**Republic of China Yearbook** ,1990      The Republic of China yearbook. 1990/91 (1990) Minguo Zhongguo,1990  
People's Republic of China Yearbook 1990-91 ,1990      *Republic of China Yearbook 1990-91* ,1991-01-01      *The Statesman's Year-Book 1990-91* J. Paxton,2016-12-20 The classic reference work that provides annually updated information on the countries of the world      Diplomacy in Taiwan Booker C.K. Liaw,2022-01-25 This book determines what roles business people in Taiwan have actually played in the development of economic diplomacy for Taiwan It shows that they did nothing to prevent the crisis of 1995 1996 and that it was only when the US intervened that the crisis subsided The book looks at the impact of the international system on the economic diplomacy of Taiwan and represents a major contribution to the field of international relations by explicating a three level analysis of the external relations of Taiwan Using a bottom up approach it explains the activities of business people in Taiwan and clarifies their influence beyond Taiwan The book argues that such activities have significant economic impacts and that their influence cannot be ignored      *Contemporary China and the Changing International Community* Bih-jaw Lin,James T. Myers,1994      Orthodox Chinese Buddhism Chan Master Sheng Yen,2007-08-07 As a well known scholar and meditation master His Holiness the 14th Dalai Lama called him extremely modest a true spiritual practitioner of deep and broad learning Sheng Yen is uniquely qualified to guide Western seekers into the world of contemporary Chinese Buddhism Written while the author was secluded in solitary retreat in southern Taiwan Orthodox Chinese Buddhism provides a wealth of theory and simple clear guidelines for practicing this increasingly popular form of spirituality One of the most influential Buddhist books in the Chinese language the book explores a wide range of subjects from distinguishing core teachings from outdated cultural norms to bridging the gap between Western and Chinese traditions In the process it addresses such questions as To what extent should Buddhism be Westernized to fit new cultural conditions and Does Westernization necessarily lead to a dumbing down of Buddhism In addition to the translation of the complete original text this edition includes new annotations appendixes and a glossary designed for the Western reader      **In the Shadow of China** Steve Yui-Sang Tsang,1993-01-01 Taiwan is still seen by many as an oriental military dictatorship tainted by the imposition of a Kuomintang party state which had lost the civil war in China to the Communists in 1949 And Taiwanese politics are often regarded as peripheral to the study of modern China Yet exciting political developments have taken place since the mid 1980s Taiwan has emerged from dictatorship to become in the early 1990s a state with an increasingly democratic orientation When in the late 1950s the Kuomintang under Chiang Kai shek settled down in Taiwan and accepted that it was unlikely to recover the Chinese mainland by force it turned to soft authoritarianism But in 1986 Chiang Ching kuo then President made the fateful decision to end the long standing ban on an effective opposition Taiwan still has some way to go but in the general election of December 1991 it passed the point of no return to become a democracy of a kind recognisable in the West thus challenging earlier assumptions that liberal democracy

and Chinese culture are incompatible It also raises the question whether the Kuomintang party state s experience over four decades in accommodating socio economic changes in Taiwan holds any lessons for the Communist party state across the Straits Taiwan s move to a prosperous stable and increasingly democratic system under ethnic Chinese rule must present a challenge to the leadership on the Mainland and serve as a model for many people there These important issues highlight the need for closer study of Taiwan which needless to say is an important subject of study in its own right This volume has been written to meet this need and at the same time to disperse out of date conceptions still prevailing It is an international collaborative effort by the world s leading specialists on various aspects of Taiwan s political development from Taiwan itself and several other countries
