Requiem For The Renaissance:

Peculiar Crossroads Farrell O'Gorman, 2008-01-01 In *Peculiar Crossroads* Farrell O'Gorman explains how the radical religiosity of both Flannery O'Connor's and Walker Percy's vision made them so valuable as southern fiction writers and social critics. Via their spiritual and philosophical concerns O'Gorman asserts these two unabashedly Catholic authors bequeathed a postmodern South of shopping malls and interstates imbued with as much meaning as Appomattox or Yoknapatawpha. O'Gorman builds his argument with biographical, historical, literary, and theological evidence, examining the writers' work through intriguing pairings such as O'Connor's *Wise Blood* with Percy's *The Moviegoer* and O'Connor's *A Good Man Is Hard to Find* with Percy's *Lancelot*. An impeccable exercise in literary history and criticism, *Peculiar Crossroads* renders a genuine understanding of the Catholic sensibility of both O'Connor and Percy and their influence among contemporary southern writers.

After Southern Modernism Matthew Guinn, 2011-06-14 The literature of the contemporary South might best be understood for its discontinuity with the literary past. At odds with traditions of the Southern Renaissance, southern literature of today sharply refutes the Nashville Agrarians and shares few of Faulkner's and Welty's concerns about place, community, and history. This sweeping study of the literary South's new direction focuses on nine well-established writers who, by breaking away from the firmly ensconced myths, have emerged as an iconoclastic generation. Harry Crews, Dorothy Allison, Bobbie Ann Mason, Larry Brown, Kaye Gibbons, Randall Kenan, Richard Ford, Cormac McCarthy, and Barry Hannah. Resisting the modernist methods of the past, they have established their own postmodern ground beyond the shadow of their predecessors. This shift in authorial perspective is a significant indicator of the future of southern writing. Crews's seminal role as a ground-breaking poor white author, Mason's and Crews's portrayals of rural life, and Allison's and Brown's frank portrayals of the lower class pose a challenge to traditional depictions of the South. The dissenting voices of Gibbons and Kenan, who focus on gender, race, and sexuality, create fiction that is at once identifiably southern and also distinctly subversive. Gibbons's iconoclastic stance toward patriarchy, like the outsider's critique of community found in Kenan's work, proffers a portrait of the South unprecedented in the region's literature. Ford, McCarthy, and Hannah each approach the South's traditional notions of history and community with new irreverence and treat familiar southern topics in a distinctly postmodern manner. Whether through Ford's generic consumer landscape, the haunted netherworld of McCarthy's southern novels, or Hannah's riotous burlesque of the Civil War, these authors assail the philosophical and cultural foundations from which the Southern Renaissance arose. Challenging the conventional conceptions of the southern canon, this is a provocative and innovative contribution to the region's literary study.

The New South, 1945-1980 Numan V. Bartley, 1995 First published in 1955 to wide acclaim, T. Harry Williams' *P.G.T. Beauregard* is universally regarded as the first authoritative portrait of the Confederacy's always dramatic, often perplexing general. Chicago Tribune Chivalric, arrogant, and of exotic Creole Louisiana origin, Beauregard participated in every phase of the Civil War from its

beginning to its end He rigidly adhered to principles of war derived from his studies of Jomini and Napoleon and yet many of his battle plans were rejected by his superiors who regarded him as excitable unreliable and contentious After the war Beauregard was almost the only prominent Confederate general who adapted successfully to the New South running railroads and later supervising the notorious Louisiana Lottery This paradox of a man who fought gallantly to defend the Old South and then helped industrialize it is the fascinating subject of Williams superb biography **Reinventing the South** Mark Royden Winchell, 2006 Surveys the revivification and reinvention of southern culture and literature and the influence of the Agrarians Fugitives New Critics and popular writers including John Gould Fletcher Robert Penn Warren Monroe K Spears Walter Sullivan William Faulkner Tennessee Williams William Humphrey and Cormac McCarthy Provided by publisher **Twentieth-Century Southern Literature** J. Selected Letters of Robert Penn Warren Robert Penn Warren, 2013-12-16 In the last decade of his life Robert Penn Warren remained a vibrant force in American literature producing new works of poetry and nonfiction while also dealing courageously with the gradual decline of his health and the diminishment of his poetic powers *Toward Sunset at a Great Height* 1980 1989 the sixth and final volume of the author's selected letters provides crucial documentation of this period containing Warren's correspondence with friends family fellow writers editors critics and the scholars studying his works Warren published several volumes of poetry including *Being Here* 1980 *Rumor Verified* 1981 and *Chief Joseph of the Nez Perce* 1983 and returned to nonfiction prose with *Jefferson Davis Gets His Citizenship Back* 1980 and the memoir *Portrait of a Father* 1988 His letters reveal that he tried to begin writing a novel but was unable to make substantial progress on it and that from 1985 on he became increasingly dissatisfied with his new poems Until his death at age eighty four however Warren maintained an active correspondence filled with news about his writings and travels accounts of the lives of his wife and children and a stoic attitude about his own physical decline as well as a solicitousness regarding the health of others such as his brother Thomas and sister Mary He communicated with rising young scholars and encouraged younger poets he admired *Toward Sunset at a Great Height* offers rich insights into the closing chapter of Robert Penn Warren's professional and personal life making it an essential resource for understanding the full scope of the author's contribution to American letters

Remaking Dixie Neil R. McMillen, 1997 Although the Civil War reconfigured Dixie in the half century since the end of World War II the American South has been massively changed again It is still an improbable mix of tradition and transition but the stereotype of a region with one party politics one crop agriculture white supremacy cultural insularity grinding poverty somnolent cotton towns and languorous rural landscapes has largely passed into history *Possum Trot and Tobacco Road* have been suburbanized and how have Walmarts As the region's boosters insist the nation's number one economic problem has joined the great booming sunbelt For good or for ill a new sense has been visited upon nearly every

southern place What elements caused such striking change to the face of Dixie In this volume nine widely known specialists in the history and literature of the American South search for the origins of this sweeping regional transformation in the period of the Second World War These original essays address a cluster of related problems of enduring fascination for all those who wish to understand the ever changing ever abiding South Offering new answers to important questions they address the Second World War as a major watershed in southern history Did it drive old Dixie down Did it set in motion forces that ultimately shaped a Newer South Did it further Americanize the South by eroding traditional patterns of thought and deed that once were fiercely defended by white southerners as our way of life Was the postwar South less different less peculiar and distinctive

The Postsouthern Sense of Place in Contemporary Fiction Martyn Bone, 2014-01-13 For generations southern novelists and critics have grappled with a concept that is widely seen as a trademark of their literature a strong attachment to geography or a sense of place In the 1930s the Agrarians accorded special meaning to rural life particularly the farm in their definitions of southern identity For them the South seemed an organic and rooted region in contrast to the North where real estate development and urban sprawl evoked a faceless raw capitalism By the end of the twentieth century however economic and social forces had converged to create a modernized South How have writers responded to this phenomenon Is there still a sense of place in the South or perhaps a distinctly postsouthern sense of place Martyn Bone innovatively draws upon postmodern thinking to consider the various perspectives that southern writers have brought to the concept of place and to look at its fate in a national and global context He begins with a revisionist assessment of the Agrarians who failed in their attempts to turn their proprietary ideal of the small farm into actual policy but whose broader rural aesthetic lived on in the work of neo Agrarian writers including William Faulkner and Eudora Welty By the 1950s adherence to this aesthetic was causing southern writers and critics to lose sight of the social reality of a changing South Bone turns to more recent works that do respond to the impact of capitalist spatial development on the South and on the nation generally including that self declared international city Atlanta Close readings of novels by Robert Penn Warren Walker Percy Richard Ford Anne Rivers Siddons Tom Wolfe and

Toni Cade Bambara illuminate evolving ideas about capital land labor and class while introducing southern literary studies into wider debates around social cultural and literary geography Bone concludes his remarkably rich book by considering works of Harry Crews and Barbara Kingsolver that suggest the southern sense of place may be not only post Agrarian or postsouthern but also transnational

The Art and Vision of Flannery O'Connor Robert H. Brinkmeyer, Jr.,1993-07-01 Flannery O Connor believed that fiction must try to achieve something on the order of what St Gregory wrote about Scripture every time it presents a fact it must also disclose a mystery O Connor s artistic vision was located squarely in her Catholic faith yet she realized that to view life only through the eyes of the Church was to ignore a large part of existence In her fiction therefore she explored a wider world employing voices that challenged conceptions of both self and faith ultimately enlarging and deepening both In *The Art and Vision of Flannery O'Connor* Robert Brinkmeyer presents an innovative study of O Connor s fiction by exploring the dialogic forces at work in her writing Drawing on the insights of literary theorist Mikhail Bakhtin Brinkmeyer offers an explanation for the great depth and power of O Connor s work paying particular attention to the ways her art and audience bear upon her regnant Catholic vision This pressure and resistance Brinkmeyer writes free O Connor s vision from the limits of its perspective opening it to growth and understanding After a thorough discussion of the ways in which O Connor s Catholic and southern heritage helped to form her artistic vision Brinkmeyer shows how dialogic encounters are at work in O Connor s interaction with her largely fundamentalist narrators the stories they tell and her readers He focuses on several of her stories as well as her two novels *Wise Blood* and *The Violent Bear It Away* As the first analysis of the dialogical dynamics of O Connor s art and vision this study offers an original approach to understanding O Connor But the significance of the book extends far beyond O Connor scholarship for Brinkmeyer presents a critical method that has value for exploring other writers particularly other modern Catholic writers
