## **Republicans Imperialists Anglo Irish Relations In The 1930s:**

*Republicans and Imperialists* Deirdre McMahon, 1984-01-01      **Constitutionalism in Ireland, 1932-1938** Donal K. Coffey, 2018-05-17 The first of two volumes this book examines constitutionalism in Ireland in the 1930s Donal K Coffey places the document and its drafters in the context of a turbulent decade for the United Kingdom the Commonwealth and Europe He considers a series of key issues leading up to its drafting including the failure of the 1922 Constitution the rise of nationalism in the 1920s and 1930s and the abdication of Edward VIII He sketches the drafting process examines the roles of individual drafters and their intellectual influences and considers the Constitution's public reception both domestically and internationally This book illuminates a critical moment in Irish history and the confluence of national Commonwealth and international influences that gave rise to it for scholars of Irish history as well as of legal constitutional and Commonwealth history more broadly      *Ireland and the Irish in Interwar England* Mo Moulton, 2014-04-03 To what extent did the Irish disappear from English politics life and consciousness following the Anglo Irish War Mo Moulton offers a new perspective on this question through an analysis of the process by which Ireland and the Irish were redefined in English culture as a feature of personal life and civil society rather than a political threat Considering the Irish as the first postcolonial minority she argues that the Irish case demonstrates an English solution to the larger problem of the collapse of multi ethnic empires in the twentieth century Drawing on an array of new archival evidence Moulton discusses the many varieties of Irishness present in England during the 1920s and 1930s including working class republicans relocated southern loyalists and Irish enthusiasts The Irish connection was sometimes repressed but it was never truly forgotten this book recovers it in settings as diverse as literary societies sabotage campaigns drinking clubs and demonstrations      *Empire, Politics and the Creation of the 1935 India Act* Andrew Muldoon, 2016-05-06 The 1935 Government of India Act was arguably the most significant turning point in the history of the British administration in India The intent of the Act a proposal for an Indian federation was the continuation of British control of India and the deflection of the challenge to the Raj posed by Gandhi Nehru and the nationalist movement This book seeks to understand why British administrators and politicians believed that such a strategy would work and what exactly underpinned their reasons It is argued that British efforts to defuse and disrupt the activities of Indian nationalists in the interwar years were predicated on certain cultural beliefs about Indian political behaviour and capacity However this was not simply a case of Orientalist policy making Faced with a complicated political situation a staggering amount of information and a constant need to produce analysis the officers of the Raj imposed their own cultural expectations upon events and evidence to render them comprehensible Indians themselves played an often overlooked role in the formulation of this political intelligence especially the relatively few Indians who maintained close ties to the colonial government such as T B Saprú and M R Jayakar These men were not just mediators as they have frequently been portrayed but were in fact important tacticians whose activities further demonstrated the weaknesses of the colonial information

economy The author employs recently released archival material including the Indian Political Intelligence records to situate the 1935 Act in its multiple and overlapping contexts internal British culture and politics the imperial information order in India and the politics of Indian nationalism This rich and nuanced study is essential reading for scholars working on British Indian and imperial history

**The Transformation Of Ireland 1900-2000** Diarmaid Ferriter, 2010-07-09 A groundbreaking history of the twentieth century in Ireland written on the most ambitious scale by a brilliant young historian It is significant that it begins in 1900 and ends in 2000 most accounts have begun in 1912 or 1922 and largely ignored the end of the century Politics and political parties are examined in detail but high politics does not dominate the book which rather sets out to answer the question What was it like to grow up and live in 20th century Ireland It deals with the North in a comprehensive way focusing on the social and cultural aspects not just the obvious political and religious divisions

**The MacKenzie Moment and Imperial History** Stephanie Barczewski, Martin Farr, 2019-11-11 This book celebrates the career of the eminent historian of the British Empire John M MacKenzie who pioneered the examination of the impact of the Empire on metropolitan culture It is structured around three areas the cultural impact of empire Four Nations history and global and transnational perspectives These essays demonstrate MacKenzie's influence but also interrogate his legacy for the study of imperial history not only for Britain and the nations of Britain but also in comparative and transnational context Written by seventeen historians from around the world its subjects range from Jumbomania in Victorian Britain to popular imperial fiction the East India Company the ironic imperial revivalism of the 1960s Scotland and Ireland and the empire to transnational Chartism and Belgian colonialism The essays are framed by three evaluations of what will be known as the MacKenzie moment in the study of imperialism

**Remembering 1916** Richard S. Grayson, Fearghal McGarry, 2016-03-02 The year 1916 witnessed two events that would profoundly shape both politics and commemoration in Ireland over the course of the following century Although the Easter Rising and the Battle of the Somme were important historical events in their own right their significance also lay in how they came to be understood as iconic moments in the emergence of Northern Ireland and the Irish Republic Adopting an interdisciplinary approach drawing on history politics anthropology and cultural studies this volume explores how the memory of these two foundational events has been constructed mythologised and revised over the course of the past century The aim is not merely to understand how the Rising and the Somme came to exert a central place in how the past is viewed in Ireland but to explore wider questions about the relationship between history commemoration and memory Dividing Ireland Thomas Hennessey, 2005-06-20 This text aims to provide an assessment of the First World War in Ireland and its consequences arguing that this is the key to understanding the complexities of the Irish nation today The author explores how the War transformed the nature of the Irish and Ulster *The civil service and the revolution in Ireland 1912-1938* Martin Maguire, 2013-07-19 This book is a history of the Irish civil service and its response to revolutionary changes in the State It examines the response of the civil service to the threat of partition World War the emergence of the revolutionary forces of D il ireann and the IRA through to the Civil War and the Irish Free State Questioning the orthodox interpretation of evolution rather than revolution in the administration of the State it throws new light on civil service organization in British ruled Ireland the process whereby Northern Ireland came into existence the D il ireann administration in the War of Independence and civil service attitudes to the new Irish Free State Based on a wide range of new sources the book is of interest to undergraduate and postgraduate students of Irish Imperial and Commonwealth history and of post colonial governance and political studies as well as a reader with an interest in the role of the State in the process of decolonisation in the 20th century **Comparative Constitution Making** David Landau, Hanna Lerner, 2019 Recent years have witnessed an explosion of new research on constitution making Comparative Constitution Making provides an up to date overview of this rapidly expanding field p p1 margin 0 0px 0 0px 0 0px font 10 0px Arial **The Harp and the Shield of David** Shulamit Eliash, 2007-04-05 Shedding light on Irish and Israeli foreign policy Eliash examines the relationship between Ireland and the Zionist Movement and the state of Israel from the context of Palestine s partition and the delay in Ireland s recognition of the State of Israel until 1963 **Transactions of the Royal Historical Society: Volume 8** Royal Historical Society, 1999-02-04 Volume 8 of The Royal Historical Society Transactions contains essays based around the theme identities and empires The Oxford History of the British Empire: Volume V: Historiography Robin Winks, 2001-07-26 The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records From the founding of colonies in North America and the West Indies in the seventeenth century to the reversion of Hong Kong to China at the end of the twentieth British imperialism was a catalyst for far reaching change

The Oxford History of the British Empire as a comprehensive study helps us to understand the end of Empire in relation to its beginning the meaning of British imperialism for the ruled as well as for the rulers and the significance of the British Empire as a theme in world history This fifth and final volume shows how opinions have changed dramatically over the generations about the nature role and value of imperialism generally and the British Empire more specifically The distinguished team of contributors discuss the many and diverse elements which have influenced writings on the Empire the pressure of current events access to primary sources the creation of relevant university chairs the rise of nationalism in former colonies decolonization and the Cold War They demonstrate how the study of empire has evolved from a narrow focus on constitutional issues to a wide ranging enquiry about international relations the uses of power and impacts and counterimpacts between settler groups and native peoples The result is a thought provoking cultural and intellectual inquiry into how we understand the past and whether this understanding might affect the way we behave in the future **The**

**Enigma of Arthur Griffith** Colum Kenny, 2020-01-14 Almost a century after his untimely death in 1922 this lively and insightful new assessment explores the man Michael Collins described as father of us all and reclaims Arthur Griffith as the founder of both Sinn Féin and the Irish Free State Since his death when President of Dáil Éireann Griffith's role has often been misrepresented Too radical for some he was not militant enough for others His legacy belongs to no single political party today Colum Kenny argues that efforts to other Griffith as an Irish raise uncomfortable questions about Irish identity A dedicated activist and intellectual as well as a skilled editor and balladeer Griffith knew what it meant to be poor He encouraged women to get involved in the struggle for Irish independence and unusually for his time distinguished between Oscar Wilde's private life and his work Griffith's complex relationships with Maud Gonne W B Yeats and James Joyce are revealed here in significant new ways The Enigma of Arthur Griffith brings the father of us all into focus for a new generation

**Ireland and India** M. Silvestri, 2009-10-22 Through a consideration of historical memory commemoration and the imagined communities of nationalism Ireland and India examines three aspects of Ireland's imperial history relationships between Irish and Indian nationalists the construction of Irishmen as imperial heroes and the commemoration of an Irish regiment's mutiny in India *A Short History of Ireland* John Ranelagh, 2012-10-11 This third edition of John O Beirne Ranelagh's classic history of Ireland incorporates contemporary political and economic events as well as the latest archaeological and DNA discoveries Comprehensively revised and updated throughout it considers Irish history from the earliest times through the Celts Cromwell plantations famine Independence the Omagh bomb peace initiatives and financial collapse It profiles the key players in Irish history from Diarmuid MacMurrough to Gerry Adams and casts new light on the events North and South that have shaped Ireland today Ireland's place in the modern world and its relationship with Britain the USA and Europe is also examined with a fresh and original eye Worldwide interest in Ireland continues to increase but whereas it once focused on violence in Northern Ireland the tumultuous financial events in the South have opened fresh

debates and drawn fresh interest This is a new history for a new era      W. B. Yeats: A Life II R. F. Foster, 2005-03-17 The acclaimed first volume of this definitive biography of W B Yeats left him in his fiftieth year at a crossroads in his life The subsequent quarter century surveyed in *The Arch Poet* takes in his rediscovery of advanced nationalism and his struggle for an independent Irish culture his continued pursuit of supernatural truths through occult experimentation his extraordinary marriage and a series of tumultuous love affairs Throughout he was writing his greatest poems *The Fisherman* and *The Wild Swans at Coole* in their stark simplicity the magnificently complex sequences on the Troubles and Civil War the Byzantium poems and the radically compressed last work some of it literally written on his deathbed The drama of his life is mapped against the history of the Irish revolution and the new Irish state founded in 1922 Yeats's many political roles and his controversial involvement in a right wing movement during the early 1930s are covered more closely than ever before and his complex and passionate relationship with the developing history of his country remains a central theme Throughout this book the genesis alteration and presentation of his work memoirs and polemic as well as poetry is explored through his private and public life The enormous and varied circle of Yeats's friends lovers family collaborators and antagonists inhabit and enrich a personal world of astounding energy artistic commitment and verve Yeats constantly re created himself and his work believing that art was not the chief end of life but an accident in one's search for reality a search which brought him again and again back to his governing preoccupations sex and death He also held that all knowledge is biography a belief reflected in this study of one of the greatest lives of modern times      *An Economic History of Ireland Since Independence* Andy Bielenberg, Raymond Ryan, 2013-05-20 This book provides a cogent summary of the economic history of the Irish Free State Republic of Ireland It takes the Irish story from the 1920s right through to the present providing an excellent case study of one of many European states which obtained independence during and after the First World War The book covers the transition to protectionism and import substitution between the 1930s and the 1950s and the second major transition to trade liberalisation from the 1960s In a wider European context the Irish experience since EEC entry in 1973 was the most extreme European example of the achievement of industrialisation through foreign direct investment The eager adoption of successive governments in recent decades of a neo liberal economic model more particularly de regulation in banking and construction has recently led the Republic of Ireland to the most extreme economic crash of any western society since the Great Depression      De Valera and Roosevelt Bernadette Whelan, 2020-12-10 How did Irish and American diplomacy operate in Washington DC and Dublin during the 1930s era of economic depression rising fascism and Nazism How did the Anglo American relationship affect American Irish diplomatic relations Why and how did amon de Valera and Franklin D Roosevelt move their countries towards neutrality in 1939 This first comprehensive history of American and Irish diplomacy during the 1930s focuses on formal and informal diplomacy examining all aspects of diplomatic life to explain the relationship between the two administrations from 1932 to 1939 Bernadette Whelan reveals how diplomats worked on behalf of their

governments to implement Franklin D Roosevelt and amon de Valera s foreign policies particularly when amon de Valera believed in the existence of a special transatlantic relationship but Franklin D Roosevelt increasingly favoured a strong relationship with Britain Drawing on a wide range of under used sources this is a major new contribution to the history of American and Irish diplomacy and revises our understanding of the importance of Ireland to a US administration
