing on international law international relations and diplomacy this is an important re assessment of the Arctic and its position in geo politics *Theorizing European Integration* Dimitris N. Chrysochoou,2008-10-02 Fully revised and updated throughout *Theorizing European Integration* 2nd edition provides a comprehensive introduction to the theoretical study of European integration Combining perspectives from international relations comparative politics and social and political theory Dimitris N Chrysochoou offers a complete overview of the many competing approaches that have sought to capture and explain the evolving political nature of the European Union EU and its qualitative transition from a union of states to a polity in its own right Contemporary issues themes and theories addressed include the different uses and current state of EU theorizing statecentric accounts of integration and their critics new normative challenges to the study of the EU the political dynamics of European treaty reform new forms of democracy citizenship and governance the limits and possibilities of EU constitutionalism interdisciplinary understandings of EU polityhood the introduction of a theory of organized synarchy the transformations of state sovereignty in late modern Europe

Democracy in Moderation Paul Carrese,2016-04-15 A rediscovery of Montesquieu s legacy in shaping America s complex political order including influence on Washington s practical moderation

Republican Legacy In International Thought Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Republican Legacy In International Thought free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Republican Legacy In International Thought free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Republican Legacy In International Thought free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Republican Legacy In International Thought. In conclusion, the internet offers numerous platforms and websites that allow

users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Republican Legacy In International Thought any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Republican Legacy In International Thought Books

1. Where can I buy Republican Legacy In International Thought books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
